TECHNICAL HIGH SCHOOL

THE 1972 PENDULUM

Claude V. Courter Technical High School

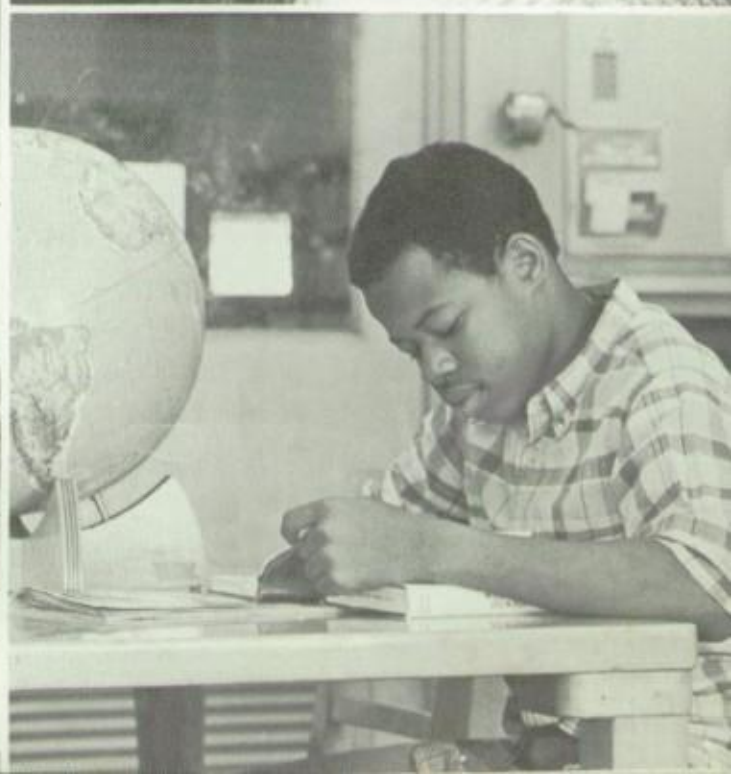
Cincinnati, Ohio

Volume Eighteen

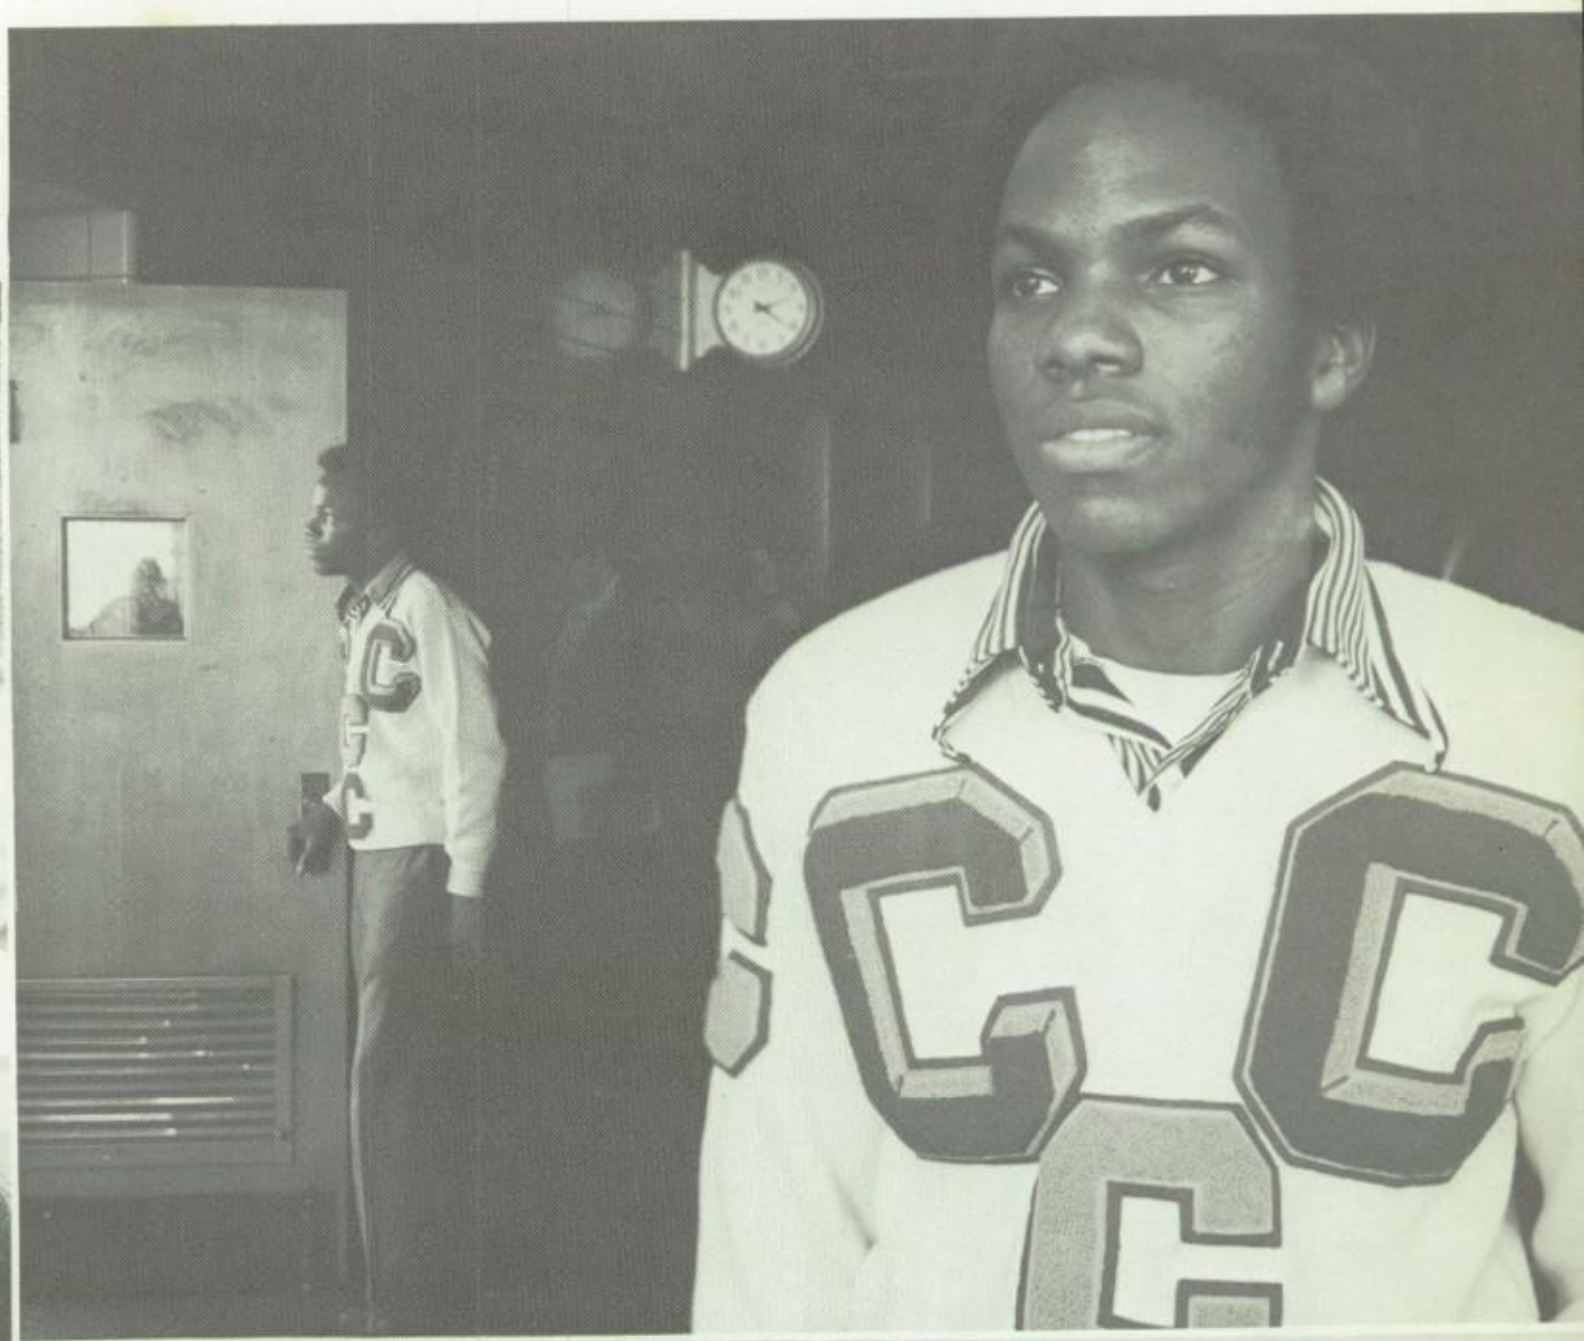
The essential ingredient of a high school is ultimately its students. The elements vary from year to year, but each leaves his own unique impression and contribution.

From an accumulation of these indelible marks evolves the character of a high school, giving Courter Tech a personality all its own. The year, because of the students, took on a personality also, a feeling that expressed itself in many ways. It is the school year **1971-72.**

This is my school . . .
This was our year . . .



I am a student at Courter Tech . . .

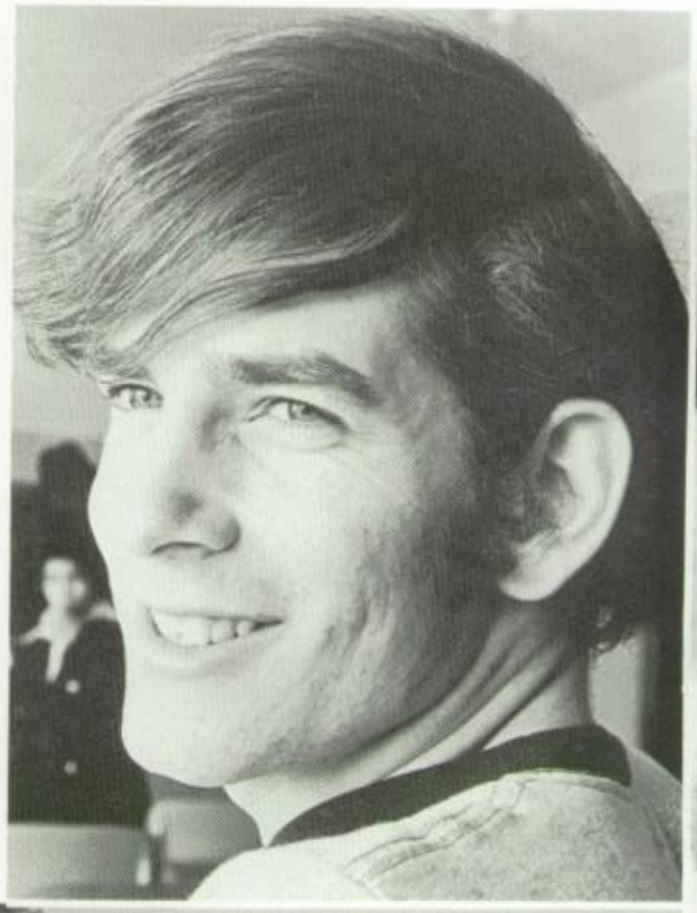


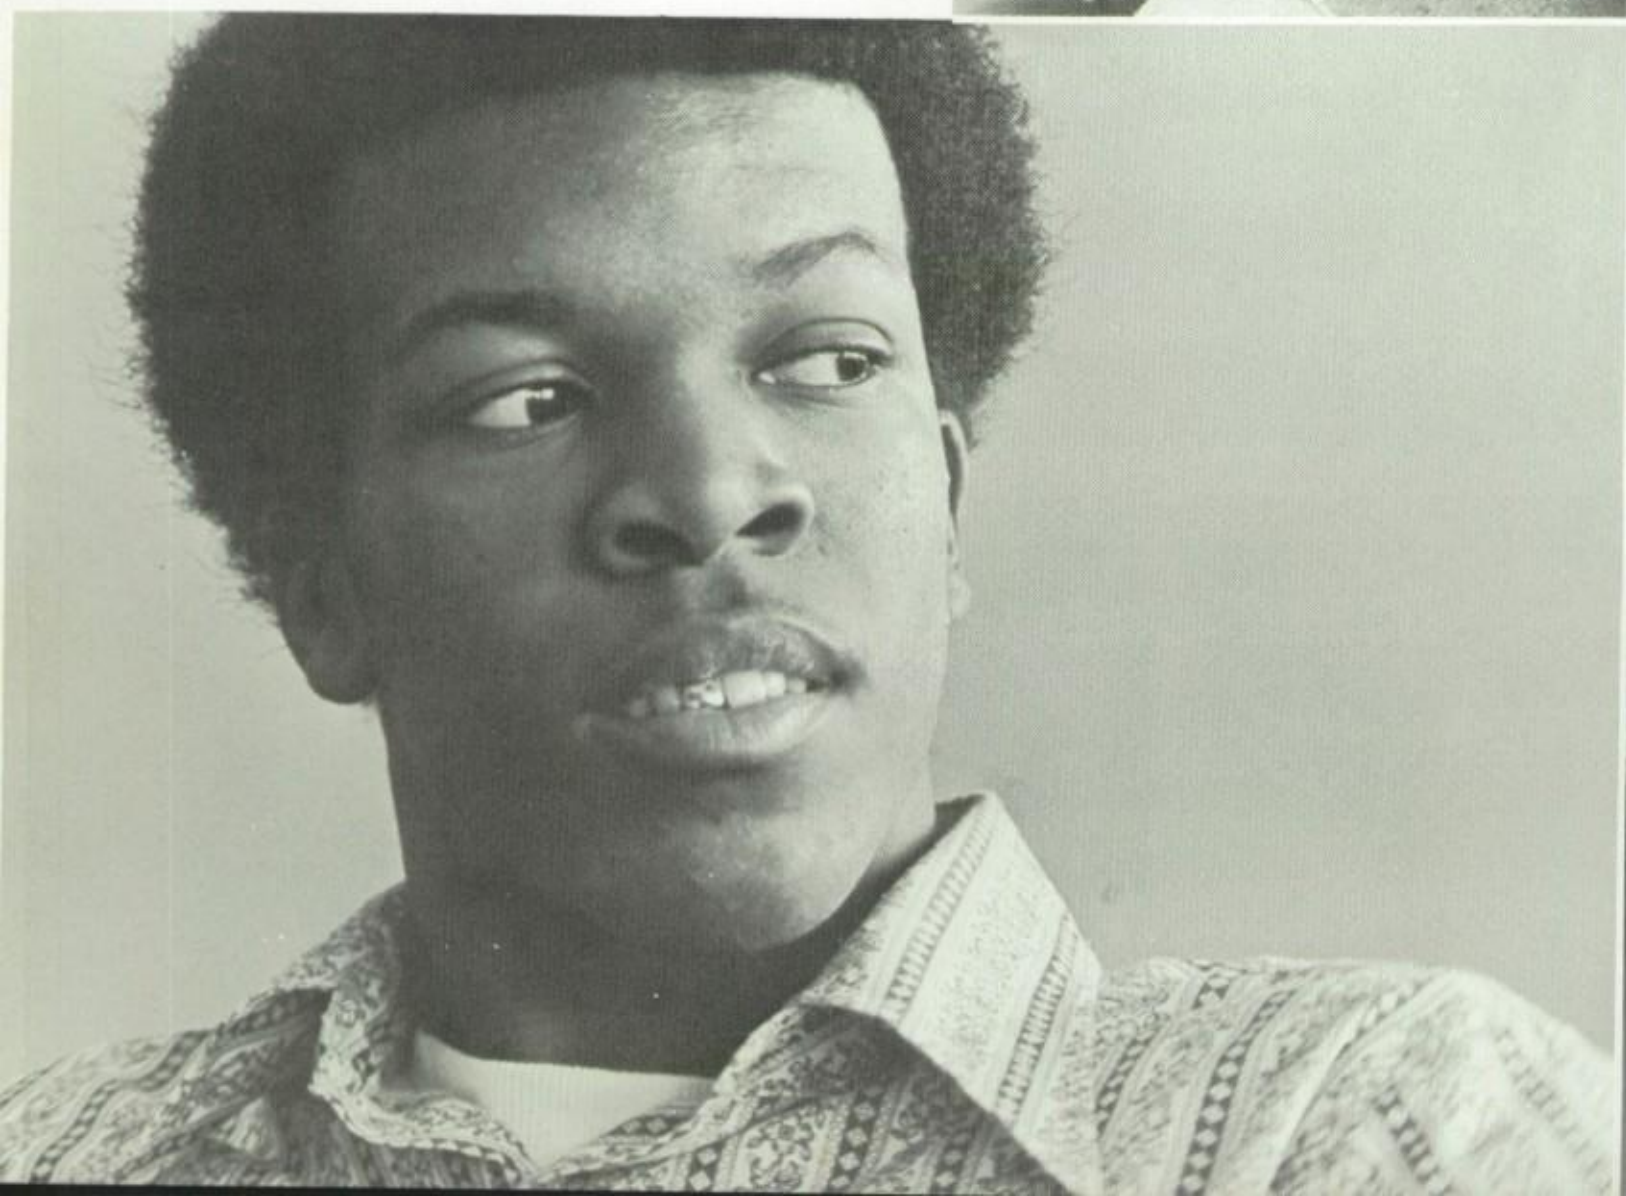
Living in a complex world I don't always understand, aware of my potential, developing my abilities; my activities reflect my life, each day is an individual experience.

Life is . . .

" . . . something very beautiful,
a chance to explore, gather knowledge,
express yourself and have fun."

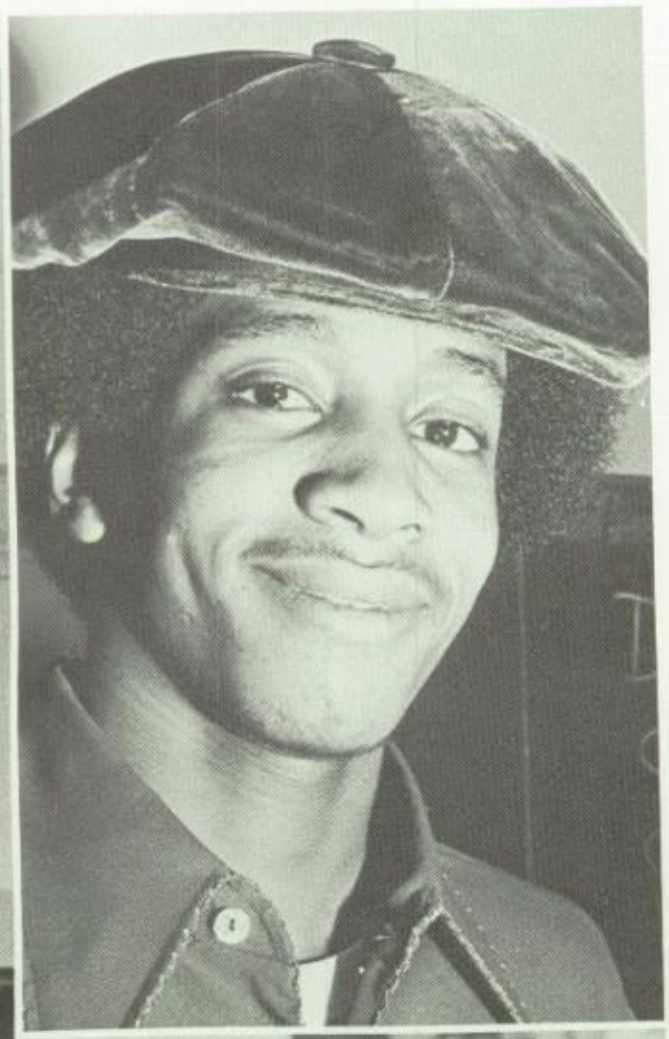
" . . . a lot of decisions."

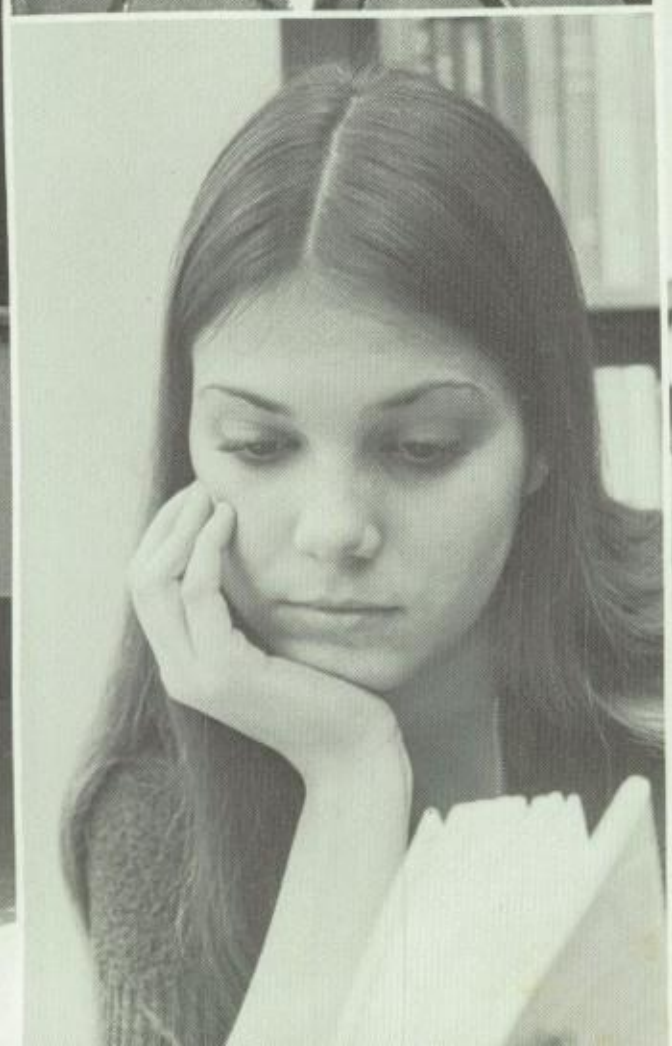




" . . . getting along with people, learning to cope with them."

"The individual is responsible for what happens in the future irregardless of what has happened in the past."





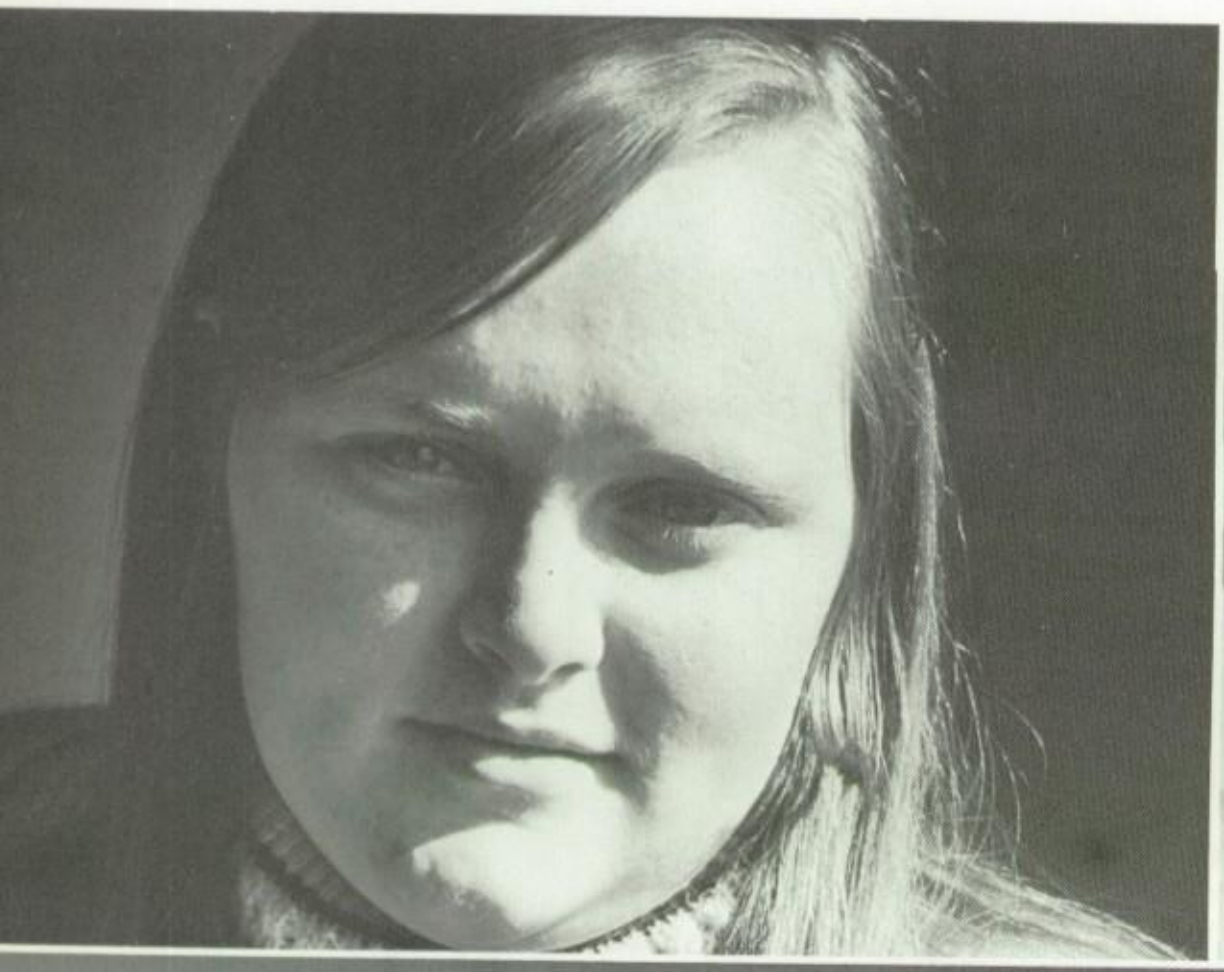
"Life is something to do . . . someone to love . . . something to hope for."

"It is really what you make of it that makes it what it is."

"Life is pretty fair; I'm making it so far."

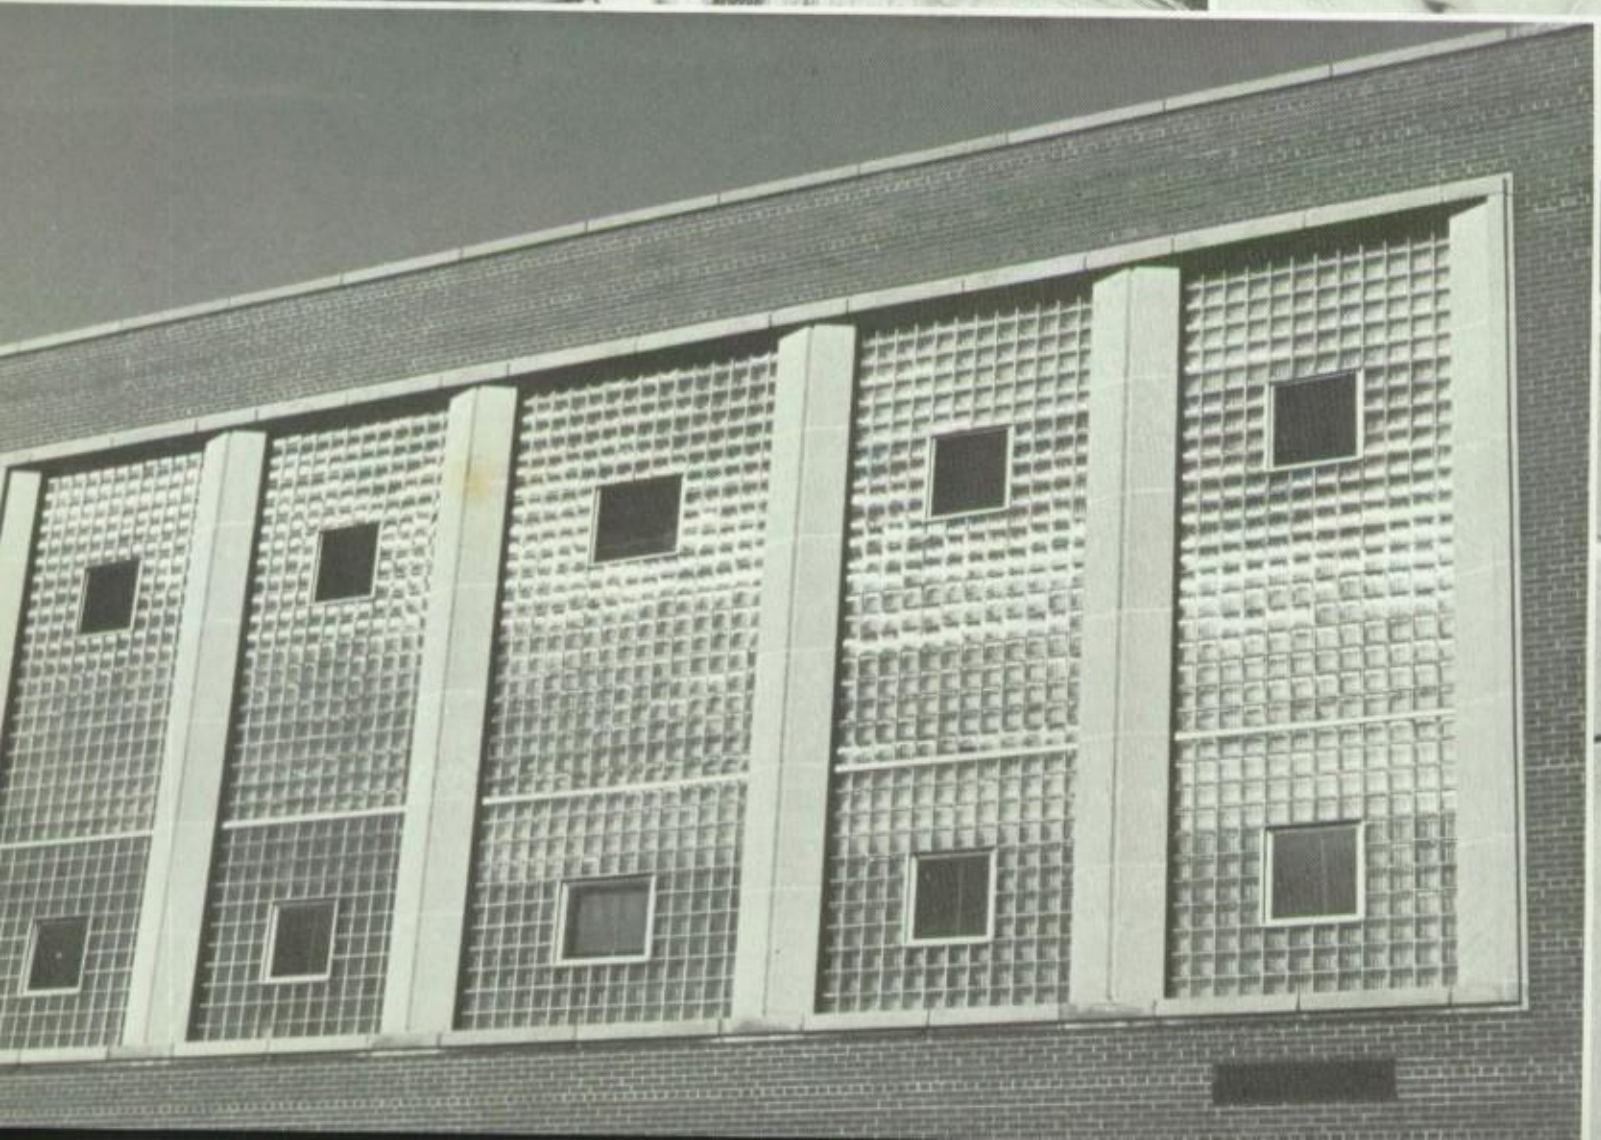
"I'm the kind of person who likes to see what I've accomplished. Whatever I do, I try to do whole heartedly."

"I sometimes find myself dragging as the wind stands still."



"I try to be hip but don't always succeed . . . my life has its ups and downs."

"Smile and the world will smile at you, everyone has troubles and triumphs, overcoming your troubles is life's challenge."



If I could change my life . . .

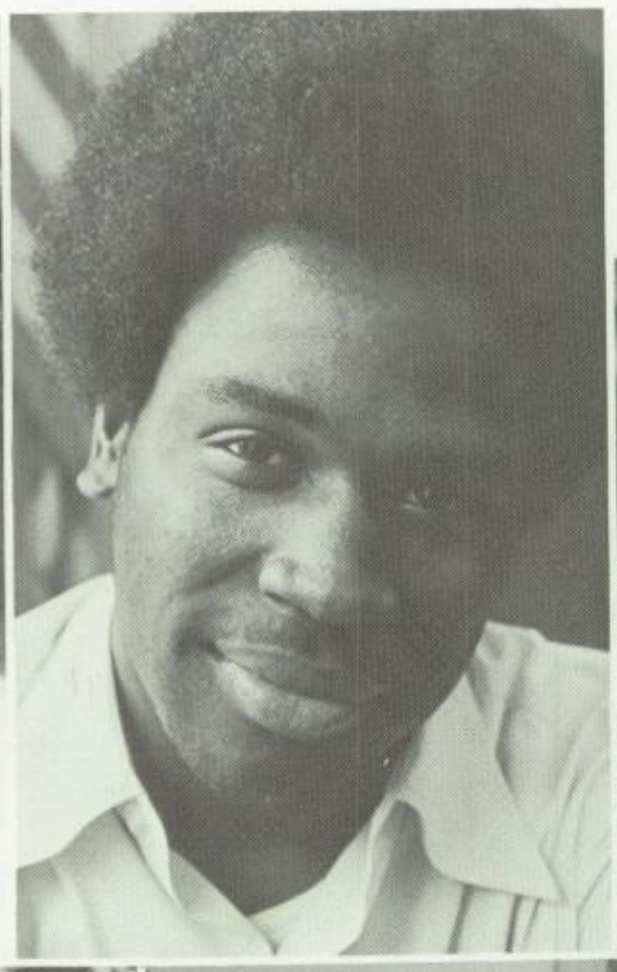
"I would study more and know the value of physical fitness; I'd develop more willpower."

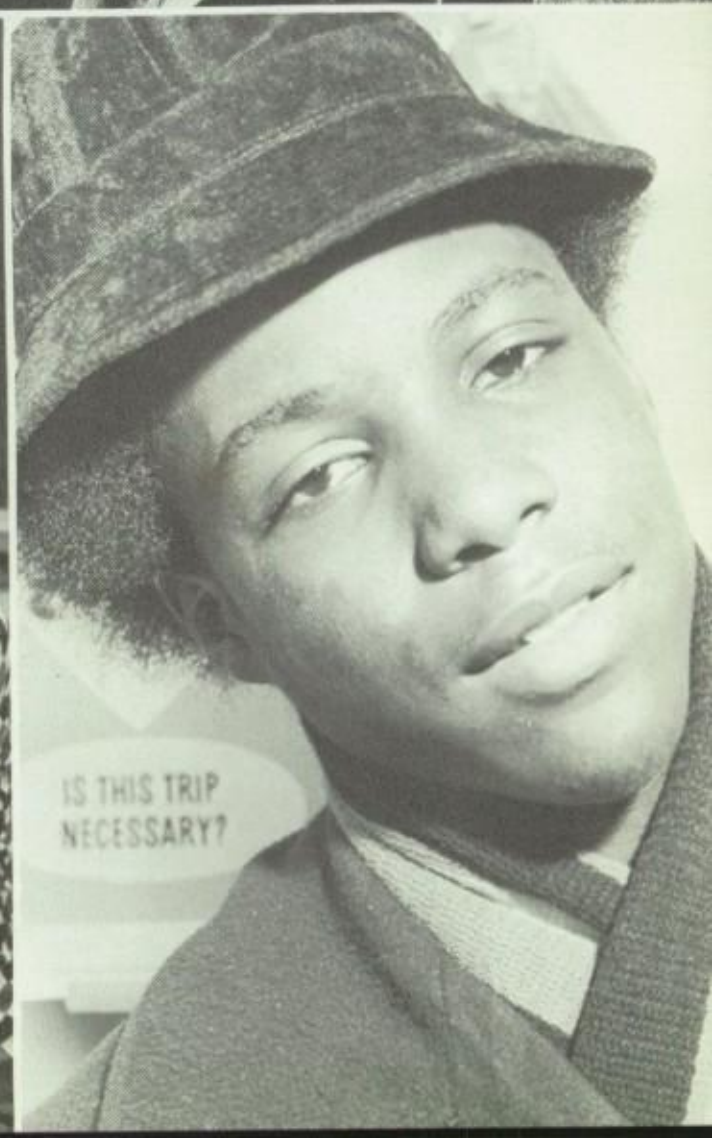
"I'd start all over again and try to make it better."

"I would change all the hardships my family had to go through to live."

" . . . become less sensitive, more at ease, more intelligent."

"I wouldn't change it,
I've had some bad times;
through them I learn,
I've had a good life so far."





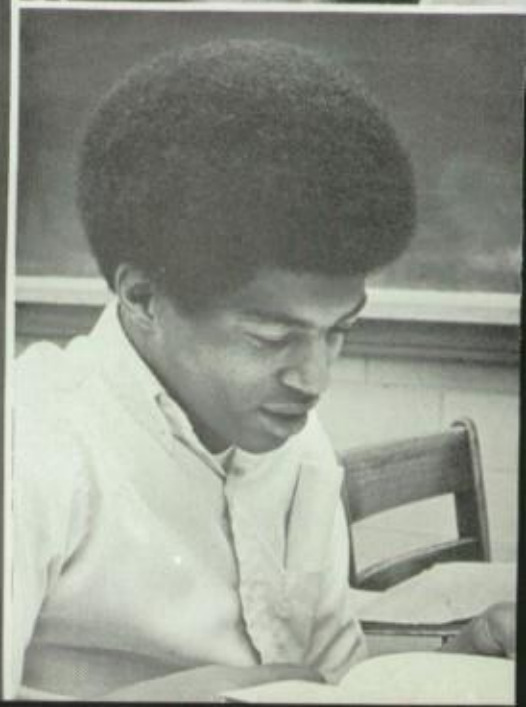
Learning about the past, evaluating the present, preparing for the future, learning to understand myself; I seek answers, I ask "Why?"

The world does effect me . . .

" . . . it brings the man out in me."

" . . . the world scares me."

"But you can make it a better place,"



"The problems of the world are essentially the problems of individuals. If individuals can change, then the world can change."

What's beautiful to me is . . .

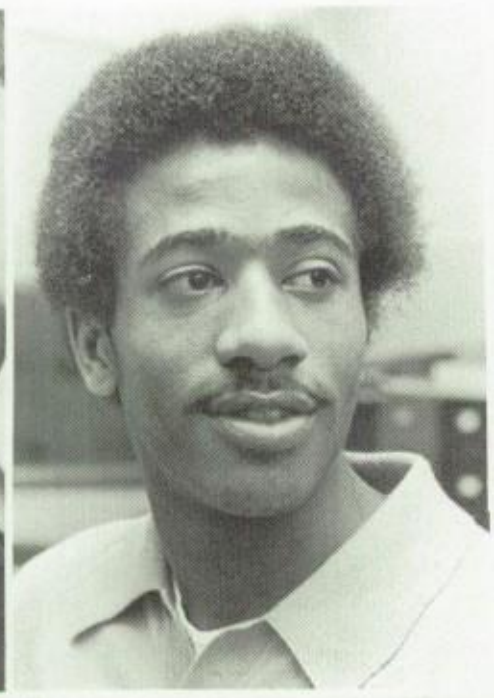
". . . the universe and every creature in it."

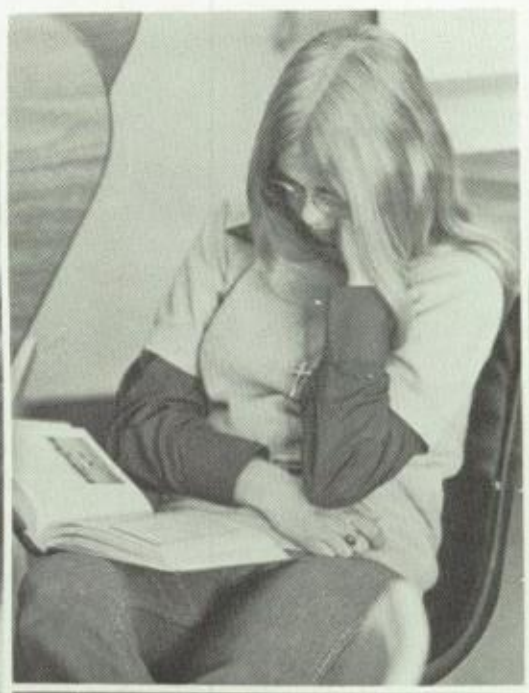
". . . learning something new, a new experience."

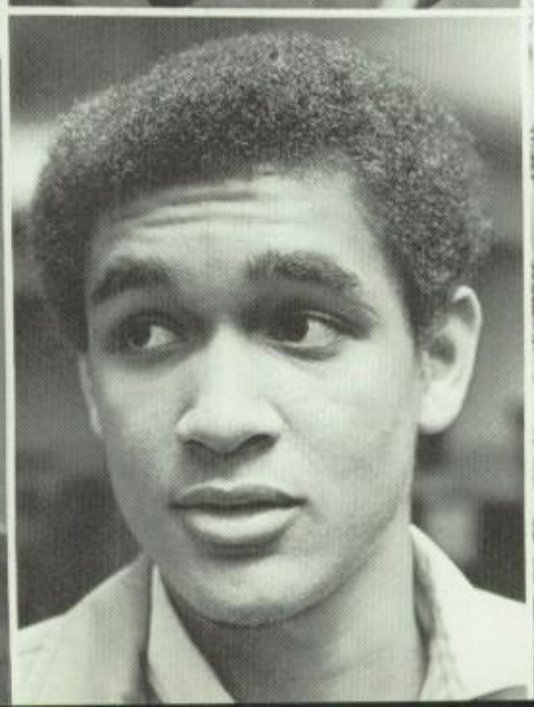
". . . me!!!"

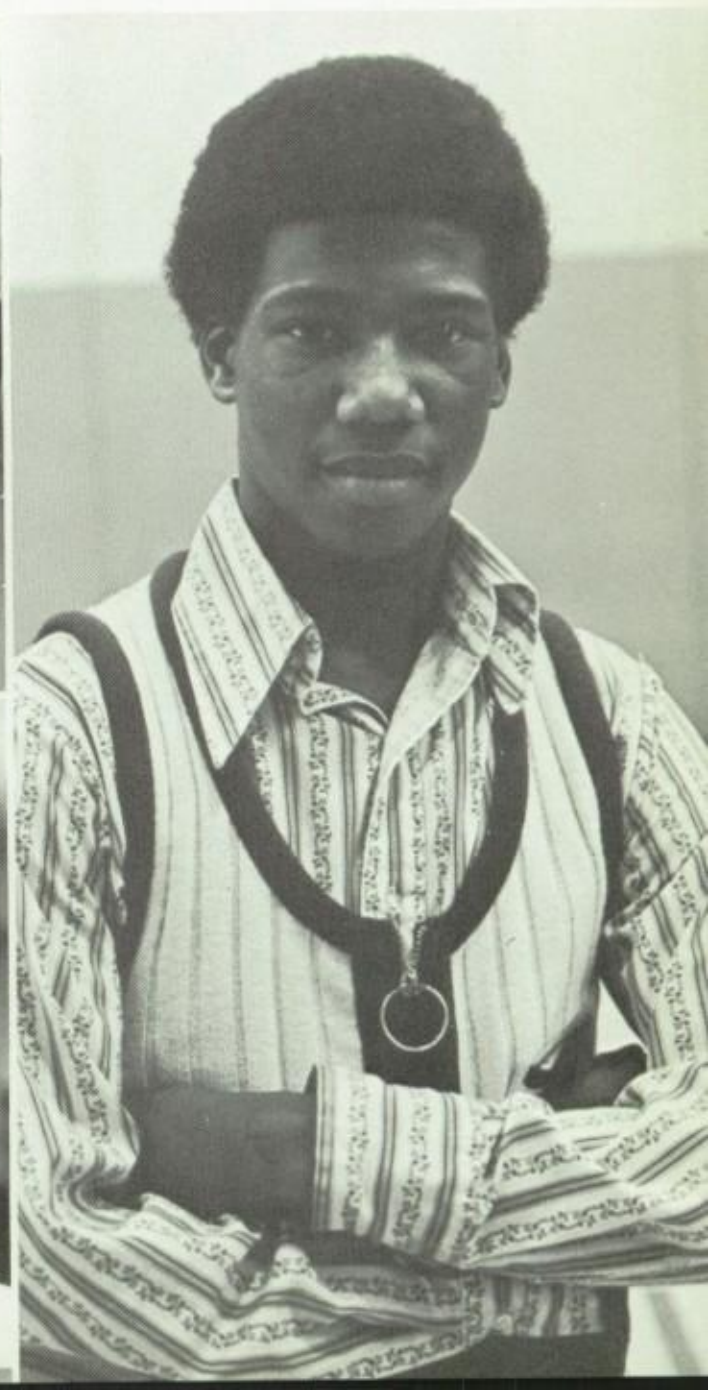
". . . giving of yourself, making your unique contribution, helping others."

"Beautiful is just being you!"







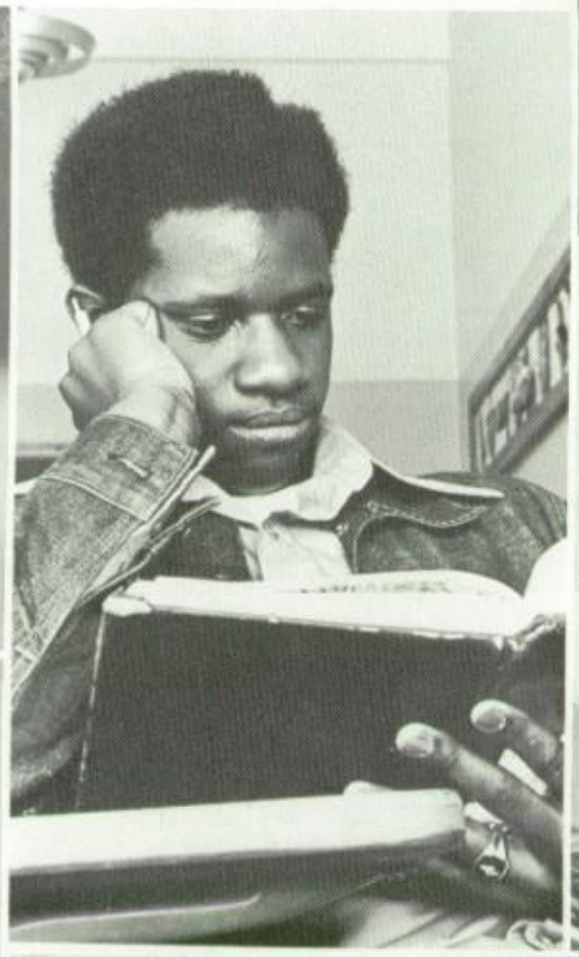


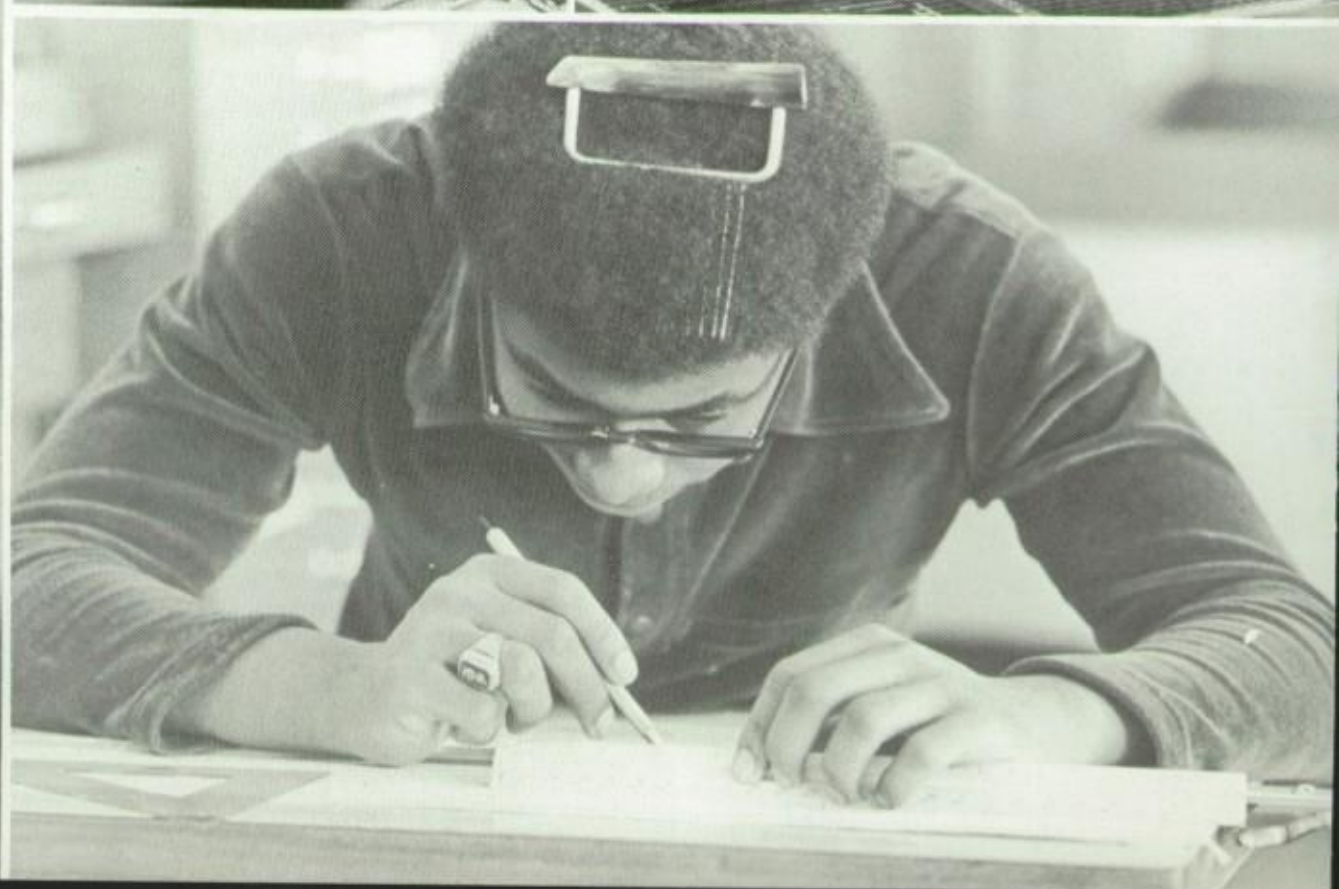
About learning . . .

"Knowledge for some is greater than for others because they have read more, looked more, thought more, experienced more and just lived more . . . if you will take the time and do a little extra, your life will be much fuller."

"I find 'myself' in those tasks to which I give most willingly."

" . . . our ability to think and learn makes us human, our unique thoughts and talents make us individuals."

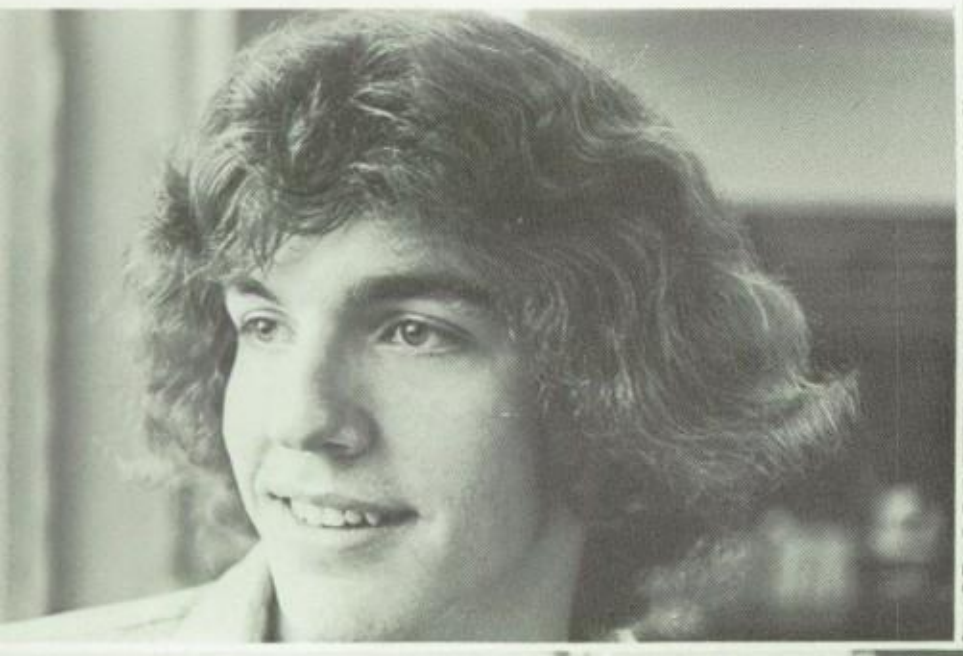




The American Ideal . . . if only

"You know, if we black, white, yellow and red all got together, we would really have a great place to live and better lives."

" . . . we must concentrate on communication."



"Slums and ghettos are not going to disappear from society unless the slums and ghettos disappear from the hearts and minds of people."

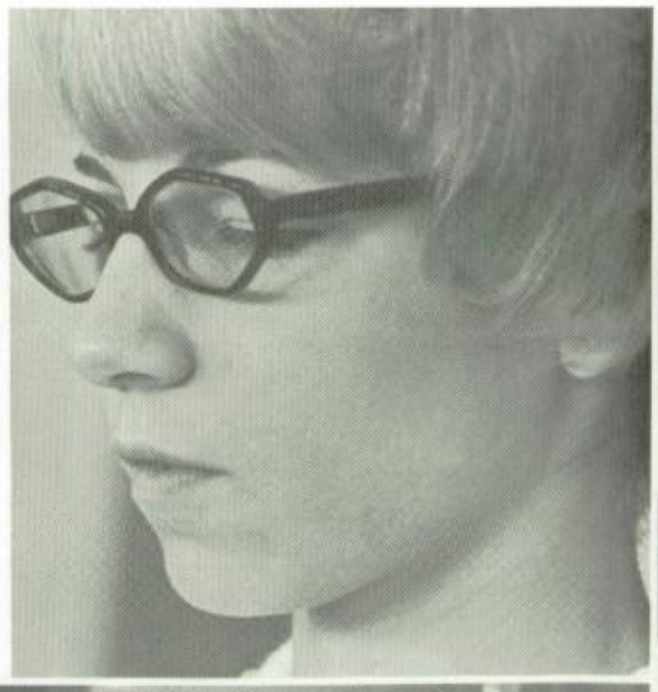
" . . . if I belittle you, I belittle myself."

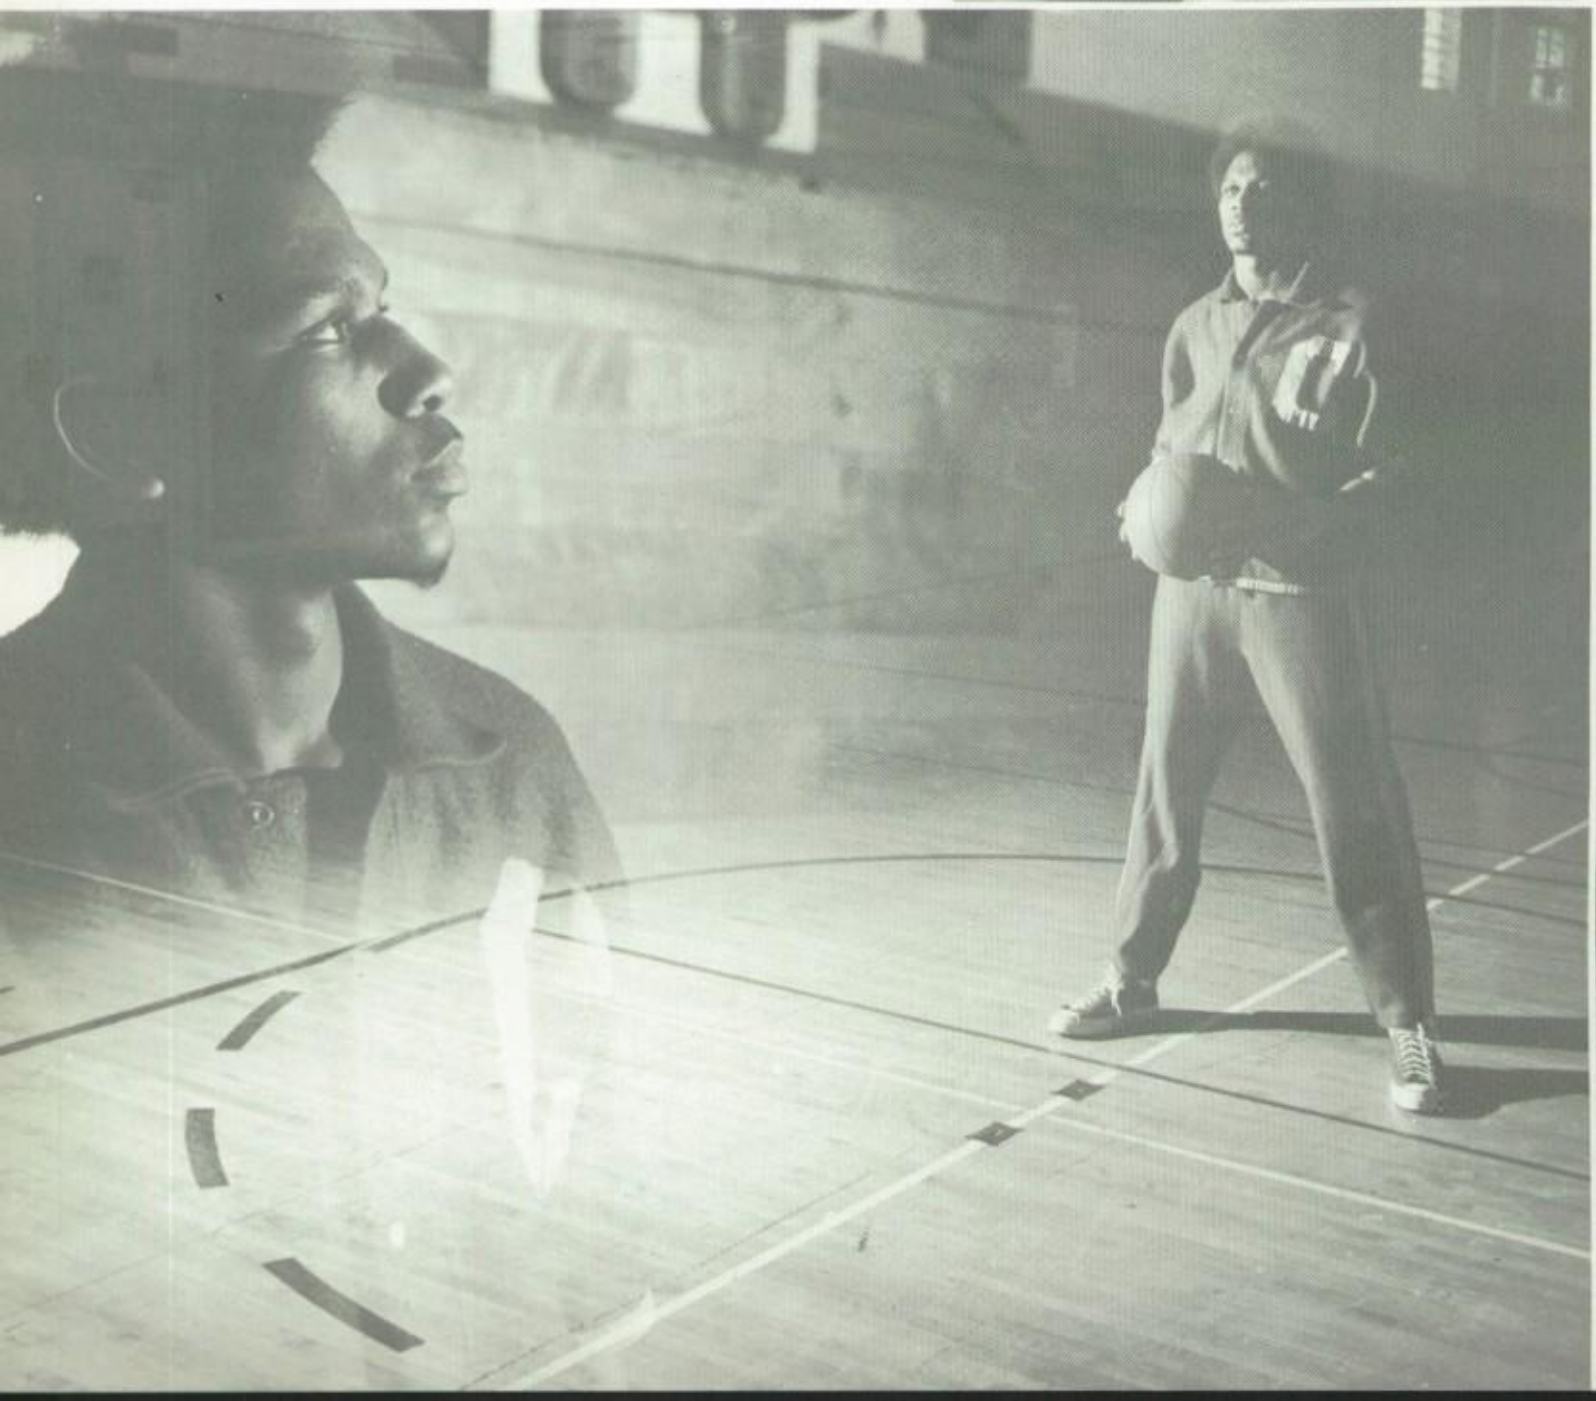
Experiencing an important time in my life, my high school days, enriching it through varied activities; I am a part of Courter Tech.

I think what stands out most in my mind about the year was . . .

" . . . the many new people I met."

" . . . the interesting things I learned."





" . . . the Christmas Program."

" . . . the wrestling season
I had."

" . . . track and how proud I was to represent
Courter in the State Meet."

" . . . Class Day when all those dudes were
dressed fit to kill."

" . . . the Prom and the fantastic time I had and
all the new friends I made this year."

If I could change Courter . . .

" . . . I'd make the passing bells longer and my locker bigger."

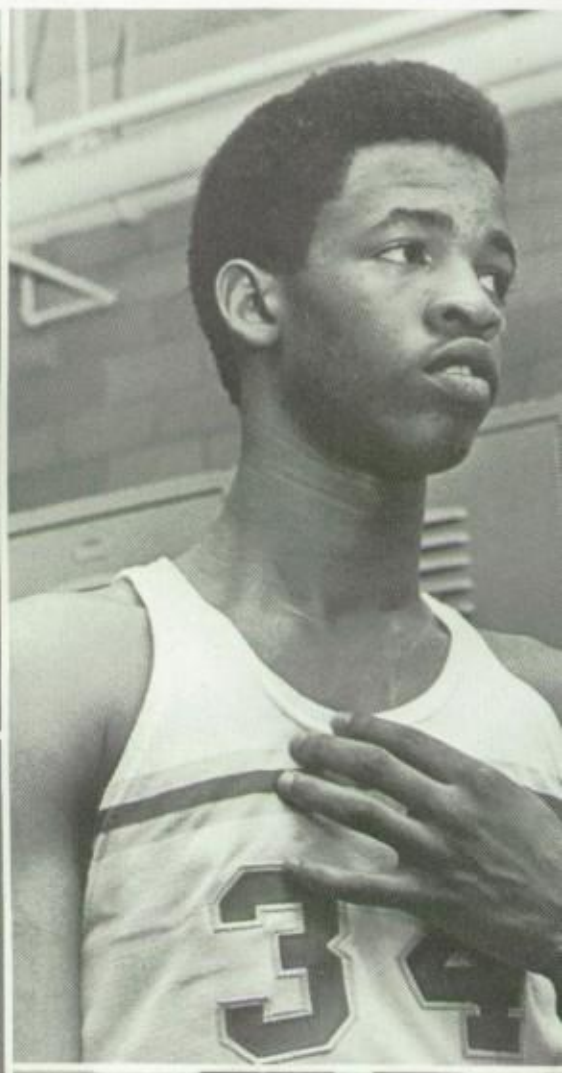
" . . . more shops, more activities."

"I wouldn't change the school, just the students attitude about school spirit."

"I'd give Courter a district and an academic program as well as its vocational program."

" . . . put CTI out and make it like it was years ago."

" . . . sell it back to the Board."



What I like most about Courter is . . .

" . . . the people, most of the teachers and the athletics."

" . . . the view out the window in my World History class . . . I can see all the traveling cars and trucks on the expressway."

" . . . I like everything, really."

" . . . the opportunity it gives you to prepare for a job, learning things you couldn't learn anywhere else but on a job."

"It's the best school in Cincinnati!!"

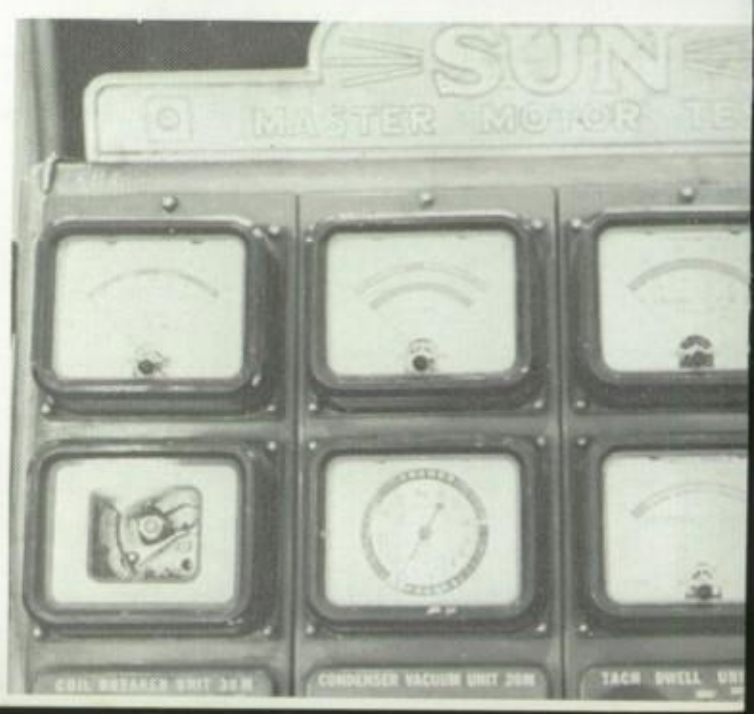
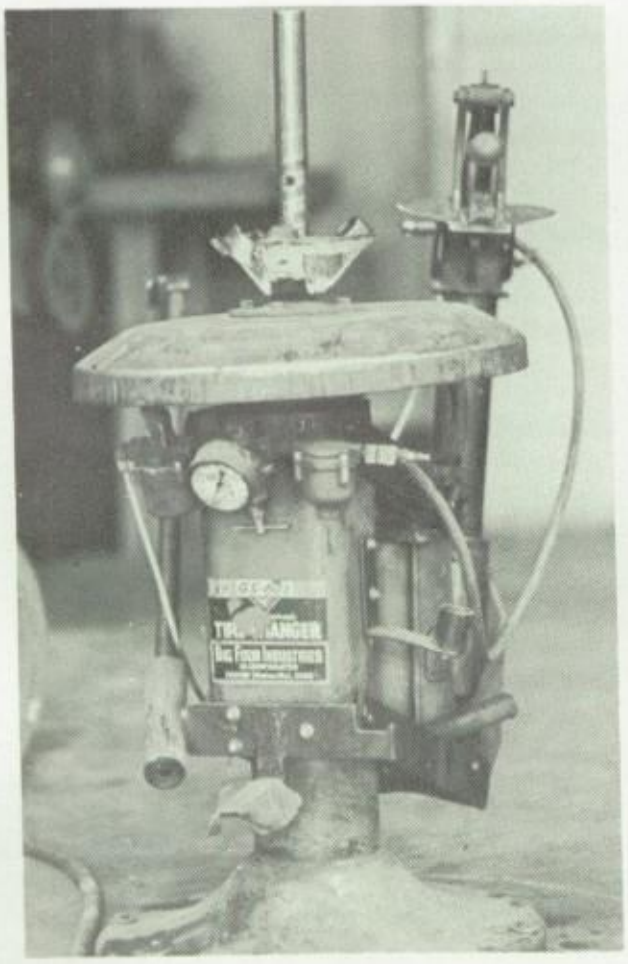
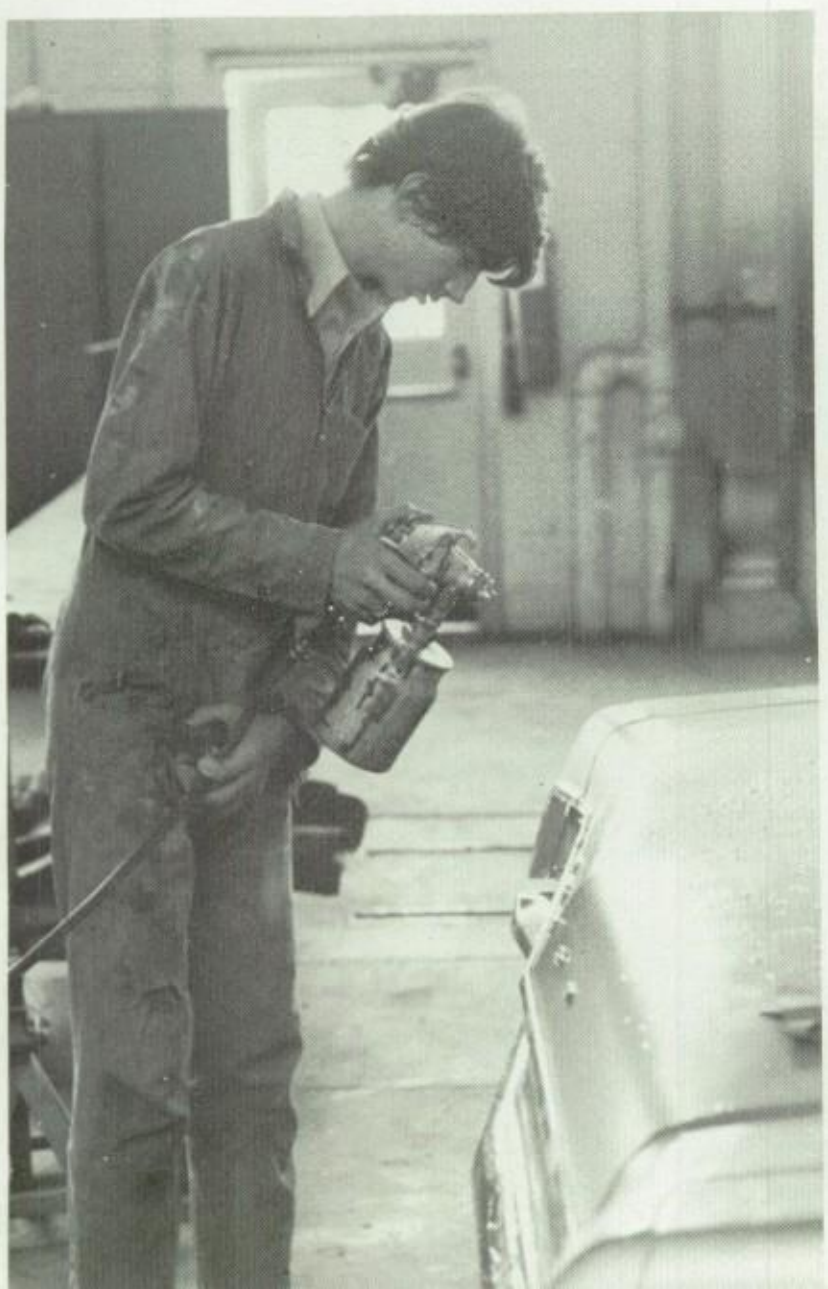
Auto Mechanics and Body and Fender Repair comprise the two shop areas in **AUTOMOTIVE.**

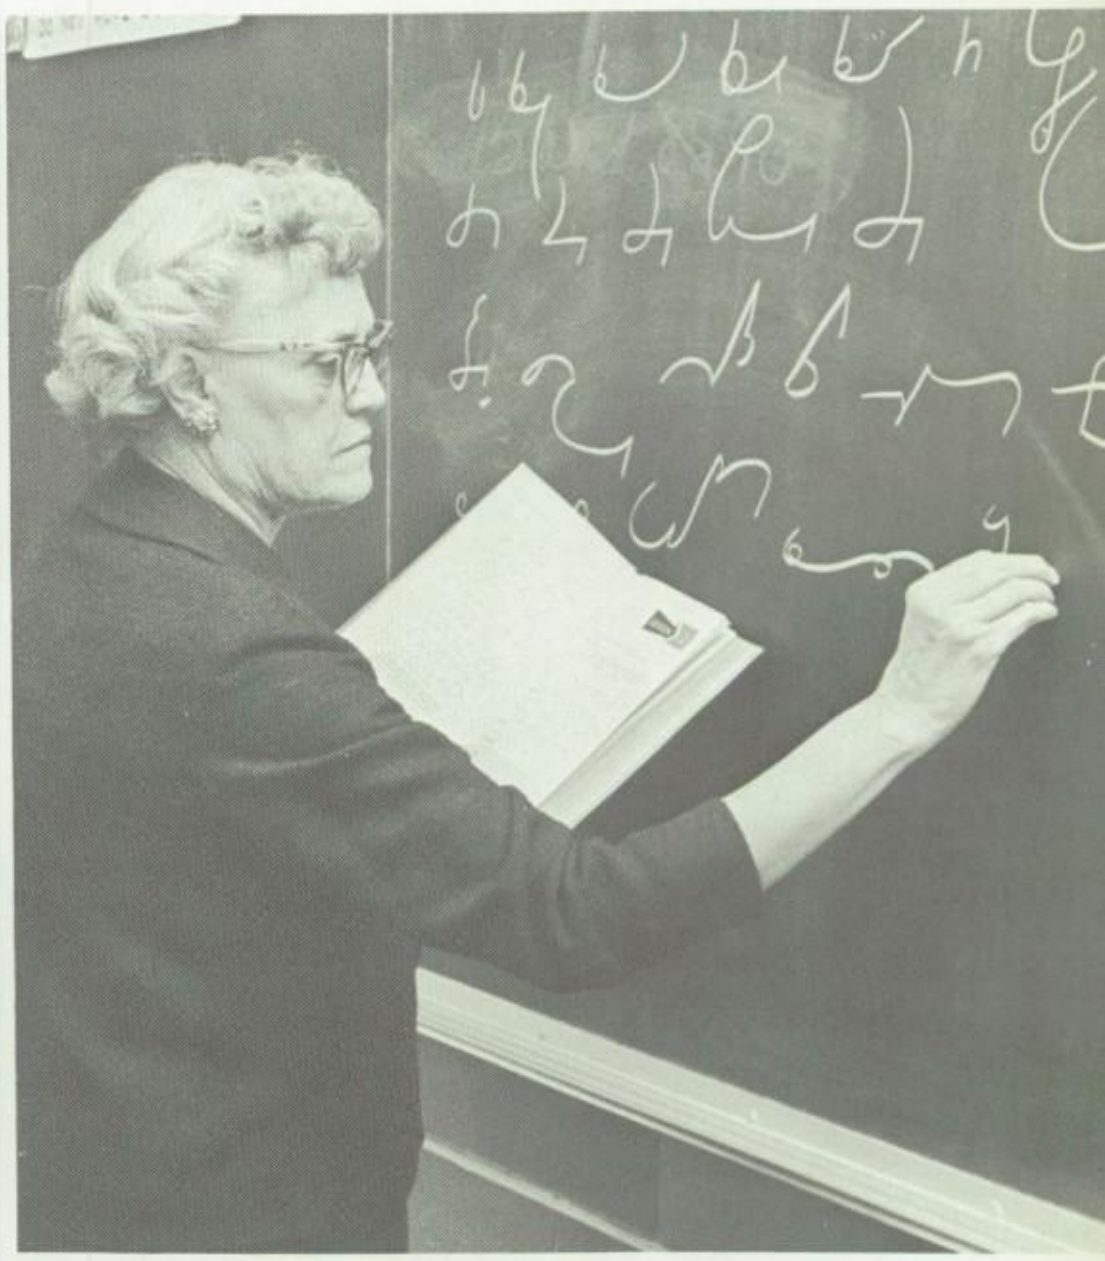
General maintenance, diagnostic theory, upkeep, engine repair, frame repair, and accessory installation are some general areas taught in Auto Mechanics. The Body and Fender program involves work in repair of minor collision damage and spot repair, as well as more complicated damage and complete body paint jobs. Students learn metal working, plastic filling, body allignment, paints and other skills. Seniors advance to a level where they can enter an Auto Body Shop as an apprentice upon graduation.





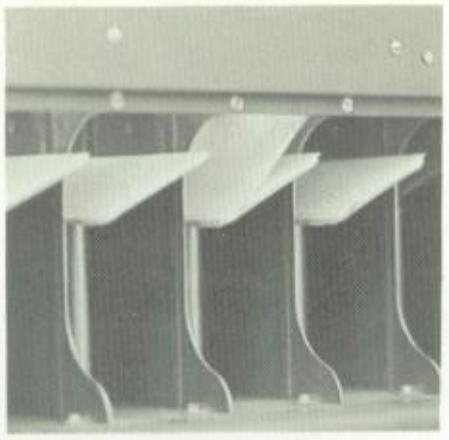


Comprehensive training in several areas prepare students for jobs or college in **BUSINESS.** Vocational Office Practice is a practical course in clerical skills, office organization and procedures. Clerical Practice develops skills for cashiers, payroll clerks, sales, and other clerical and service jobs. Bookkeeping gives students a solid background of business information and a skill of personal and vocational value. Secretarial Practice trains professional secretaries and stenographers. Shorthand, dictation and transcription, English, and office etiquette, comprise the curriculum. Cooperative Office Education (COE), is a co-op program for Seniors; graduating an office worker already adjusted to the business world.



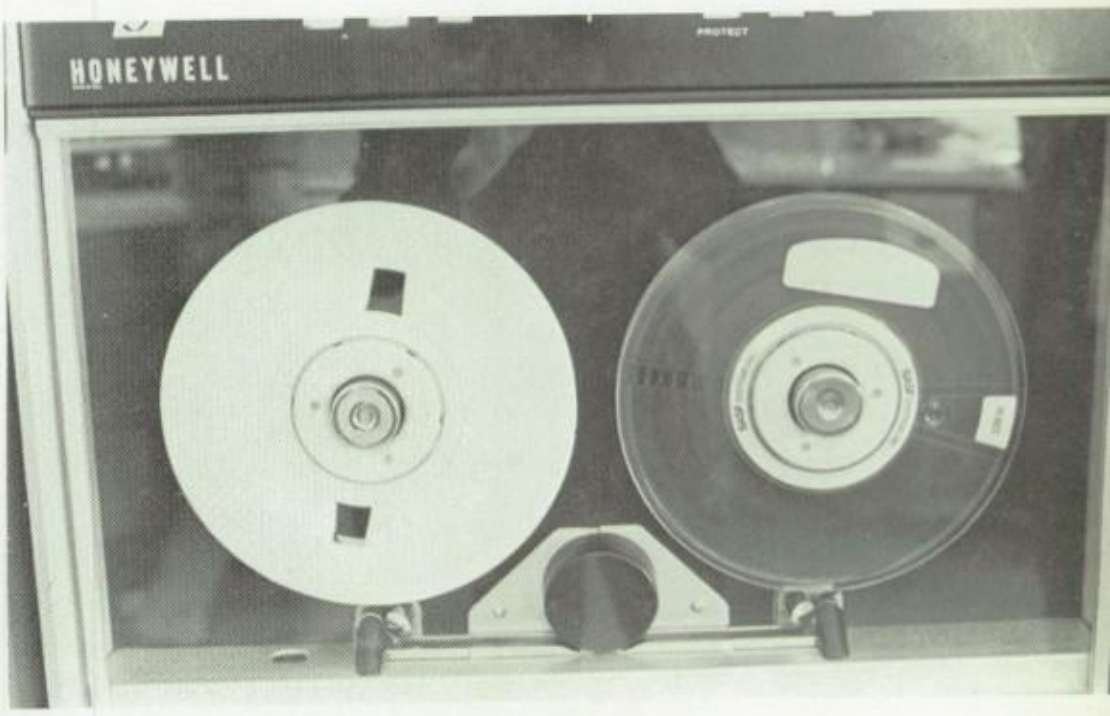
The interesting and profitable area of beauty culture is available for study by students in **COSMETOLOGY.**

The two year program involves learning both practical skills and technical knowledge such as chemistry, anatomy, physiology and hygiene. Students are trained to pass the Ohio State Board of Cosmetology licensing exam. Some of the employment opportunities open to students are beauty salon operators, wig stylists, make-up artists, manicurist technicians, traveling demonstrators, and teaching.

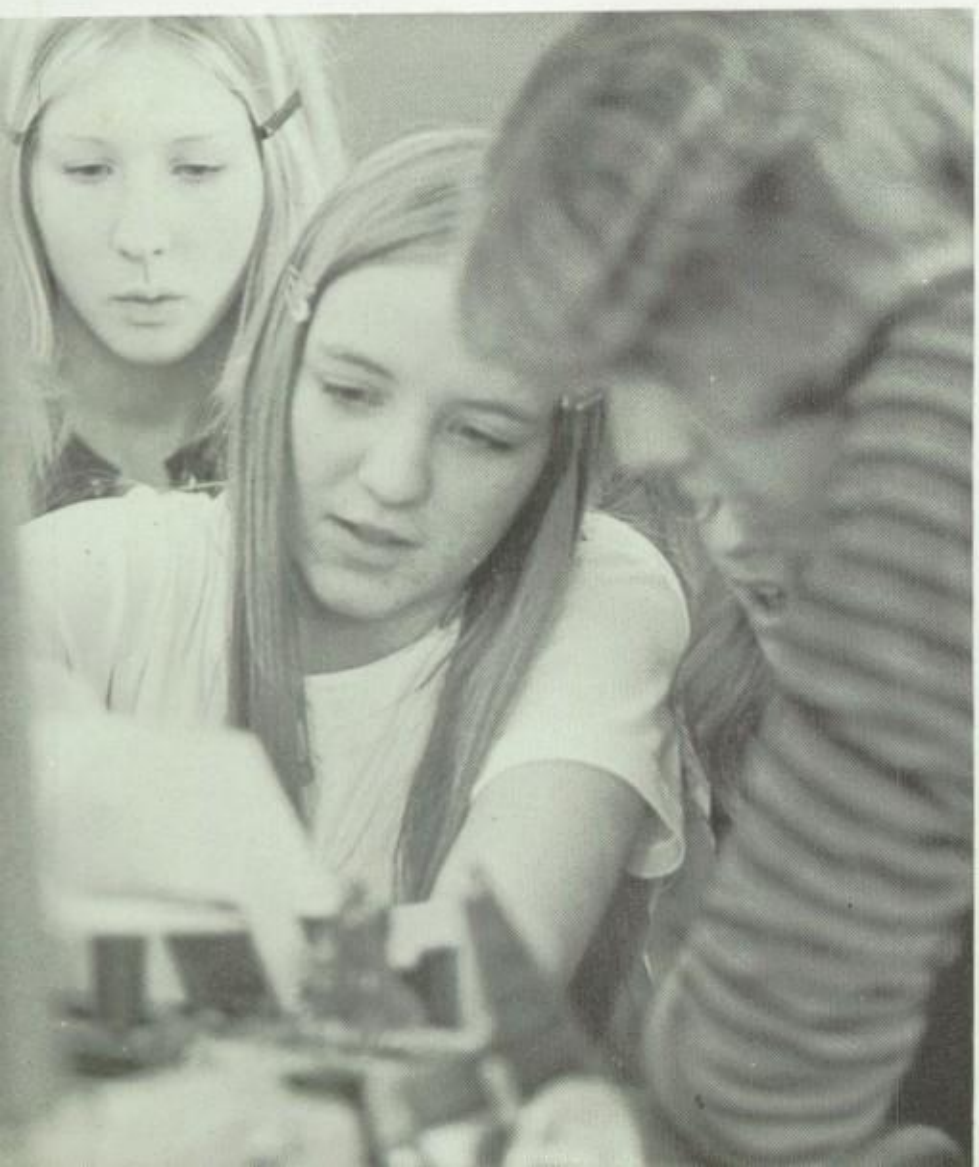


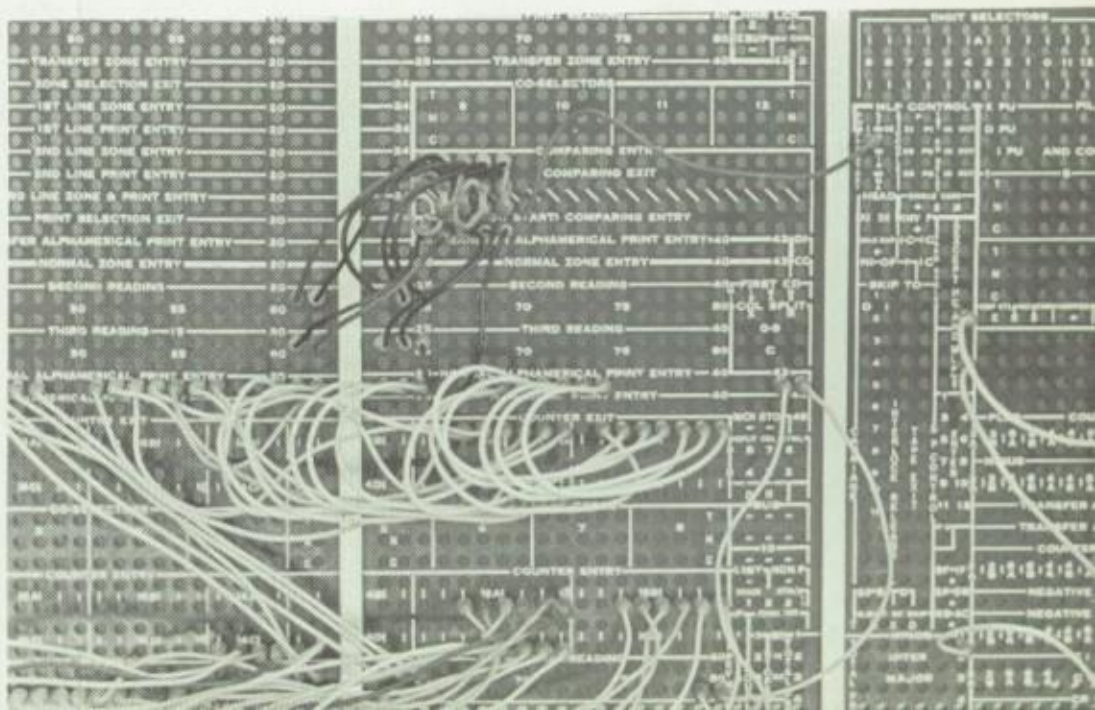
Available only at Courter Tech, **DATA PROCESSING** provides an introduction to simple programing principles, key punch, simple calculating and accounting machine operation.

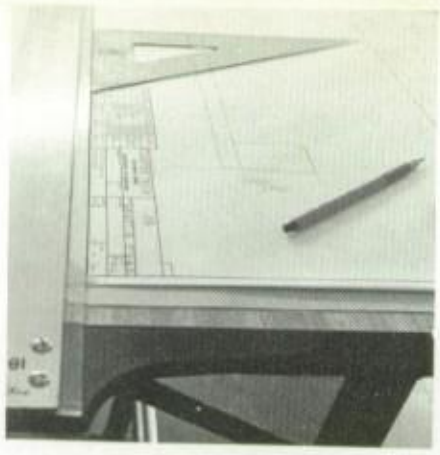
Juniors in Data Processing I, learn the fundamentals of computer programming, machine operation and care of equipment. Data Processing II for Seniors is an introduction to programing practices on the Honeywell 200 Data Processing System. The Business Education Equipment Inventory for the entire school system is the responsibility of Data Processing II at Courter.



HONEYWELL

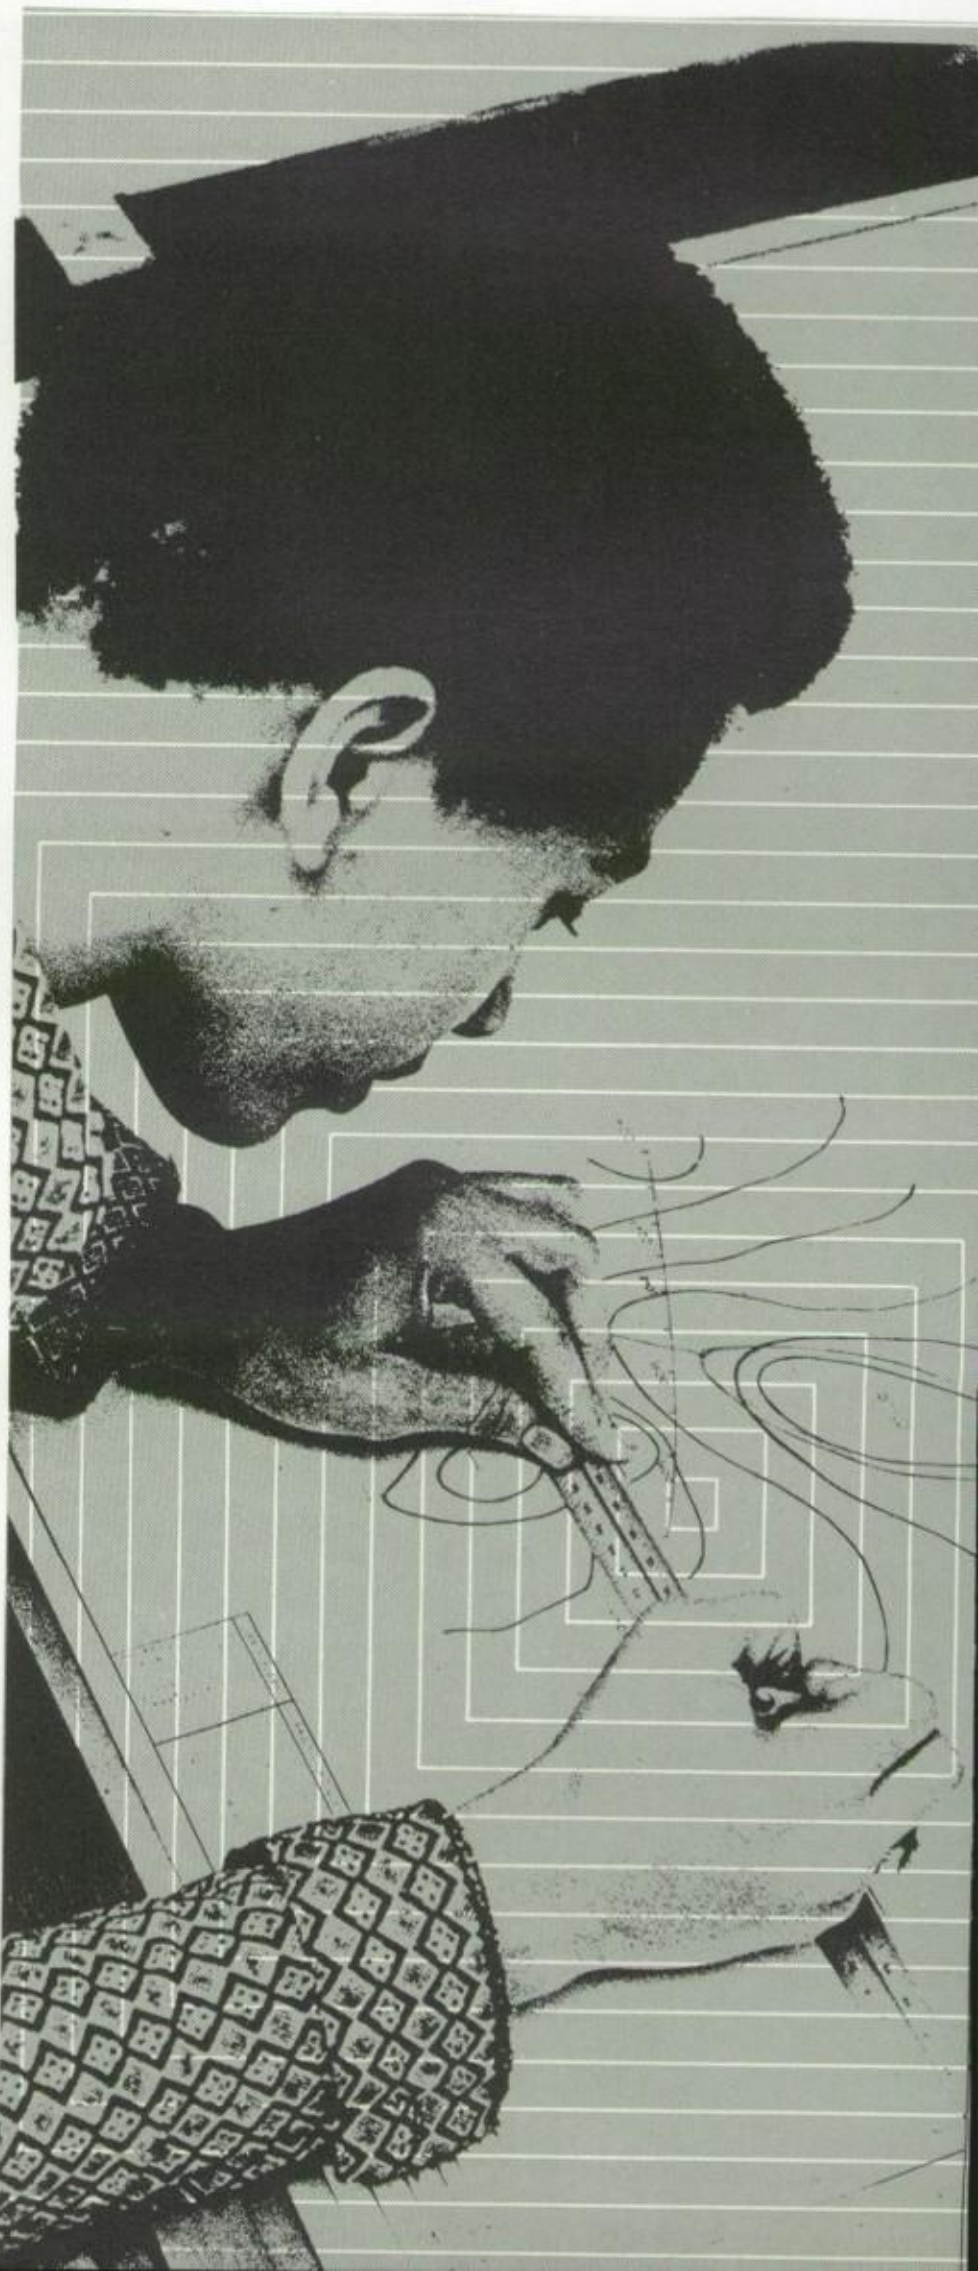


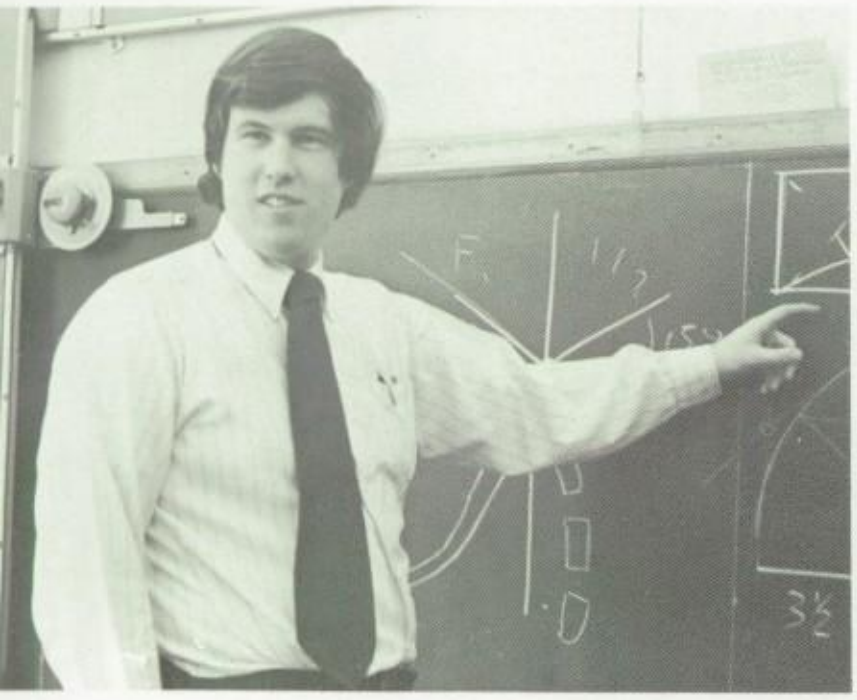


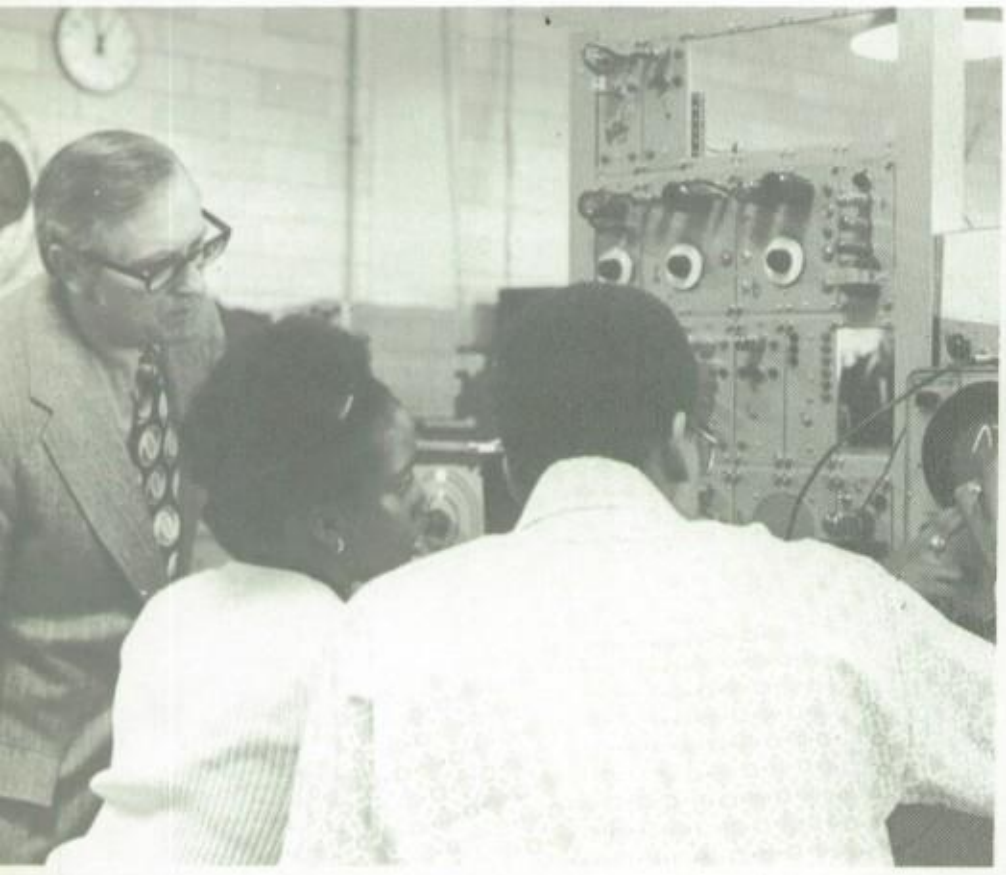


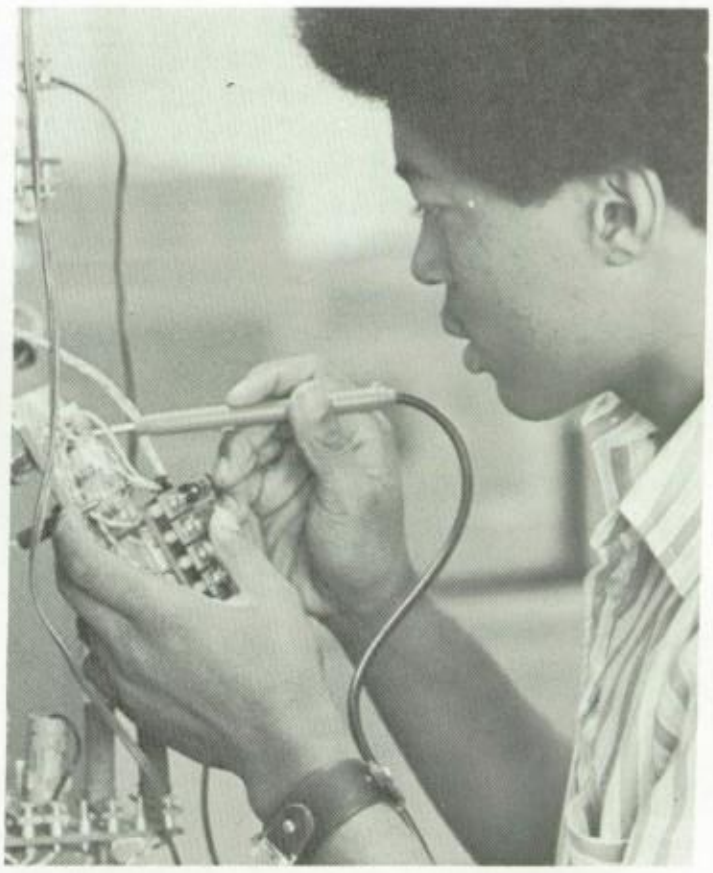
The field of industrial graphic communications is studied in the Courter shop area, **DRAFTING.**

The introductory course, Drafting Fundamentals, presents a basic knowledge of instrument drawing. Sketching, lettering, orthographic views, pictorial drawing and dimensioning are covered. Juniors and Seniors interested in this field take Technical Drafting. Principles of design are studied, precision dimensioning, gear and cam design, descriptive geometry, fastener design, jig and fixture development, and house and building architecture.









Students can pursue three levels of knowledge while majoring in **ELECTRONICS.**

First is Electricity, which offers a basic knowledge of the fundamentals such as magnetism, direct and alternating current systems, electrical measurement and test equipment. Work is done in laboratory situations with test circuits. The second level is Electronics Learning theory and the principle supporting skills necessary for employment or college are emphasized. Seniors take Electro-Mechanics which gives the student the necessary knowledge and skills required to repair appliances and other electro-mechanical devices.

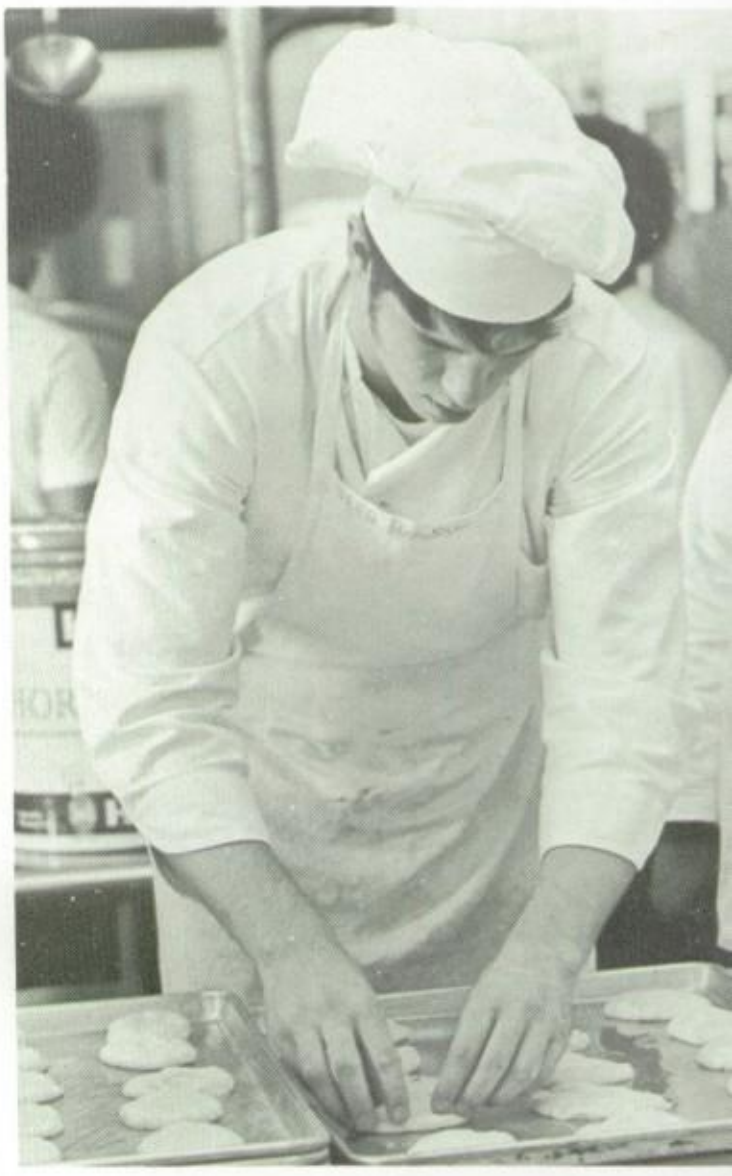
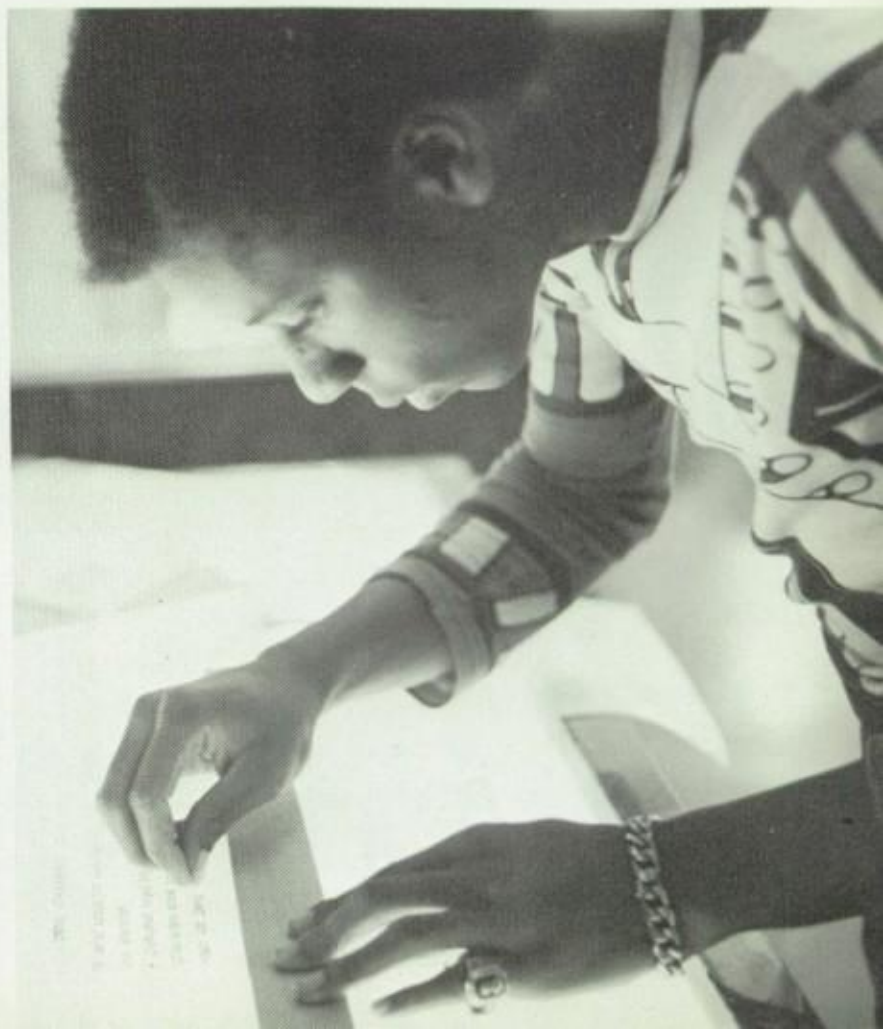
Being the third largest industry in the United States, **FOODS** help train people to meet the needs of the many facilities involved in this profession.

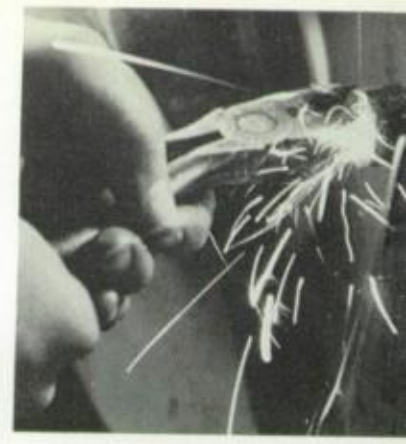
The Commercial Foods program deals both with classroom work, and practical experience. Food handling, sanitation, preparation, cost accounting, and the serving of food are covered. The foods classes, Commercial Foods I and II, and Food Fundamentals have prepared meals for each other. During the week, Seniors in Commercial Foods II prepared meals for sale to the faculty and students at lunch time.



For a job in any of the printing arts or associated fields **GRAPHIC COMMUNICATIONS** has a curriculum designed to enable a graduating student to gain employment.

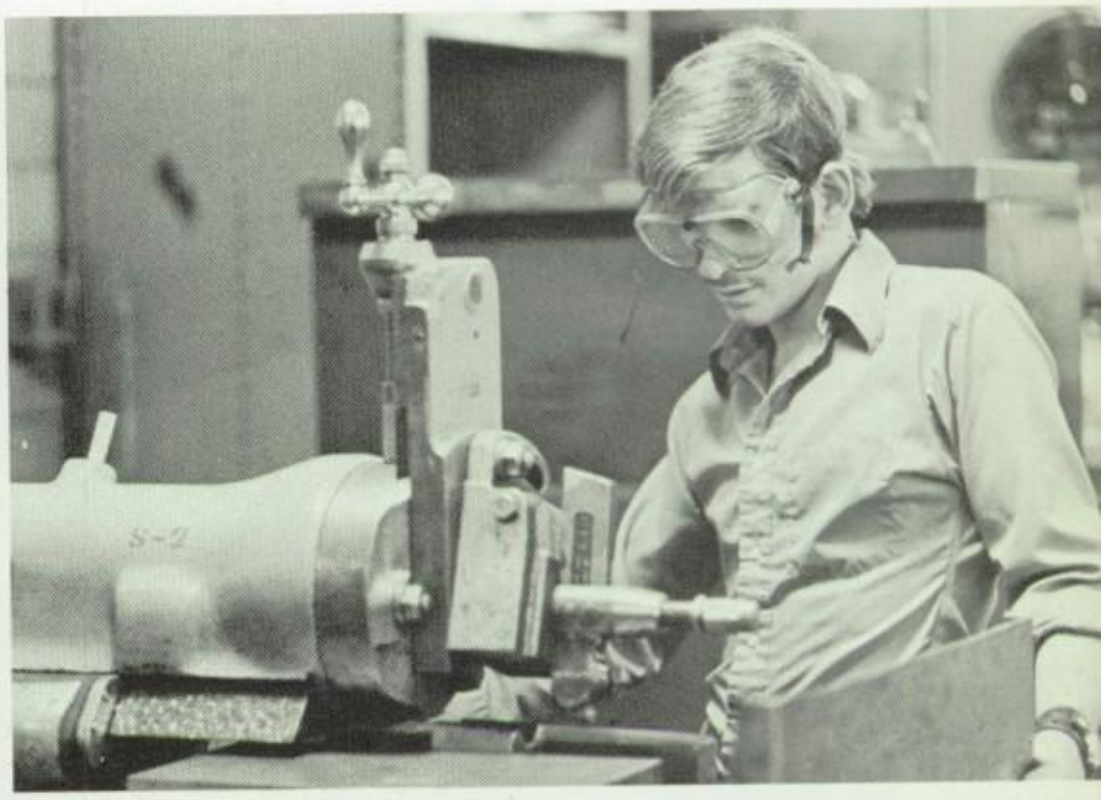
Typesetting, silk screen process, linotype, power press operation, printing inks and binding methods are some of the practical aspects studied. Lithography offers technical training in composition and design using photography, art work, stripping, platemaking and press work. Printer's math English for printers and copy preparation complete the curriculum. Special projects include printing the school paper, "Knight Life," as well as a host of other printed materials for Courter and surrounding schools.





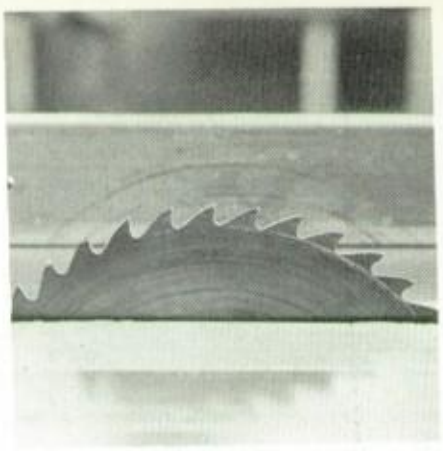
Metal fabrication techniques are taught in two shop courses under the general heading, **METALS.**

The Welding course is intended to give all students a fundamental background in arc and oxy-acetylene welding. The emphasis is on mastery of hand manipulative skills to develop successful welding techniques and gain an understanding of the equipment and specialized tools being used in the welding field. Machine Shop instruction develops skills in precision measurement and operation of machine tools such as the lathe, milling machine, shaper and drilling machine, power saw and hand tools for bench work.



Equipped with professional machinery and actual shop situations, Courter Tech's **NEEDLE TRADES** instruct students on how to follow a pattern, design and make clothes, and the proper care of garments.

The Dressmaking and Tailoring classes teach the use and care of equipment, safety, the assembly of clothes, and clothes designing. Fabric Service acquaints students with equipment used in the clothing industry, and skills in the area of cleaning, pressing, and finishing of garments. Activities of the Needle Trades department this year included stockings for the Christmas Party, clothes made and donated to the Post-Firemen's Mile of Dimes and the Emmanuel Day Care Center, and the Prom Dress contest.



Students at Courter can learn fundamental wood working as well as actual construction techniques in the shop area, **WOODS.**

Sophomores, in their exploratory course, engage in project making, use of hand and power tools, methods of assembly and wood finishing. Construction Tech, for Juniors and Seniors, instructs students in the many areas of building construction. Class work emphasizes private home construction with training in bricklaying, carpentry, cement finishing, house wiring, plumbing, and roofing.

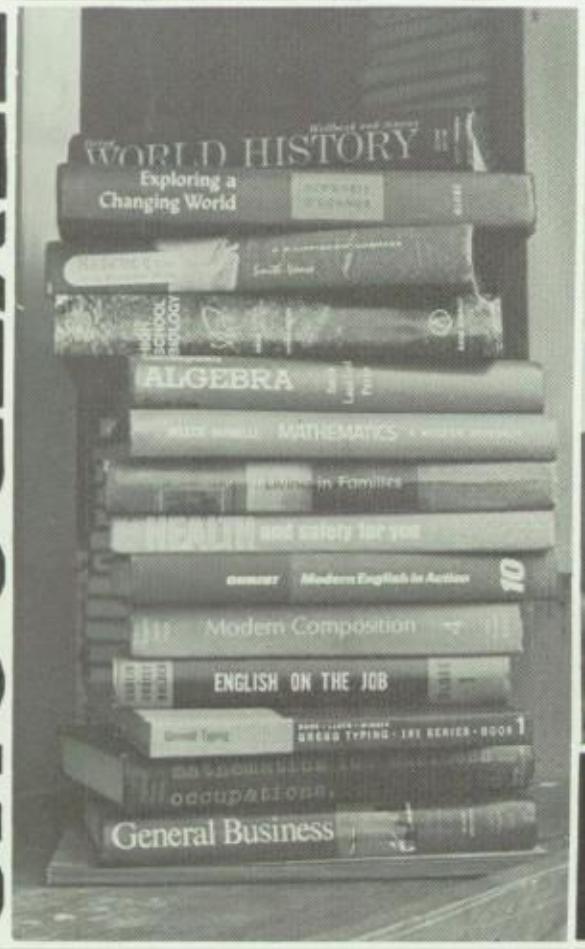
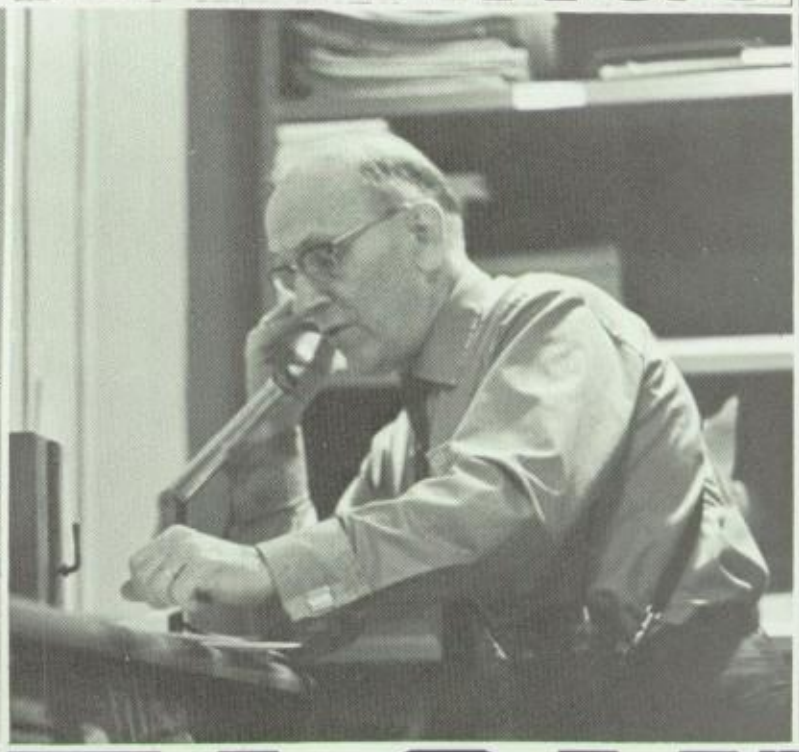
TEXTBOOKS



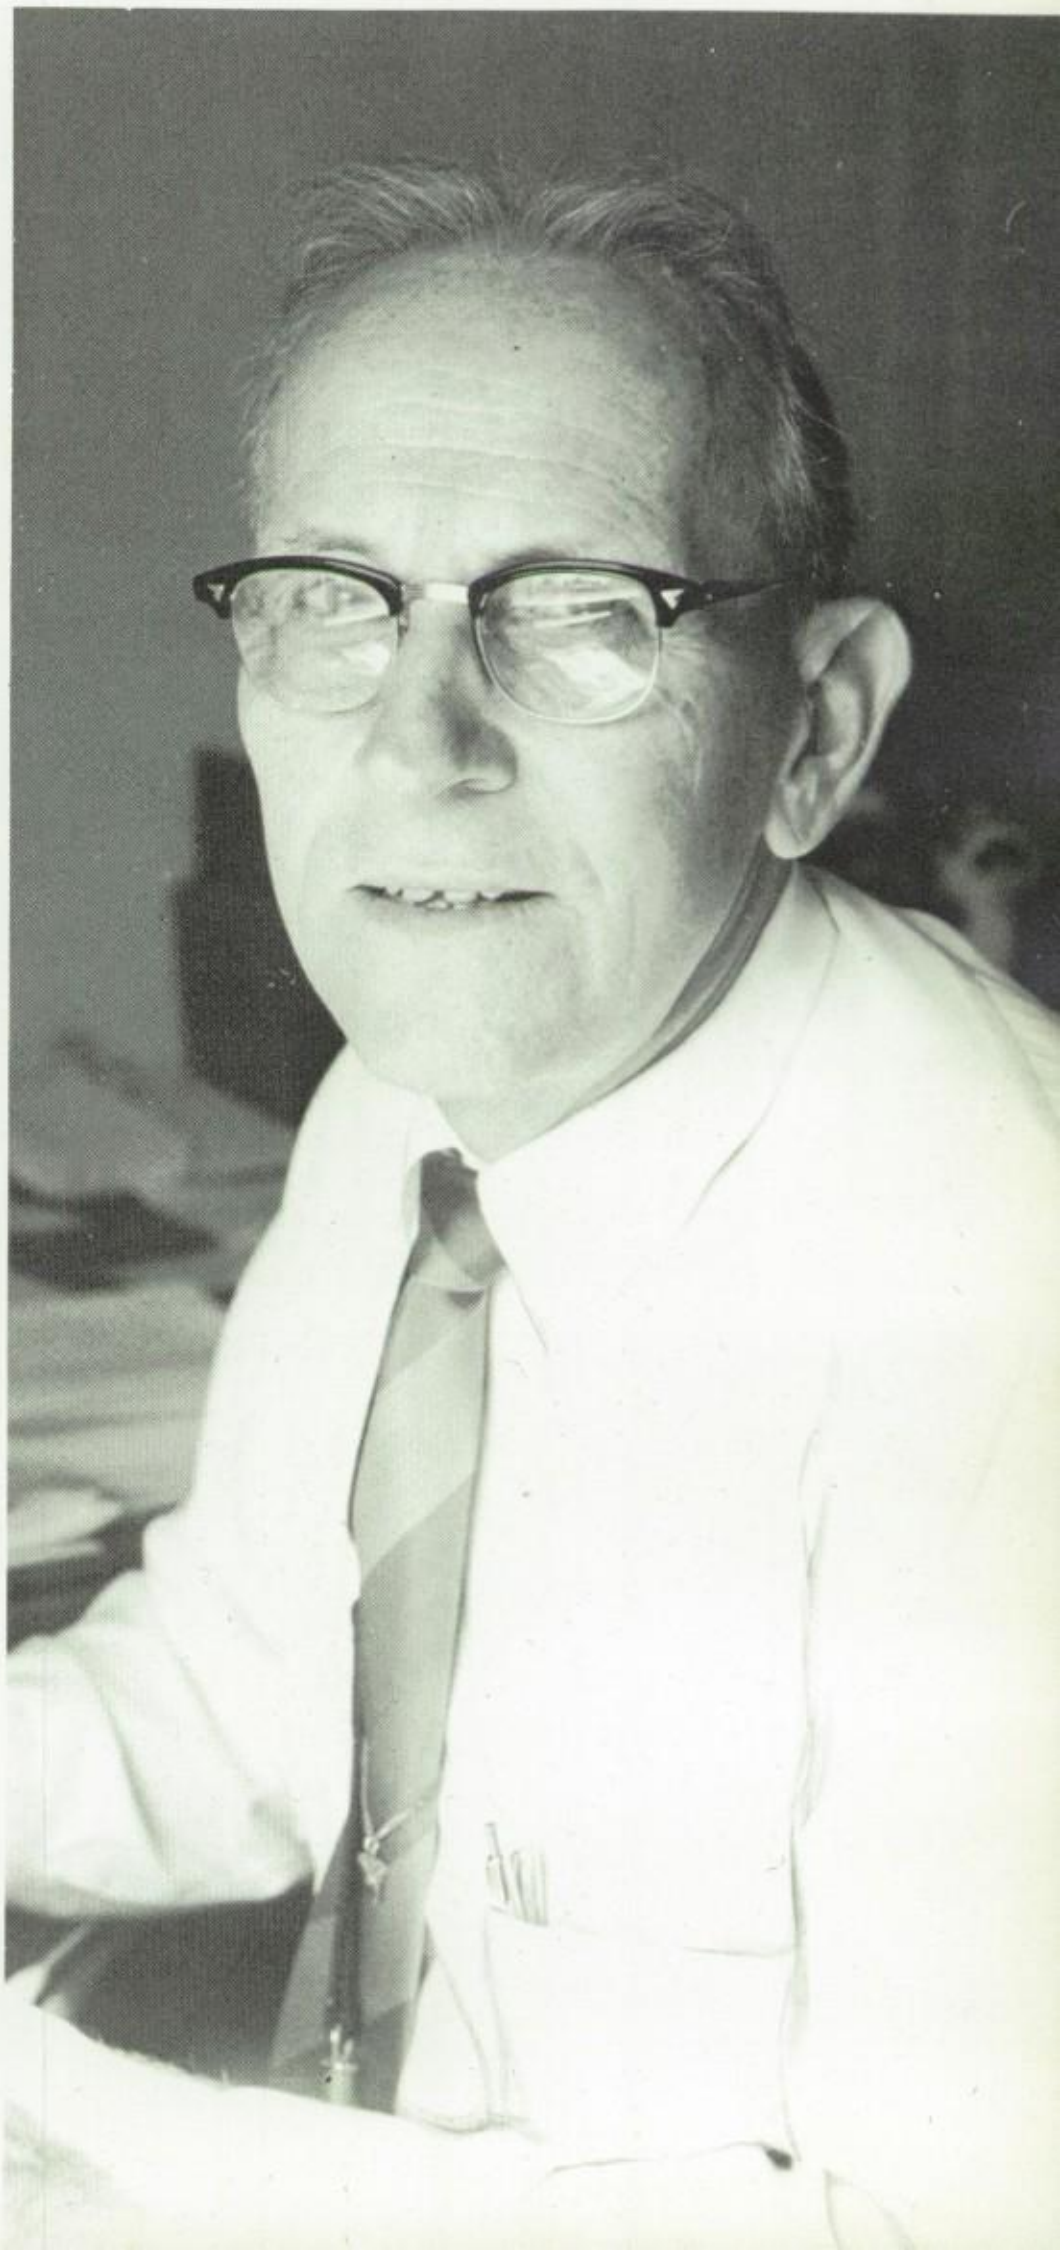


FACULTY

In his first year as chief administrator at Courter Technical High School is **PRINCIPAL EDWIN C. SUTTON, JR.** "Let us use our school to help broaden some of the great opportunities available. Vocational-technical education is one of those opportunities which is unique to our school. We should be prepared to help develop expanded programs, curricula, and teaching aids which reflect the needs and interests of all students."

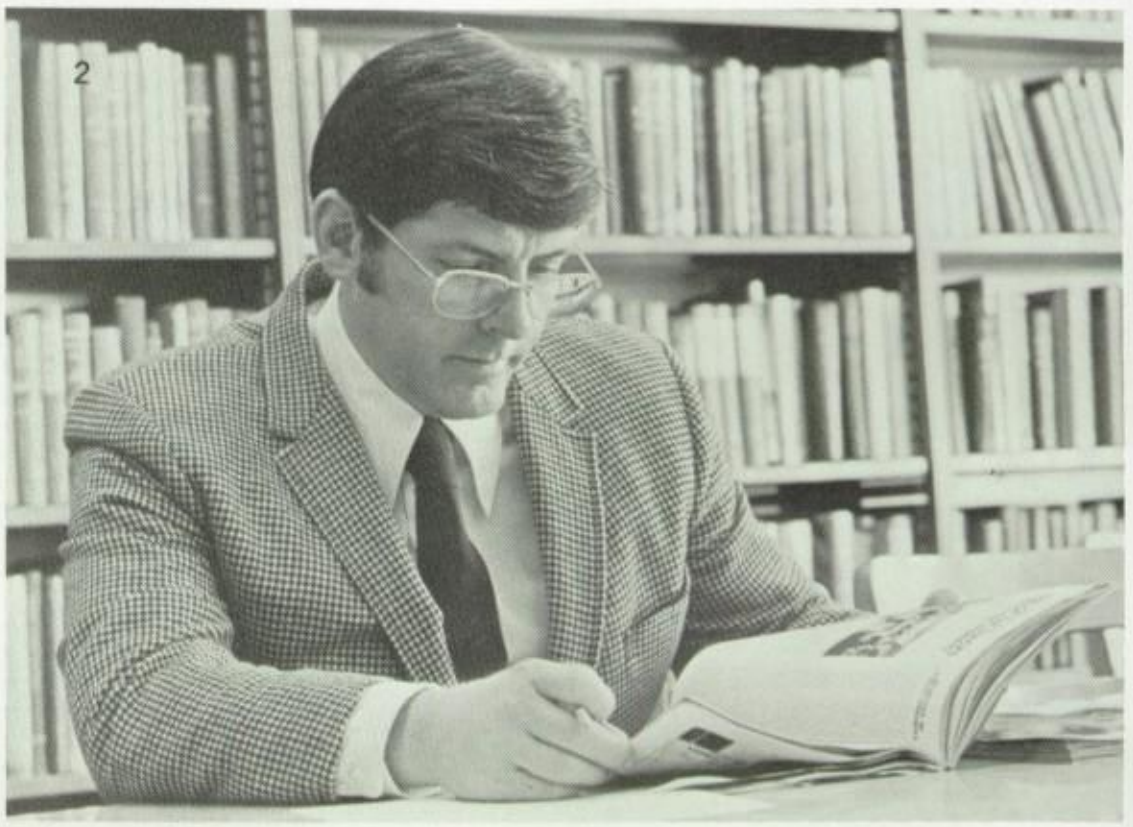
The Assistant Principal in charge of programs and pupil activities is **MR. BROWN L. WARD** — "Over the past few years, the young people of our country have been on the receiving end of many derogatory remarks. My impression of the student who attends Courter Technical High School is that he is an alert, ambitious, vibrant part of American Society. Our students are considerate of other people and for the most part the decisions they make concerning their life and relationships with other people are outstanding. The Courter Tech student is my kind of person".

Assistant Principal in charge of the building and staff personnel is **MR. HOMER M. JONES** — "Students, you have come to Courter Technical High School because something in our program of studies appealed to you. Pursue it with all your energy. Today, a salable skill is a must. Courter has the facilities to help you attain a skill. I applaud your dedication toward that goal. Remember, good attendance, good health, and a good attitude will go a long way in helping you get the most out of life and consequently allow you to contribute most".



1. MR. JACK DRYER teaches Auto Service I and II and Fundamentals of Electricity — "I have watched with great sadness the slow disintegration of Courter Tech over the last several years. While this is heartbreaking, I can still think with pride of the many students that have had the foresight to choose a vocational education over that "well rounded education" of the college prep schools". **2.** Courter's Librarian in **MR. RICHARD KILEY** — "The young are served best when they are given what they need, not what they want. I know most of you students don't agree with me, but come back and visit in five years, and we'll both know if either of us knew what we were talking about". **3. MRS. ANNE ERHARDT** teaches English — "I enjoy working with seniors as they reach maturity in genuine interest, sincerity and enthusiasm in their learning experience". **4.** New to Courter this year is **MR. ROBERT ROLL,** Math teacher — "I would like to instill in my students the ability to work with their minds, not always a pencil and paper".

1.



2

3,

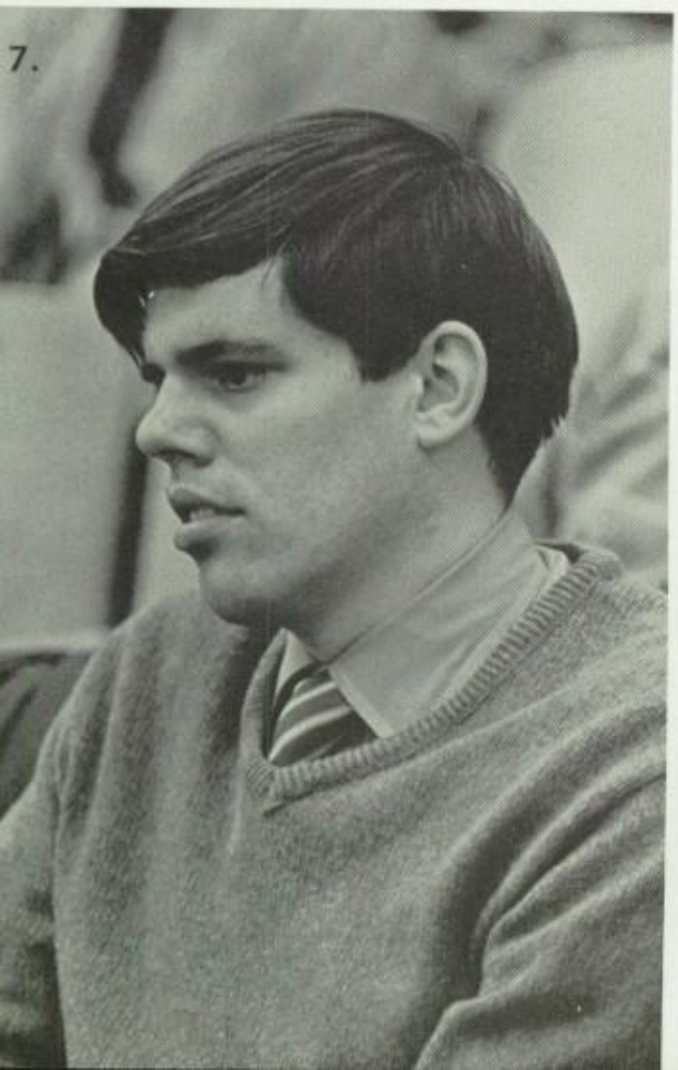
4

"Concerning our students — I sincerely feel," They're the greatest."

5. MISS CAROLYN HUNT, english teacher, also Speech and Drama — "Vocational Education is the coming thing. More students should have an opportunity to participate in it and profit by its advantages". **6.** The Co-ordinator of Special Education at Courter is **MR. GEORGE McGILL —** "Vocational education is necessary to bridge the technical and skill gap of tomorrow". **7. MR. CHARLES DICK** teaches Data Processing I and II — "Tell the cafeteria to keep sending me their old fruit cans to catch my leaky ceiling ... "Raindrops keep fallin' on my head ..." **8.** On the Counseling staff is **MRS. ROSE CALLOWAY —** "I have great faith in the pupils of today, who will be our leaders tomorrow. Concerning our students — I sincerely feel, "They're the greatest". **9. MR. WILLIAM WEGFORD** TEACHES Body and Fender Repair and Industrial Machines — "Courter Tech has always had an outstanding vocational program and the best students. I doubt if they will be able to duplicate this in the district vocational facilities."

5.

6.



7.

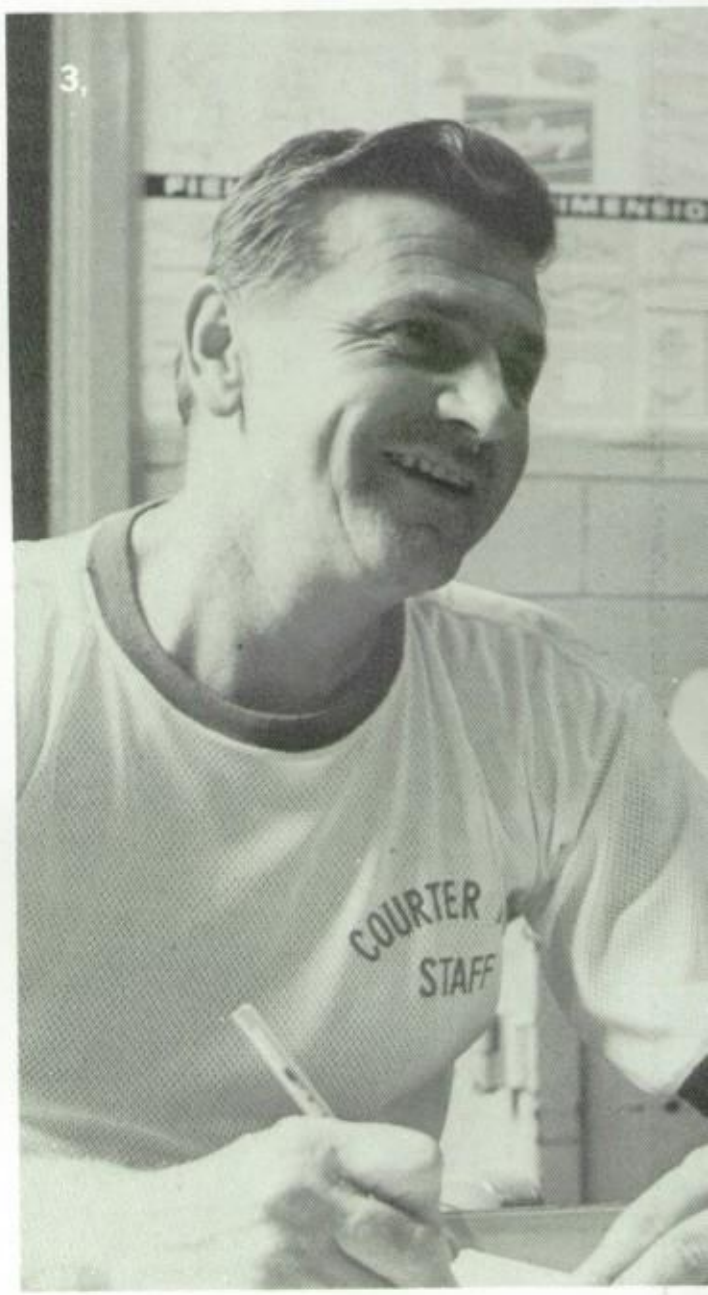
8.

9.

1. MRS. ELOISE SIMPKINS teaches Food Fundamentals and Commercial Foods I — "Cooking has long been associated with girls, but in the food classes at Courter, it is rewarding to observe the interest in food preparation shown by the boys, as there are many jobs available for both". **2. MR. AUGUST FRANECKI,** Counselor — "Despite all the criticism of the young, I find them no worse than when I was a juvenile delinquent". **3. MR. WERNER SCHMALFUSS,** Athletic Director and Physical Education — "The Sale of Courter was a great disappointment to me; I have never seen such fine facilities as we have here at this school. I think the Board will be sorry when they see the results of the costs of the buildings in the future". **4. MR. ART KUHN,** Business Education — "Courter is unique in that it combines practical and symbolic skills. The result is a student who not only understands, but who practices democracy". **5. MRS. EUNICE STEVENS,** teacher in the Deaf Program — "The more time I spend teaching the

1.

2.



3.

4.

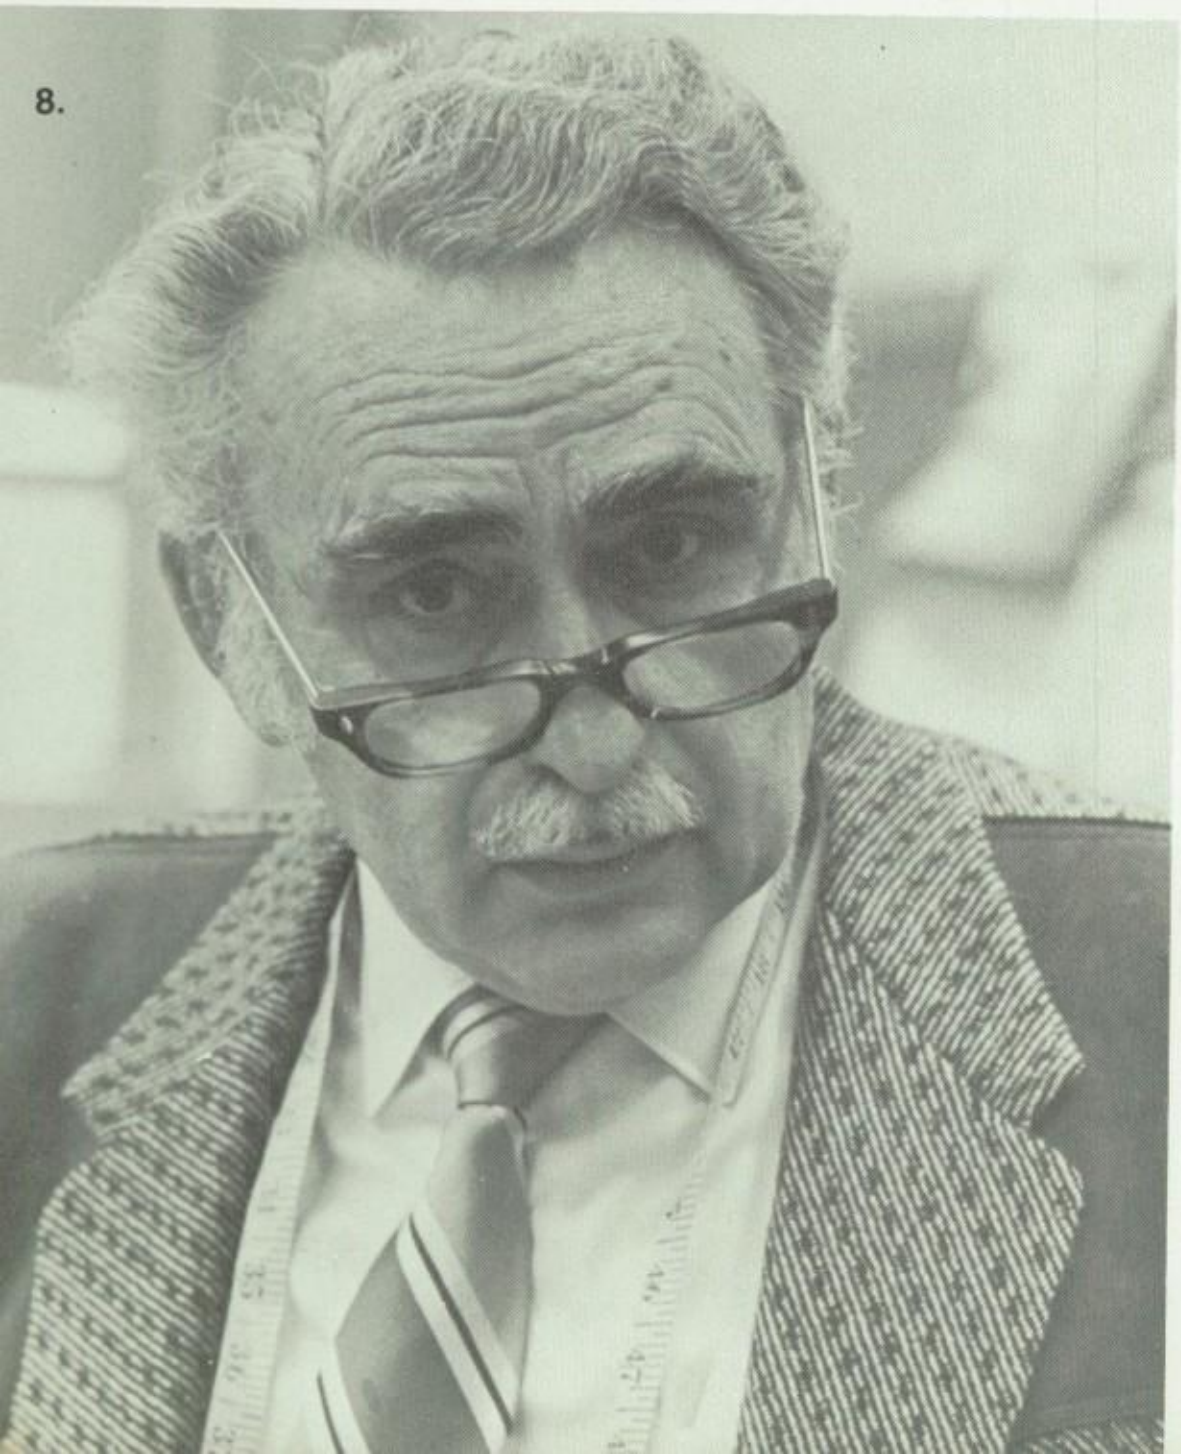
5.

"Don't try to be another Einstein, try to be a craftsman."

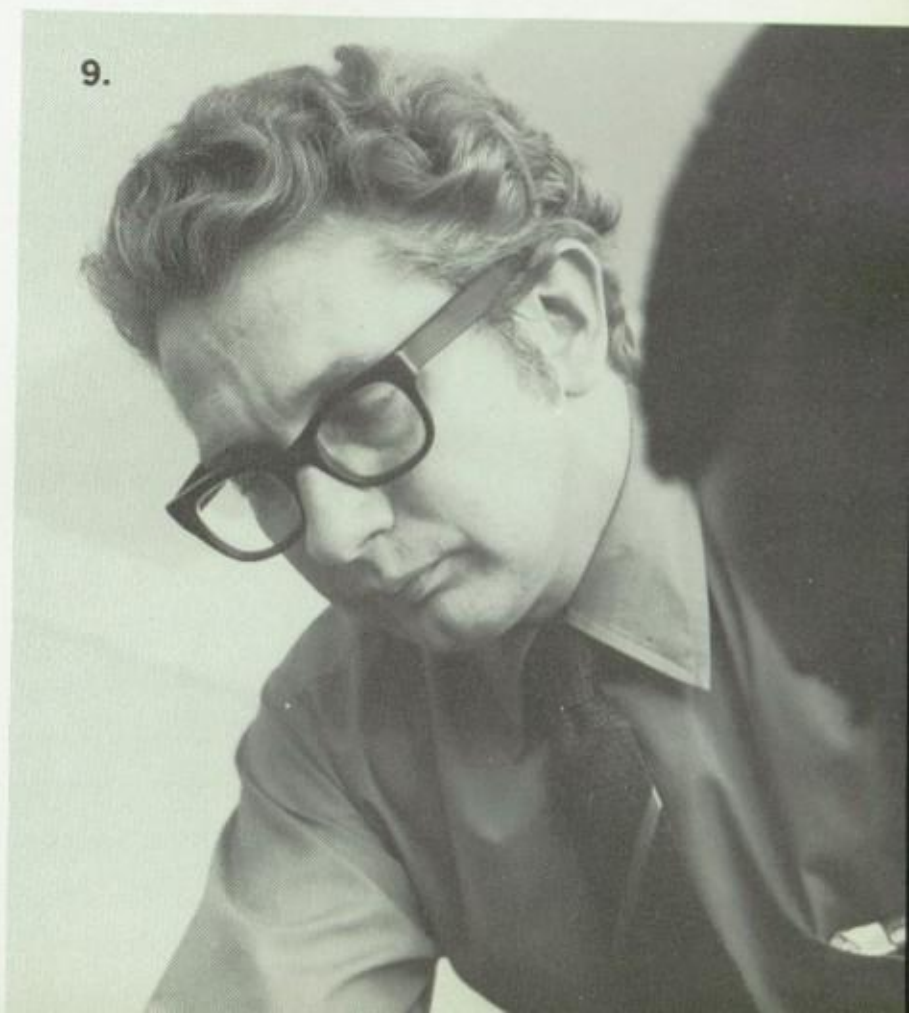
deaf, the more devastating this handicap appears to be. My only hope is that I have made their lives more meaningful, and thus more bearable". **6. MISS MILDRED SCHOPMEYER** teaches Secretarial Practice — "We have been fortunate at Courter that most of the girls who take this difficult subject are willing to work hard, cooperate, conduct themselves as young ladies, and give their best to the subject". **7. MR. JOHN DAWSON,** Auto Body and Industrial Machines — "I would like for the students to be better learners today, so they could be better earners tomorrow". **8. MR. JAMES PYLE,** Tailoring and Pattern Design — "Don't try to be another Einstein, try to be a craftsman. The challenge is great, but the reward is greater". **9. MR. RON SMITH** teaches Math — "On a quiz, in the interest of simplicity, all answers were either "True or False". I assumed no student could possibly goof up. But one proved me wrong by turning in a paper with all answers written as TURE or FLACE".

6.

7.



8.



9.

1. MRS. ELIZABETH TUGGLE, English and Special Education — "Young people are more aware of the world around them. They are eager to take part in the so-called democratic system and give us some of their ideas on life, liberty and the fundamentals of happiness". **2.** Fabric Service teacher, **MR. JOSEPH REHLING** — About Vocational Education, "An excellent plumber is infinitely more admirable than an incompetent philosopher. The society which scorns excellence in plumbing because plumbing is a humble activity and tolerates shoddiness in philosophy because it is an exalted activity, will have neither good plumbing nor good philosophy. Neither its pipes nor its theories will hold water". **3. MR. RONALD McDANIEL,** Social Studies — "Students can forget facts and details in no time, but if I can get them interested by games, plays, debates or lectures, then it's all worth it. If students are interested they almost always make good grades". **4. MRS. CAROLYN LUCAS,** Cosmetology — "One of our classes made a toupee

1.

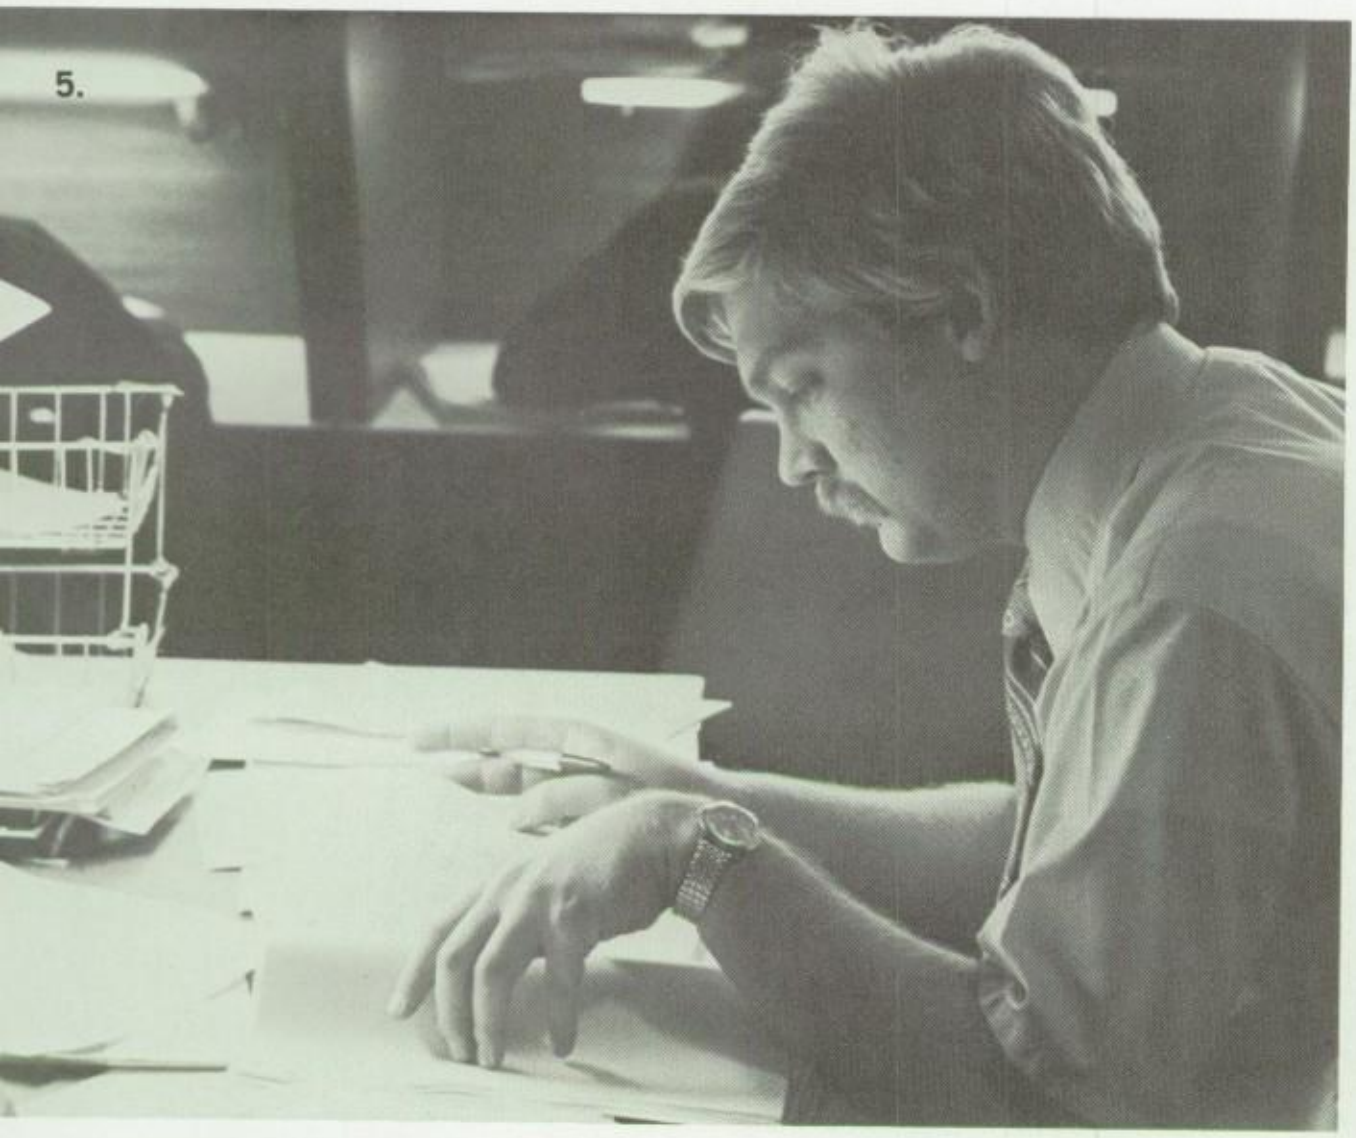
2.

3.

4.

"A toupee for Mr. Jones . . . Wonder why he never wears it?"

as a get-well present for Assistant Principle, Homer Jones. The hair colors were soft greens, blues, pinks and yellows; the base was a Courter beanie . . . Wonder why he never wears it?" **5. MR. ROBERT KELLY** teaches Math — "It is a shame Courter has been sold. The students here have a common goal and are not forced into any particular program." **6.** Head Football Coach and Driver Education teacher, **MR. HARRY ANDREADIS** — "Take it easy!! We're not in a hurry to get anywhere!" **7. MR. JAMES HILVERT,** Bookkeeping and Typing — "Young people today; they tell it like it is." **8. MRS. CAROL KUTLER,** Office Practice — "Once a student develops an awareness of the business world and wants to be a part of it, I don't have to worry about his behavior or interest." **9. MR. RAY FINKE,** NYC Co-ordinator — "Courter students seem a bit more serious about education. I hope the atmosphere here will be transferred to the district vocational buildings, but I have my doubts".

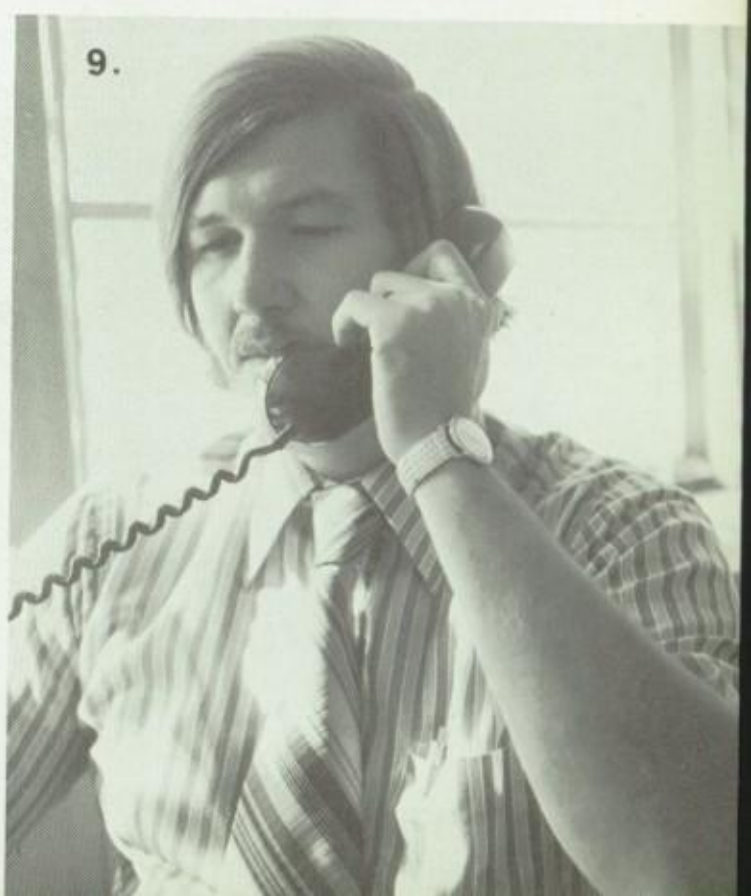


5.

6.

7.

8.



9.

1. MRS. HELEN WELLMAN, Typing I and Personal Typing — "If you can type, you can get a job. Ready — three, two, one — GO!" **2.** Teacher of Electronics and Electro-Mechanics, **MR. ROBERT KAMP**— "There is a great need for skilled technicians in all fields. Now is the time for emphasis to be placed on vocational education, to create student interest to fill these needs." **3. MISS CHERI ANN ALLISON** is a teacher in Deaf Education — "Teaching is a profession that is always exciting and rewarding". **4. MR. FRED SIMPSON,** Counselor — "Lest we forget our reasons for being here are to help the students, not to help ourselves." **5. MISS PATRICIA RILEY,** Social Studies teacher — "High School is the best years of a person's life. A student should get involved to really enjoy school." **6.** English and Reading are taught by **MRS. KATHLEEN WARE** — "Teaching is exciting because each student brings you new challenges. No two days are ever alike". **7. MR. FRED HARTZEL,** Commercial Foods II — "The Chef,

1.

2.

3.

4.

5.

"... each student brings you new challenges. No two days are ever alike."

He is a professional craftsman; He takes the fowl from the air; the fish from the waters; fruits, vegetables, and grain from the land; the animals that walk the earth ... and through his skill and art transforms the raw product to edible foods for our souls."

8. MR. RAY CHILDS, COE Co-ordinator and Business Relations teacher — "School is only a stepping stone to help our young people become young adults. The knowledge we gain in school is but a small part of your future. The most important asset any young person can obtain is a proper attitude toward life and other people." **9. MR. CARL GRAHAM,** teaches Zoology, Science and Health. "The sale of Courter in order to return vocational education to the district high schools, was a very unfortunate act. The feeling of purpose among the students here at Courter will never be duplicated in the district school. The students of tomorrow have suffered another set back in their right to a good education in Cincinnati!!"

6.

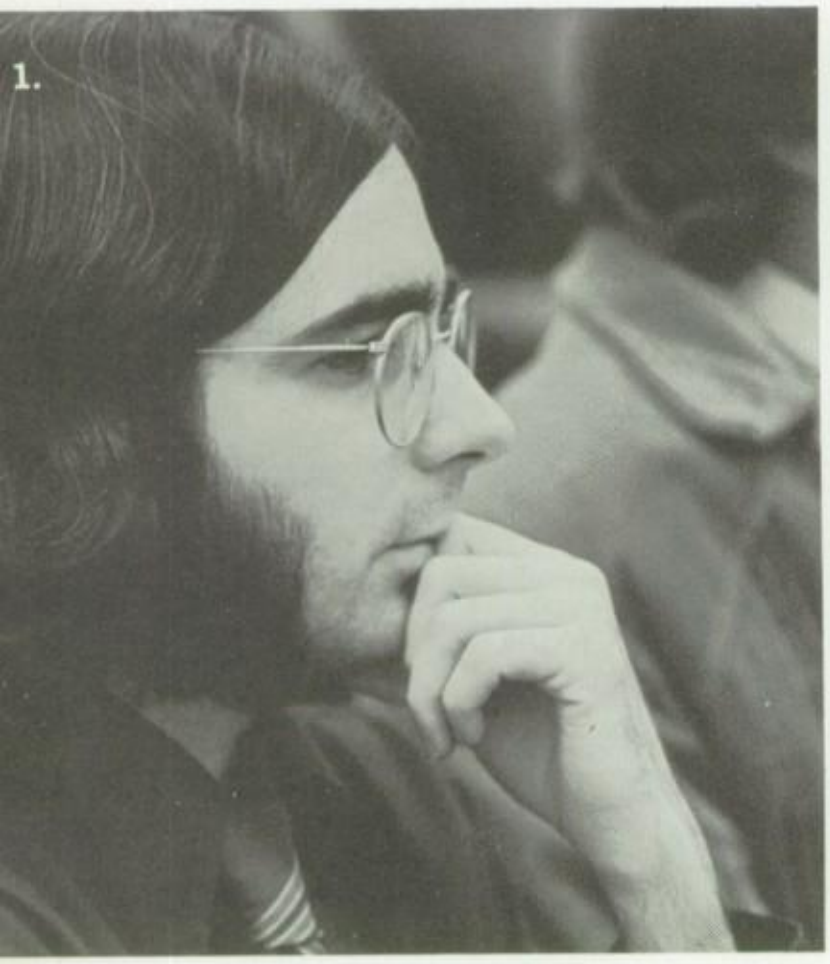
7.

8.

9.

"Some days

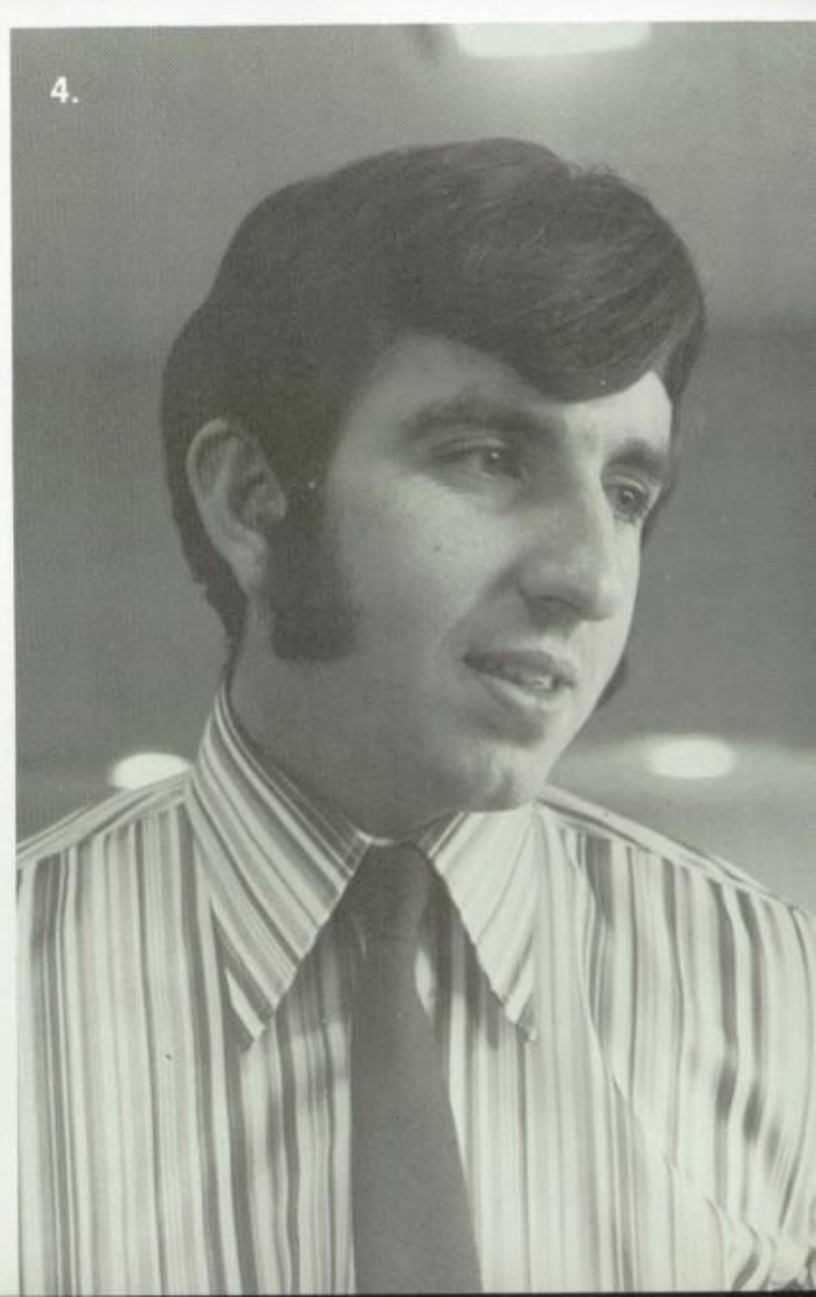
1. MR. BARRY CANTER, Socio-Economics and History — "People learn best in a classroom where they are reasonably comfortable and there is mutual respect between teacher and students. I have found it possible to work with many of the students at Courter on this level". **2.** Dressmaking teacher, **MRS. GARNETTA WHITE** — "One of the questions on a test I gave was, "What are notions?" The answer being the items needed to complete a garment, thread, zippers, buttons, etc.; but a student answered it as, "your attitude toward sewing". **3. MISS PAULINE CARAHER,** Health and Special Education — "It's what you eat that keeps you young and active". **4. MR. FOREST KUHN,** Science — "A memorable question, "Mr. Kuhn, may we have a free bell today?" My memorable reply, "No". **5. MR. HERB SIMPKINS** teaches Auto Mechanics — "I was adjusting the brakes on a car in shop and asked one of the students to check the pedal; he looked in the car window and said, "Yeah, it has a brake pedal".



1.

2.

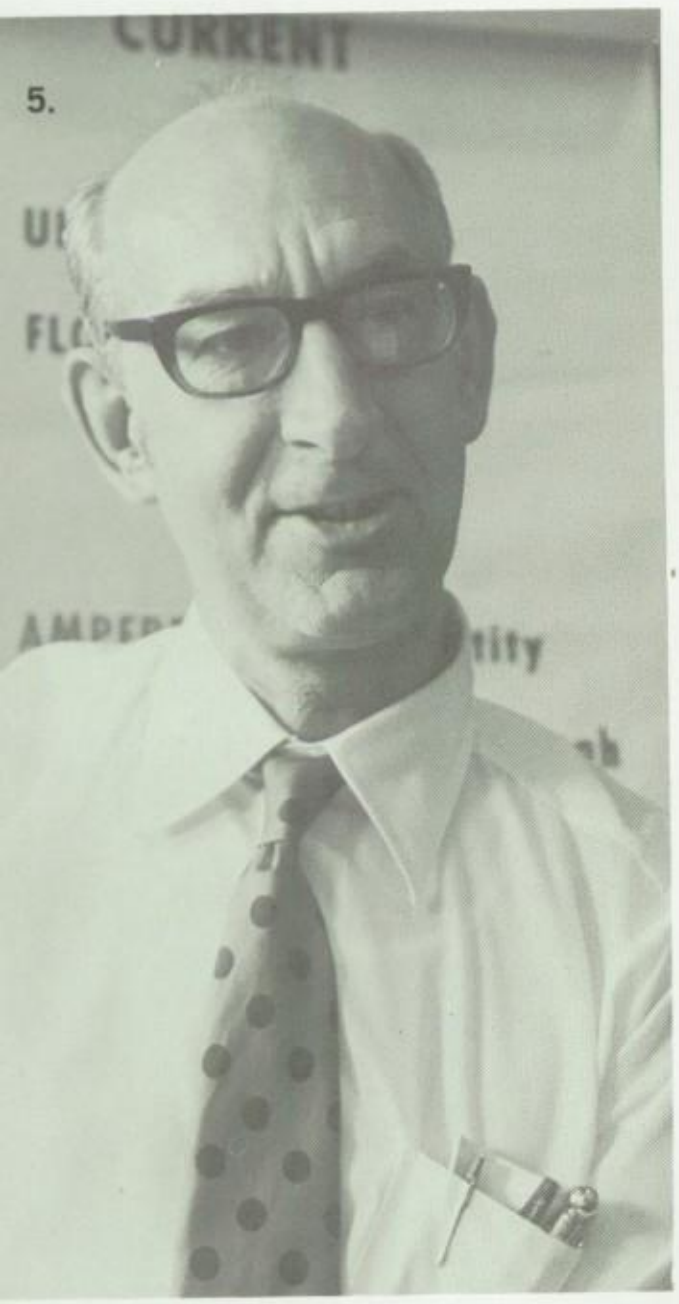
3.



4.

you're hated, some respected, a friend, a foe, a failure, and a success."

6. MRS. ELIZABETH MAITHRE, Art — "Trophies, honors, wide acclaim; artists brought our school much fame. It's been great working with so many civic minded, skilled, creative and knowledgable young people". **7.** Social Studies teacher, **MR. DAVID KEMP** — "With the emphasis on Vocational Education in the State of Ohio, it is still a big question mark why Courter was sold, especially with the great rise in costs to build vocational units at the district schools." **8.** The Program Developer in the Learning Lab is **MISS MARION GARDNER** — "Vocational Education is definitely the thing for the future but we must not neglect the classics for its sake. Fine art, music and literature should remain an important part of the curriculum." **9. MR. WILLIAM IGNATZ,** Chemistry and Math — "I enjoy the many different relationships a teacher experiences with students. Some days you're hated, some respected, a friend, a foe, a failure, and a success; all of these moods are apparent in your students".



5.

6.

7.

8.

9.

1. MR. CLARENCE HESLAR teaches Welding and Electricity — "There is a need in modern industry for craftsmen with varying degrees of technical skill in welding; more and more trades are using welding each year". **2. MRS. HELEN KUGEL,** Counselor — "A goal ahead spurs everyone to achievement. A goal so set and continually strived for will unquestionably reflect itself in our attainments" **3.** English and Social Studies are taught by **MRS. MINNIE EVERETT** — "I believe that the Mini Course idea is beautiful because the students are exposed to more subject areas". **4. MR. LARRY WETTENKAMP** teaches Driver Training — "One day the student driving mistook the sidewalk for the road ... Snap!! went three seat belts in the back seat as some pretty wide-eyed students prepared for the worst". **5. MR. ROBERT SARSFIELD,** Physical Education — "This is the best time of your life. Take advantage of every educational and extra curricular opportunity offered you, because being active is to achieve, and this is the

1.

2.

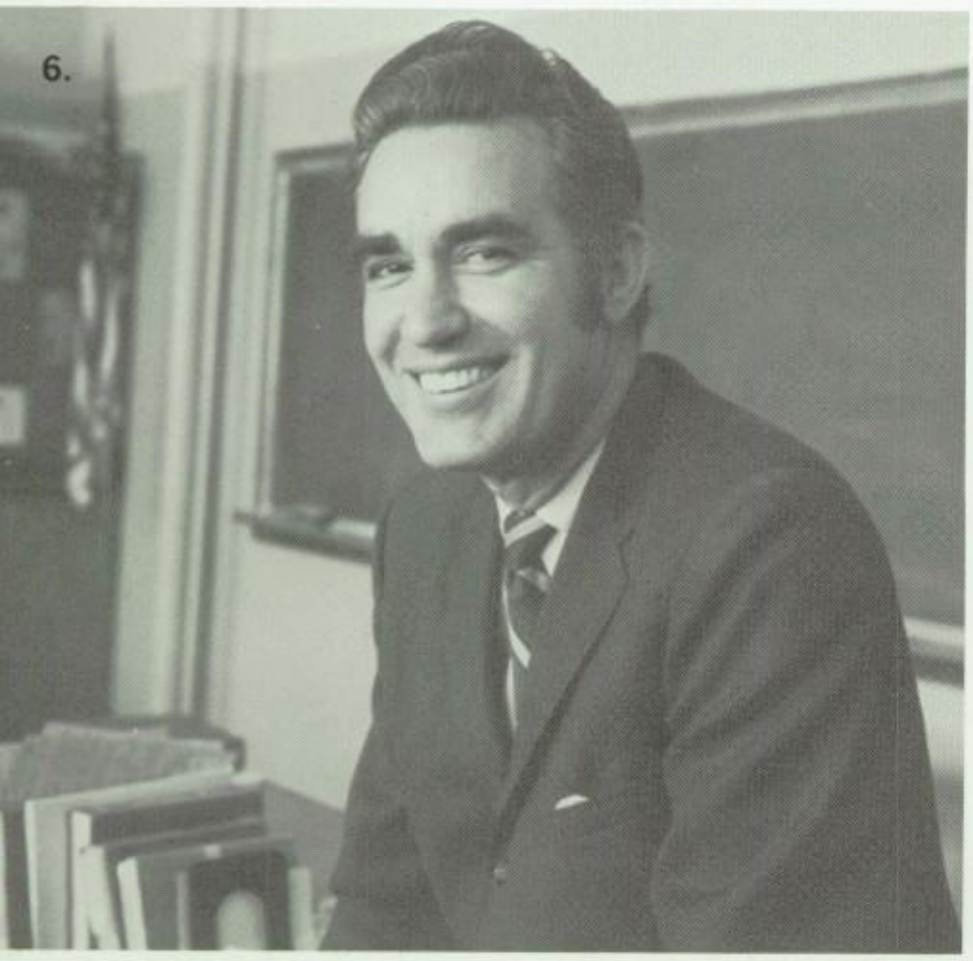
3.

4.

5

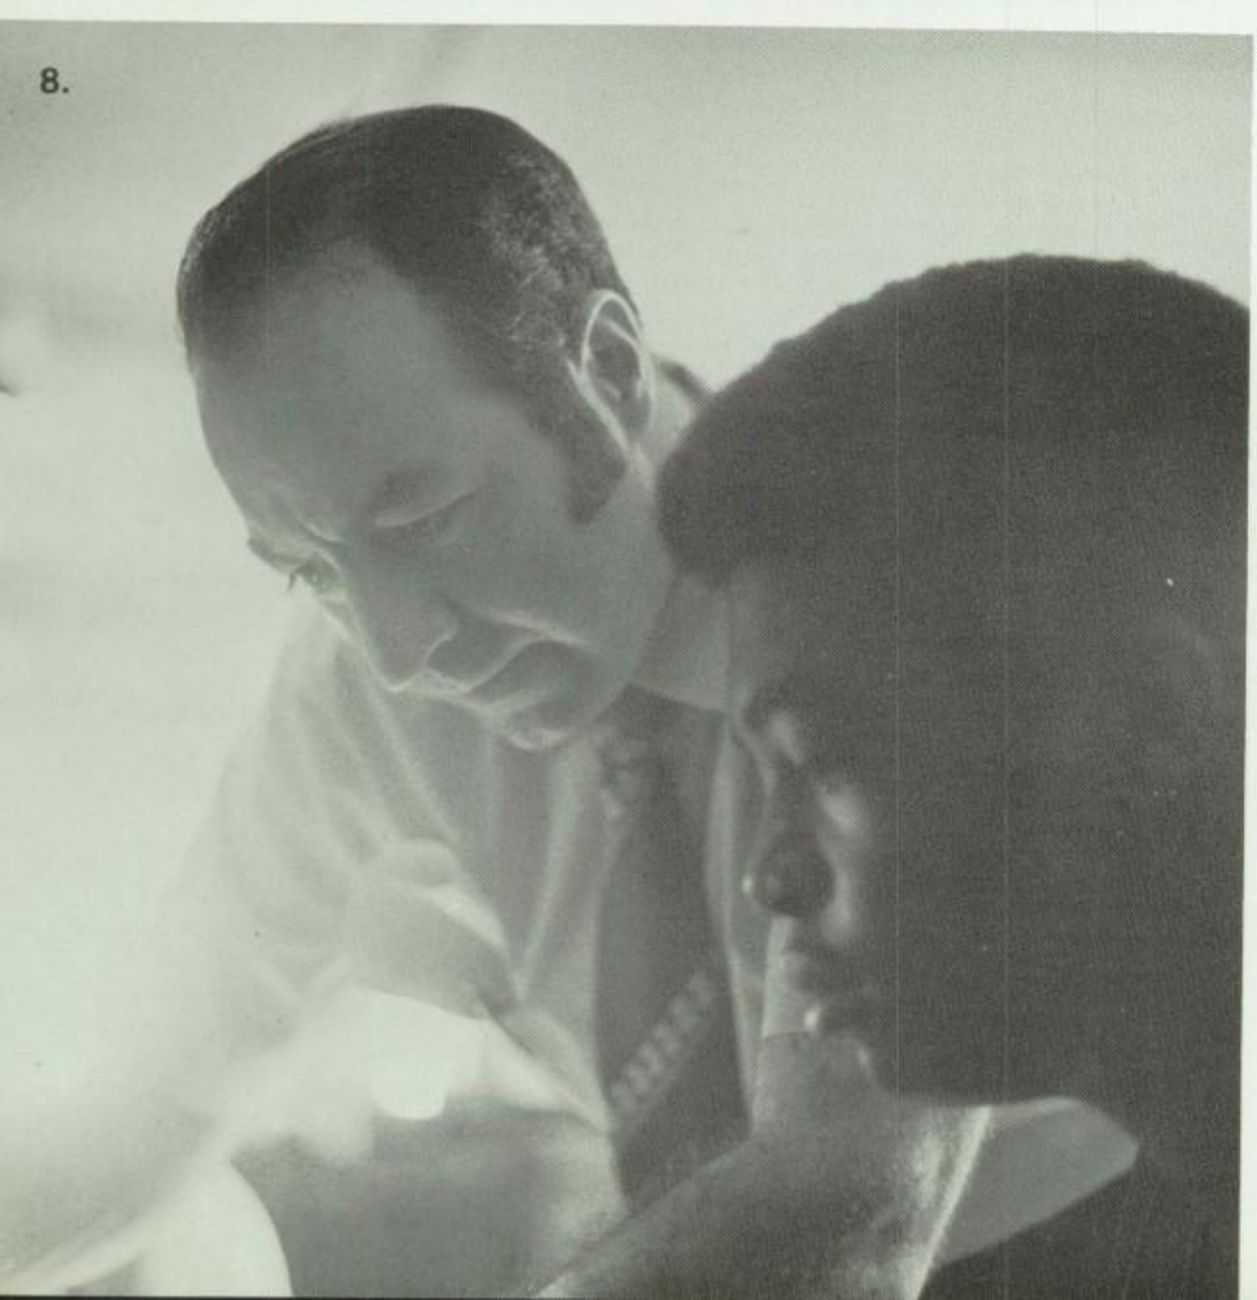
"A goal ahead spurs everyone to achievement."

sole of happiness". **6.** English teacher, **MR. LEE BOGGS** — "My claim to fame lies in the students I teach — I too, am a part of all that I have met". **7.** English II and III and Better Composition are taught by **MRS. NANCY KOCH** — "It was early September and the freshman spelling list on the board included the word "Courter". One student shyly raised his hand and asked, "Isn't that the name on the front of the building?" **8. MR. DALE YODER** teaches Graphic Communications and Journalism — "I received a note from a parent of a student in my homeroom the day following her son's absence, it read: "Bill was in court yesterday. Please accuse him". **9. MR. JOHN EASTLACK,** Yearbook Advisor and Art Teacher — "The most enjoyable part of teaching for me is seeing the students involved in their school, taking pride in their accomplishments, themselves, and Courter Tech. I wish more students would take an active role in Courter activities and experience this".



6.

7.



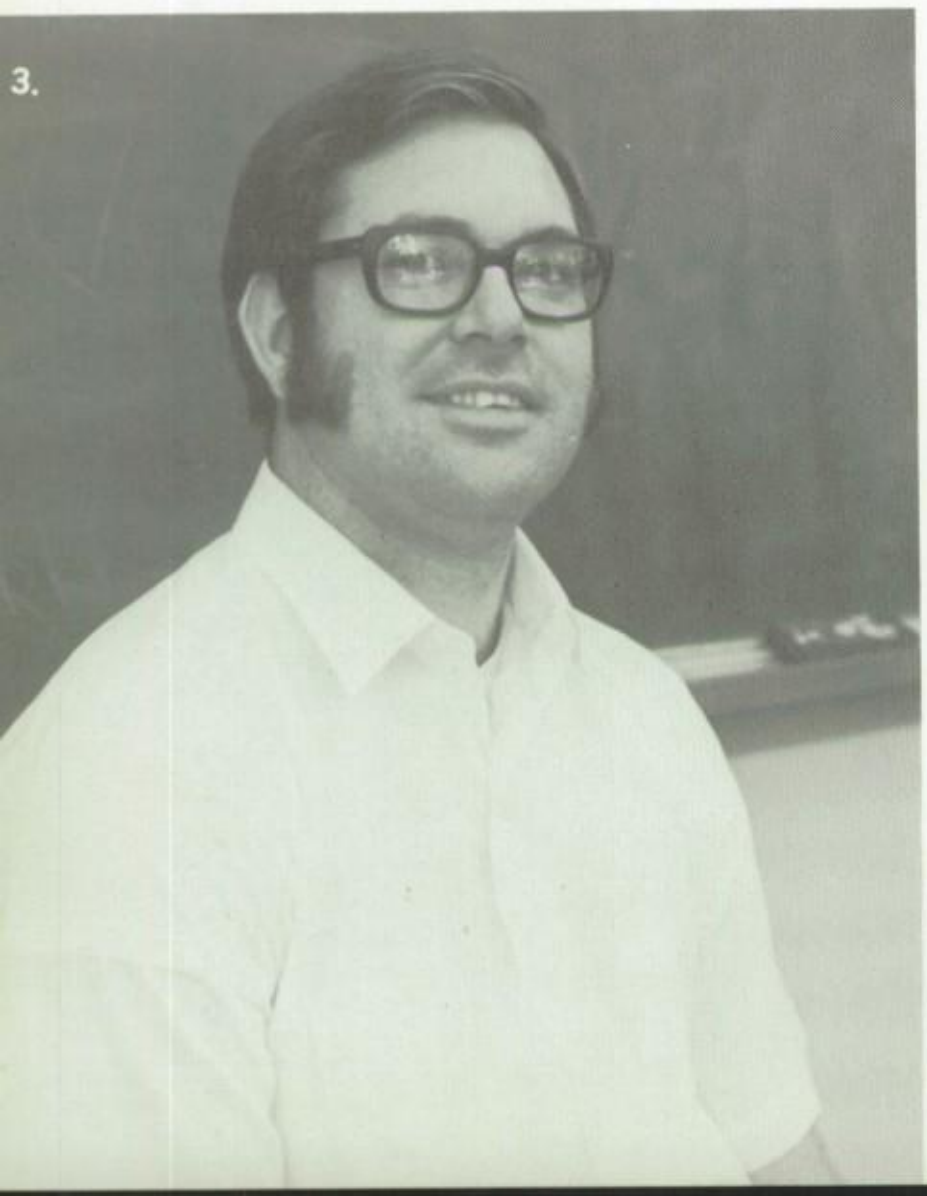
8.

9.

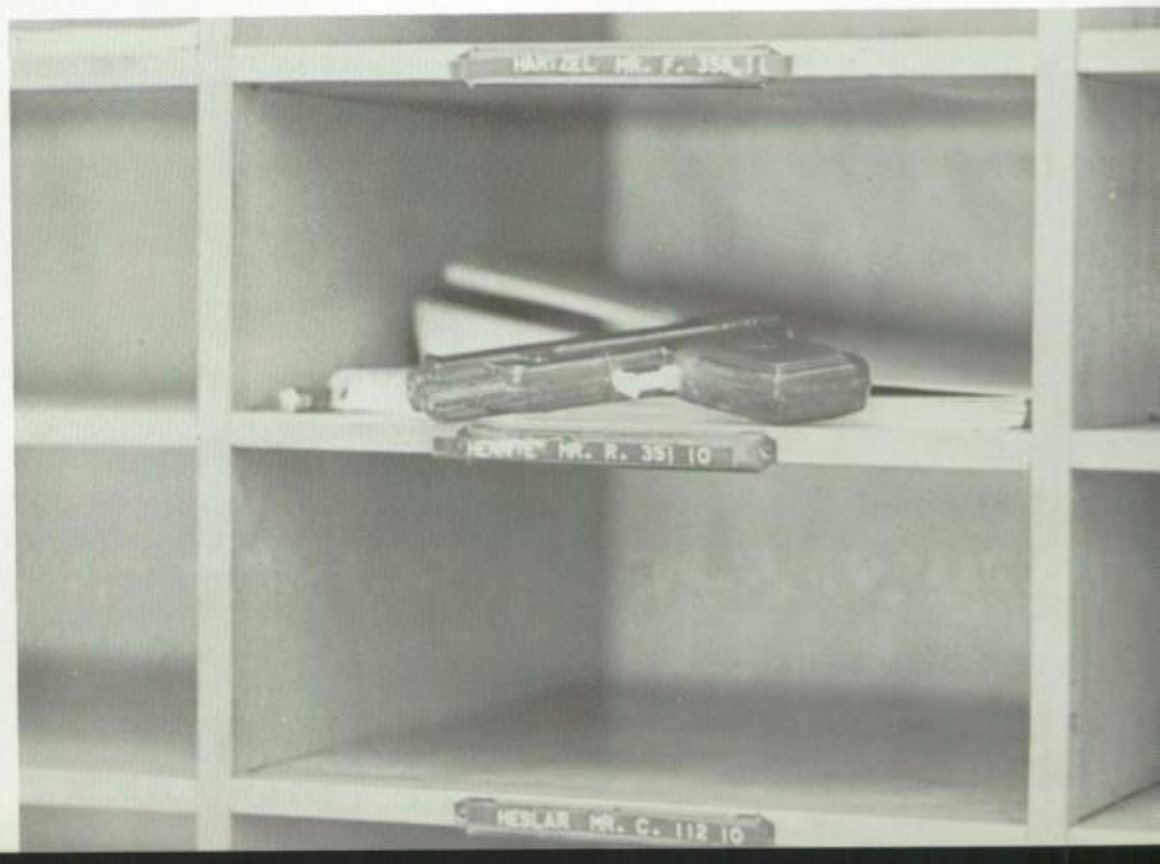
1. MISS MARY ANN LANE teaches English and Reading — "One of the most exciting projects I have been involved in during my years here at Courter is the individualized teaching program developed in the Learning Laboratory. The response of the pupils has been especially rewarding." **2.** Construction Technology is taught by **MR. ED BUNTE** — "No one wishes to associate with a loser, a braggart, or a wise guy, so don't". **3. MR. STEVE SCHWEITZER,** Math — "I think that the students of today must realize that our world is becoming more and more competitive. One way to be a winner in life is to get a good education and use it. The person who does the most with his life early, will have more roads to travel later". They won't look back and wish they had done things differently." **4. MISS JUDITH ROLFERT** teaches Physical Education — "OK, GAA, if the guys can't win, the girls will win!!" **5. MR. JAMES NICKERSON,** Science — "I believe that in developing a practical understanding of the scientific principles of the world

1.

2.



3.



"OK, GAA, if the guys can't win, the girls will win!!"

in which we live and the outer spaces to which we aspire, I am committed to implant in the minds of my students a healthy desire to progress in knowledge to the mutual satisfaction of themselves and their fellowmen." **6. MR. RALPH HENNIE,** Technical Drawing — "Courter Tech is an excellent school where a young person may explore a career opportunity and make a decision on his future. However, some do not take advantage of it, and unfortunately waste their time". **7.** Business English and Socio-Economic Problems teacher, **MISS MARY SPIKER** — "In Socio-Ec, the co-op students are exploring problems found in today's world through group discussion and research. They will be better prepared to vote when they turn eighteen". **8.** The Co-ordinator of Exploratory Careers, **MR. WILLIAM BRITTON** — "Education with a purpose helps a person become a contributing citizen to society. Courter Tech has this general attitude. I am grateful to have been a part of it".

4.

5.

6.

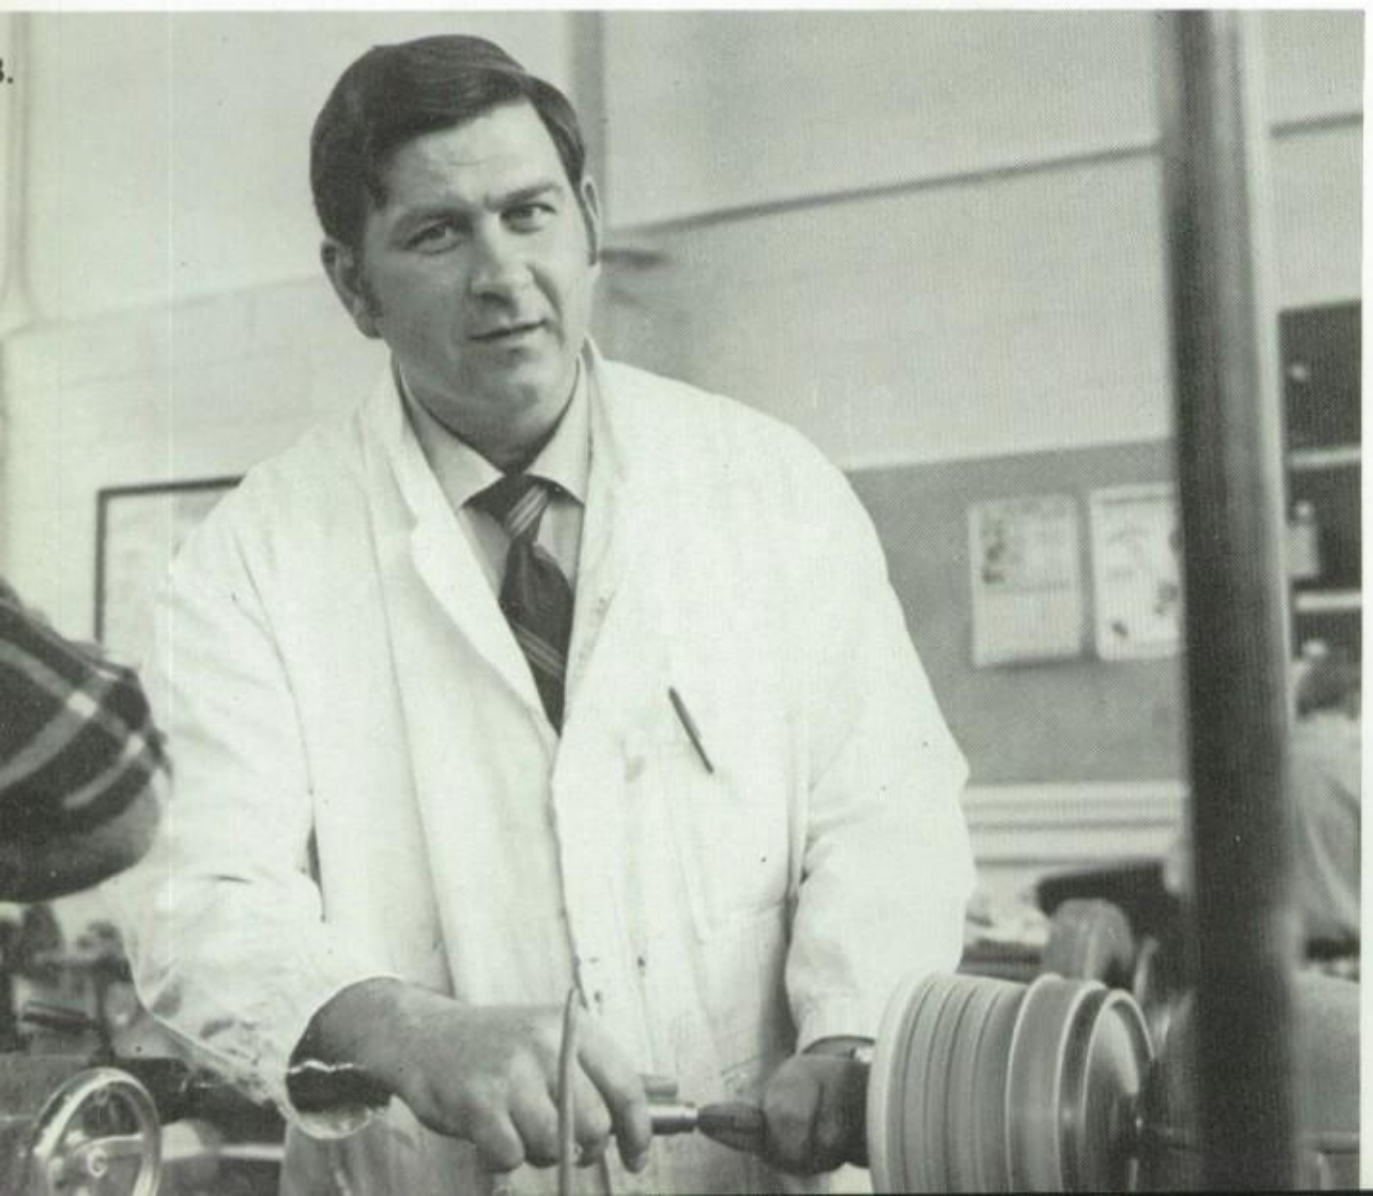
7.

8.

1. MR. FLOYD TURBEVILLE teaches Graphic Communications — "Printing really makes an impression." **2. MRS. CLEO MILLER,** Vocational Guidance Counselor — "Perhaps the most enjoyable part of my job, or that of any counselor, is the return visit of a student with whom I've worked in the past. The growth and personal maturity of past graduates renews the desire to keep plugging with even the most reluctant student." **3.** Woods and Drafting are taught by **MR. DAVID PENICK** — "I knew I was going to have difficulty in my beginning Drafting class when fourteen people thought a french curve was a highway in France." **4. MR. LAWRENCE REDMOND,** Business Math and Special Education — "The sale of Courter will set education back twenty years in Cincinnati." The photo above Mr. Redmond shows Mrs. Lucas making him up to play Santa Claus, and Mr. Simpson as his chief helper, for the "Children's Christmas Party". **5.** Teaching Social Studies in the Deaf Program is **MRS. SUE MERZ** — "Teach-

1.

2.



3.

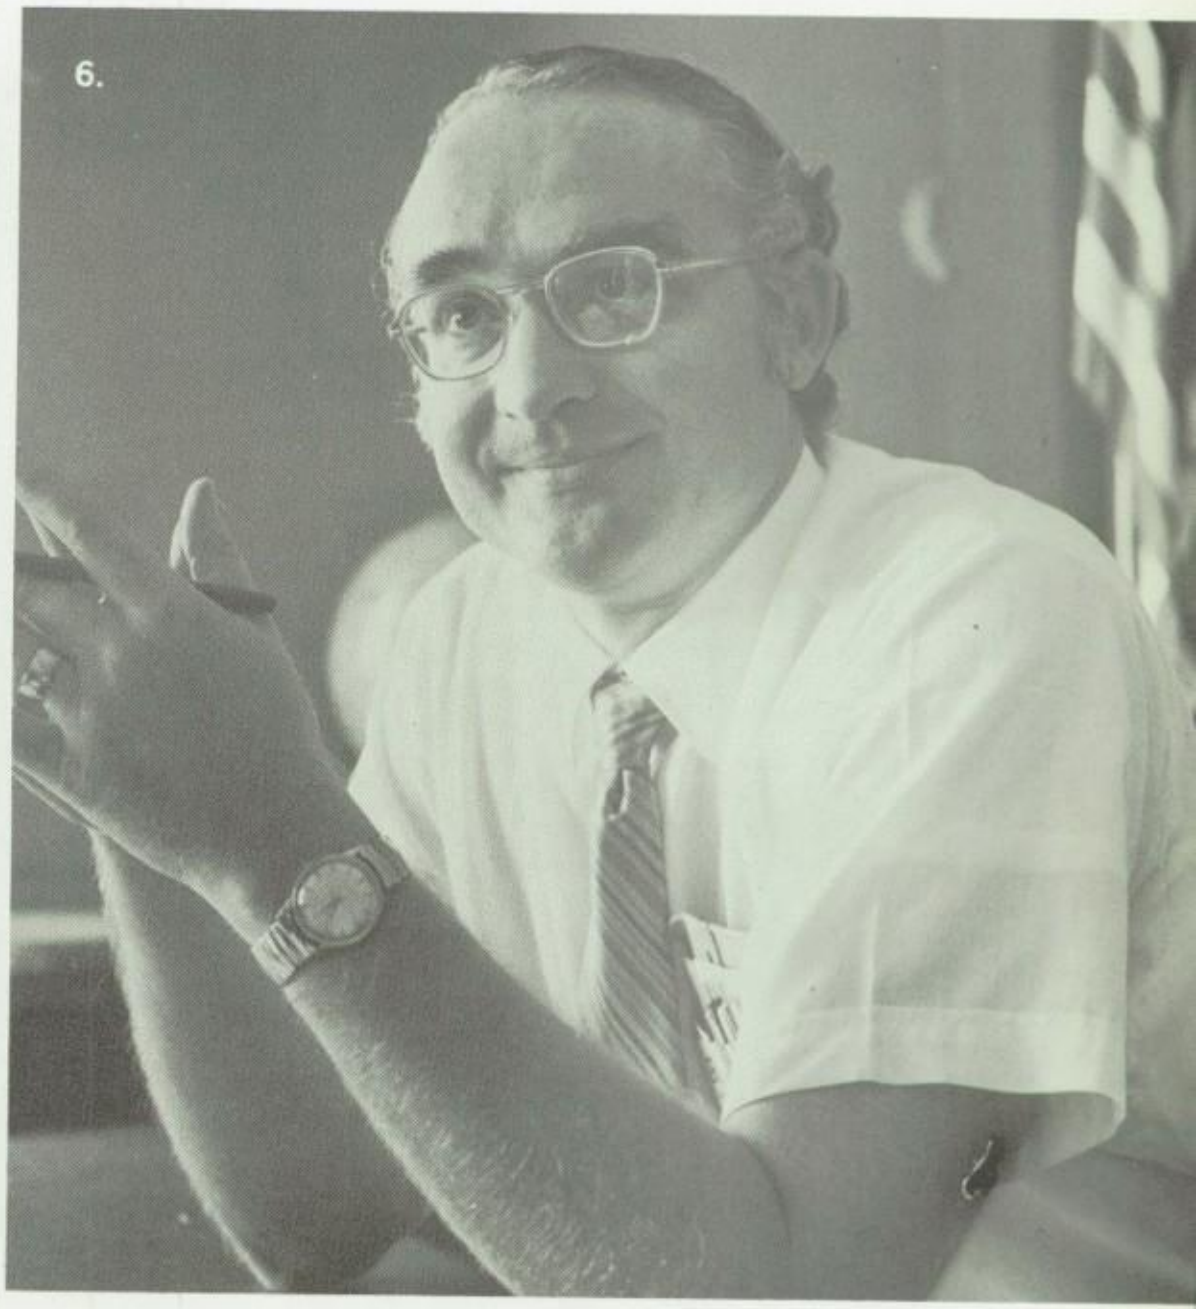
4.

"The sale of Courter will set education back twenty years in Cincinnati."

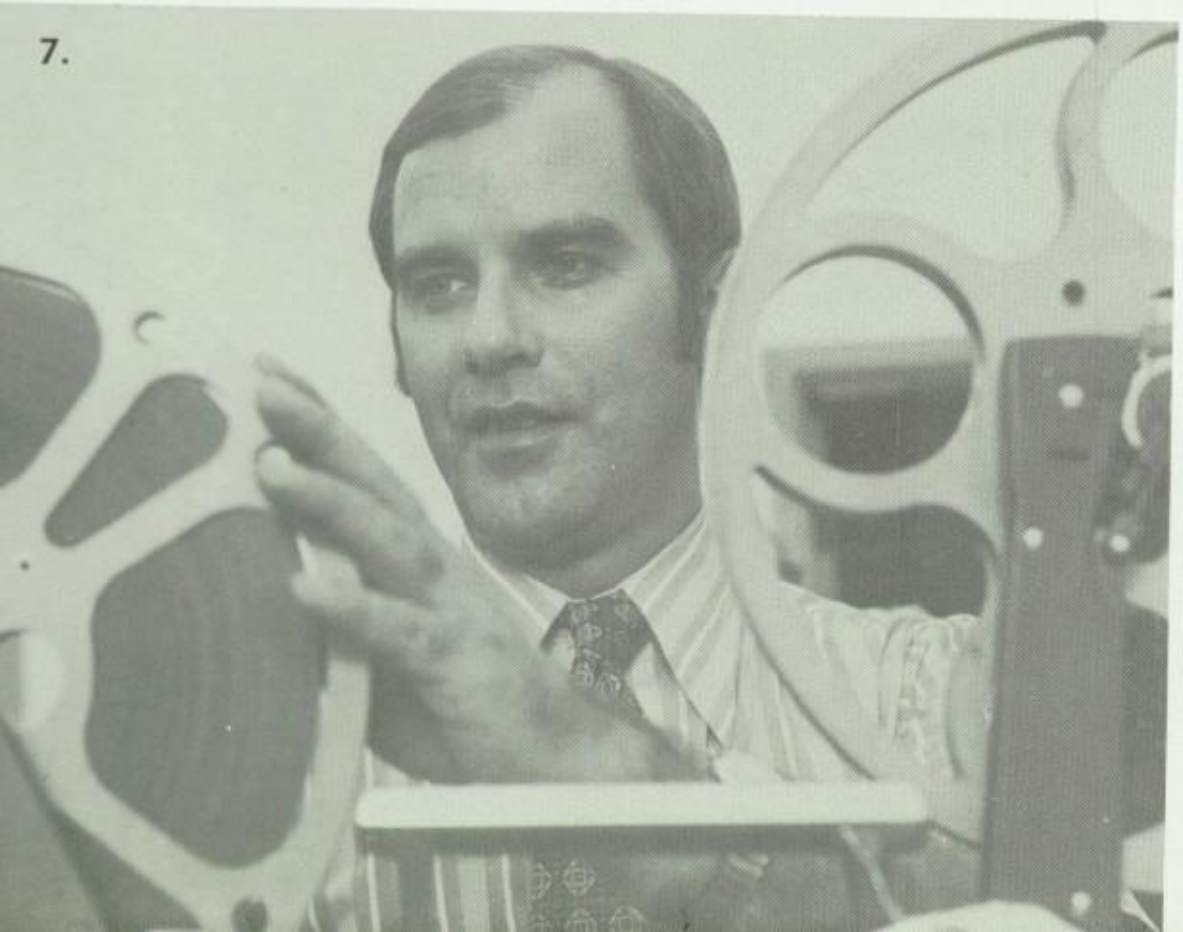
ing is a difficult but a great occupation. The problems sometimes seem overwhelming but the rewards are likewise tremendous. I really wouldn't trade it for anything." **6. MR. THOMAS GROOMS,** American History and Geogrpahy — "Courter is an outstanding vocational school. The students are preparing themselves for the future job market. This should be the goal of all the schools." **7. MR. ART PAUL,** Driver's Education — "The students at Courter are the best adjusted students that I've come in contact with in Cincinnati. They come to school with the idea of getting educated. They conduct themselves on a very high level. This year at Courter has been a very enjoyable one." **8.** The Co-ordinating Teacher for the Deaf Program, **MRS. AREVA GOSSER** — "The one thing for which we in the program for the deaf are most grateful is the kindness shown to our deaf students by both the faculty and other students. Everyone at Courter patiently stops and "Shows" our deaf people what they do not hear."

5.

6.



7.



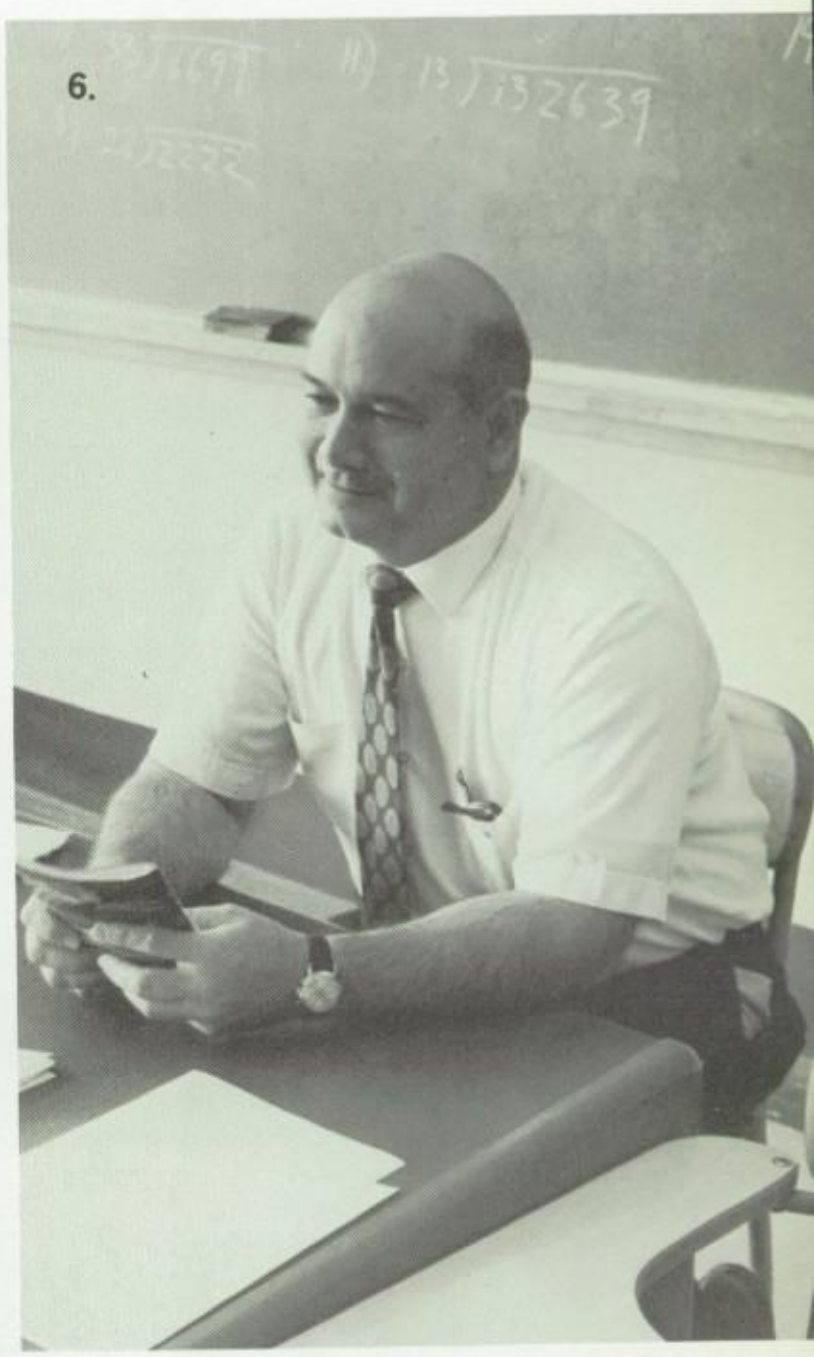
8.

1. MR. ORVILLE TENHUNFELD teaches Auto Mechanics — "The sale of Courter represents a complete reversal of the original philosophy of centralizing vocational facilities in this building. So many people worked so hard to get Courter Tech and now it's all changed". **2.** English teacher, **MRS. ALICIA HALL** — "Students today have far greater opportunities to broaden their horizons. However, I find that many have lost the ability to concentrate sufficiently to master the fundamentals of a subject". **3. MRS. ADELHEID PRICE** teaches Foods Fundamentals — "Courter is where the action is! Seeking knowledge and developing skills in the Food Service Industry is what the action is all about". **4. MR. KEN SIEFFERMAN** is in charge of Job Training and Placement — "Insecurity is Virgil Barger interviewing for a job. Security is Virgil two weeks later on pay day. Student workers say that money in a new pocket feels good". **5. MR. SAMUEL CAPOZZOLO,** teaches Office Practice — "The Courter trained graduate has a distinct

Students today have far greater opportunities to broaden their horizons."

advantage in today's competitive job market. He made a wise choice of schools". **6. MR. VIRGIL SCARDINA,** Special Education and the Varsity Wrestling Coach — "The Wrestling Team took me in and said they would teach me something about wrestling, and make a winning coach out of me. They did both. A damn fine bunch of guys". **7.** Tailoring and Pattern Design are taught by **MR. HARRY CLEMENTS** — "Job opportunities are many in the Needle Trades area, offering a rewarding future". **8. MR. WILSON GAMBLE,** Occupational Education — "It should be the policy of the school to prevent isolation of students. There should be few clearly defined and labeled programs; students should be grouped by ability and the homogeneous homeroom may be an effective means to this end". **9. MISS SANDRA HODDE** teaches Science — "At least once a week a student asks me if I'm a teacher or a student. I'm not so sure being told I look young is much of a compliment."

5.



6.

7.

8.

MEMORIES

THE CHILDREN'S CHRISTMAS PARTY

WHO'S WHO

GRADUATION

THE PROM

CLASS DAY

For the Seniors. . . .A Graduation Wish

May you always have. . .
enough success to make you proud
enough joy to keep your heart singing
enough trials to keep you strong
enough luck to make you smile at life
enough work to keep you from being bored
enough of all life's treasures to keep you truly happy.

SENIORS

SENIORS

SENIOR CLASS OFFICERS — left to right: Bruce Zepf, Vice-president; Denise Trapp, Treasurer; Denice Smith, Secretary; Greg Frazier, President.

"OUR SENIOR YEAR"

September 8, 1971 - The first day of school; we began our Senior year . . . "What terms do you have Mr. Boggs? . . . I don't feel like a Senior yet . . . I sure hope it's a good year". **October 18** - We held the first of several money making projects; the Halloween candy sale to help raise money for the Children's Christmas Party. **December 3** - Seniors ordered their Graduation announcements . . . "Let's see, I need one for Aunt Hilda, and one" . . . **December 6** - Members of the class began collecting money in pop cans from the student body for the Christmas Party . . . "How much did you collect today? . . . Oh, yeah, bring in some ornaments for the tree." **December 22** - The Senior sponsored Children's Christmas Party . . . "T'was the night before Christmas and all through the house . . . Watch, here comes Santa . . . This is really Christmas." **January 13** - We were measured for our caps and gowns . . . "Is my head really that big." **February 16** - The class began selling potato chips to raise money for the Prom . . . "What'll ya have, plain or barbeque?" **March 15** - The Senior assembly for the selection of the graduation site . . . "I want Music Hall . . . Why not the stadium . . . The Fieldhouse?" **April 4** - An industrious group of Seniors undertook a Newspaper and Can Drive to raise additional money for the Prom . . . "Dump all your papers and cans in Iggy's back room . . . Marilyn, what are you doing in that garbage can? . . . Don't worry, Don, it'll work out all right." **April 17** - The selection of the Senior Popularity Poll ("Who's who") . . . "Let's see, BEST LOOKING, well that's got to be me; MOST POLITE,

continued on page 93

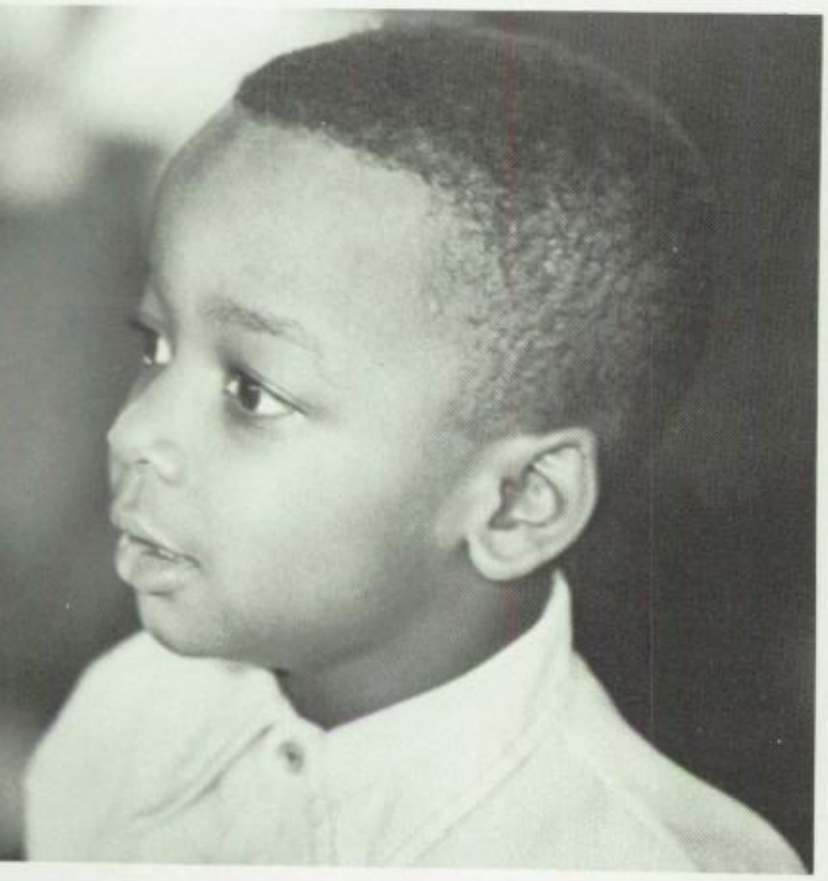
December 22 - "The Children's Christmas Party."

A very special part of every Senior's year is the traditional "Children's Christmas Party" sponsored by the Senior class. This year was no exception as the Seniors played host to fifty children, age four to six, from two local day care centers. Money for the event comes from contributions made by the student body.

The Christmas spirit was apparent early in the day as some of the Seniors spent the morning decorating the twelve foot Christmas tree in the gym or wrapping toys and gifts for the children. That afternoon the faculty and student body joined in at the assembly. Christmas carols were sung, there was a reading of "The Night Before Christmas", and of course the highlight of the program, a visit by Santa Claus with presents for all the children. Later that afternoon, the youngsters were treated to ice-cream and cookies at a party in the cafeteria. It was a memorable Christmas for them and for us as well.



HILDA E. EVANS — Clerical Practice; Senior Advisory Board 4; Student Council 2, 3; Junior Advisory Board 3; "Who's Who" 4.

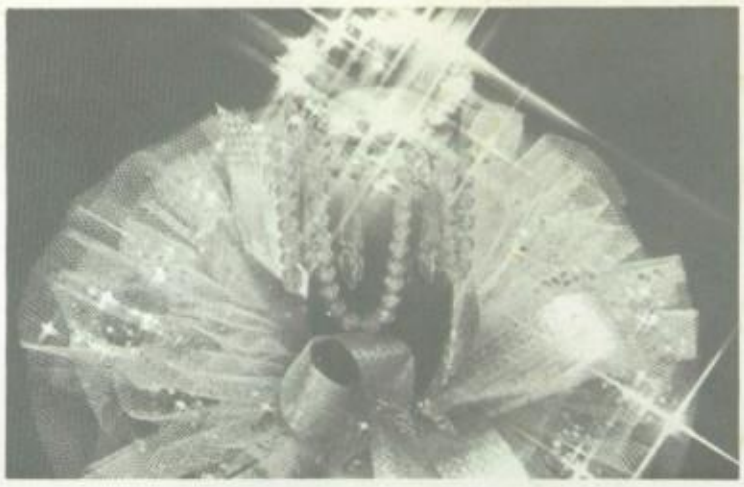
May 20 - "The Prom."

The morning of Saturday, May 20, found the members of this year's Prom Committee busy at work decorating the Convention Center. This was a climax to approximately six weeks of hard work and preparation for the event.

The theme, "Diamonds Are Forever," had been decided upon early in April, with ideas for decorations finalized about a month before the Prom. Committee members spent the next several weeks making the centerpieces and preparing the entrance and stage decorations. Silver and Royal Blue were the theme colors and that Saturday as the decorations went up, the room sparkled with giant radiant cut diamonds, reflecting panels of silver mylar and shimmering mirrors against blue net. Candle centerpieces encrusted with glitter and strung with crystal prisms and beads were on the tables. This was to be the setting for our 1972 Junior-Senior Prom.

"Diamonds Are Forever"



The evening was as bright and glittering as the theme suggests. Couples danced to the versatile sound of the musical group, "The Vision." The awards for the Prom Dress Contest were presented; this year's honors went to Flo Lowery, first place; Amy Shook, second; and Carol Allman, third place. Fourteen girls, who had made their own formals in the Needle Trades classes, participated in the annual contest.

Of course the very special part of the evening was the crowning of the 1972 Prom King and Queen. The votes of the students in attendance had been cast and tallied. Miss Rolfert and Mr. Eastlack announced the royal couple, "Queen" Flo Lowery and "King" Benny Kennedy. Members of this year's Queen's Court included Gayle Merritt, Donna Bitzer, Paulette Tarver and Denice Smith. The young men of the King's Court were Donald Elmore, Don May, Steve Dorsey and Anthony Crenshaw.

At one A.M. the band struck up the theme song, "Diamonds Are Forever," bringing to an end all too soon, our beautiful prom. Everyone agreed it had been a wonderful evening.

June 8 — "Class Day."

One of the last times the Senior Class is officially together is for the traditional Class Day, a day set aside exclusively as an awards day.

The assembly began with Mary Jo Wesley, President of the Class of '73, welcoming the Seniors. Mr. Sutton proceeded with the presentation of the awards. Certificates of recognition from various programs and organizations were presented along with college grants and scholarships. The "Ten Outstanding Senior" trophies, awarded by the Pendulum, were presented to five young men and five young women who have been notable in school service, brought honor and recognition to Courter, and embody the highest ideals of Courter Tech High School.

Stuart Press, editor of the school newspaper, presented Mr. Kiley, our librarian, with the first bound edition of this year's "Knight Lifes." Finally, the presentation of the "Man and Woman of the Year" trophies; this year awarded to Denice Smith and Simon Buchwald.

Directly below: **"OUTSTANDING SENIOR AWARD"** recipients, First row left to right: **BENNY KENNEDY, LORRAINE HEARD, DENICE SMITH.** Second row: **FLO LOWERY, STEVE DORSEY, BARB BURCH, MIKE WHITE, BRUCE ZEPF.** Not pictured: **CASSANDRA BOOKER, DON MAY.**

June 10 - "Graduation"

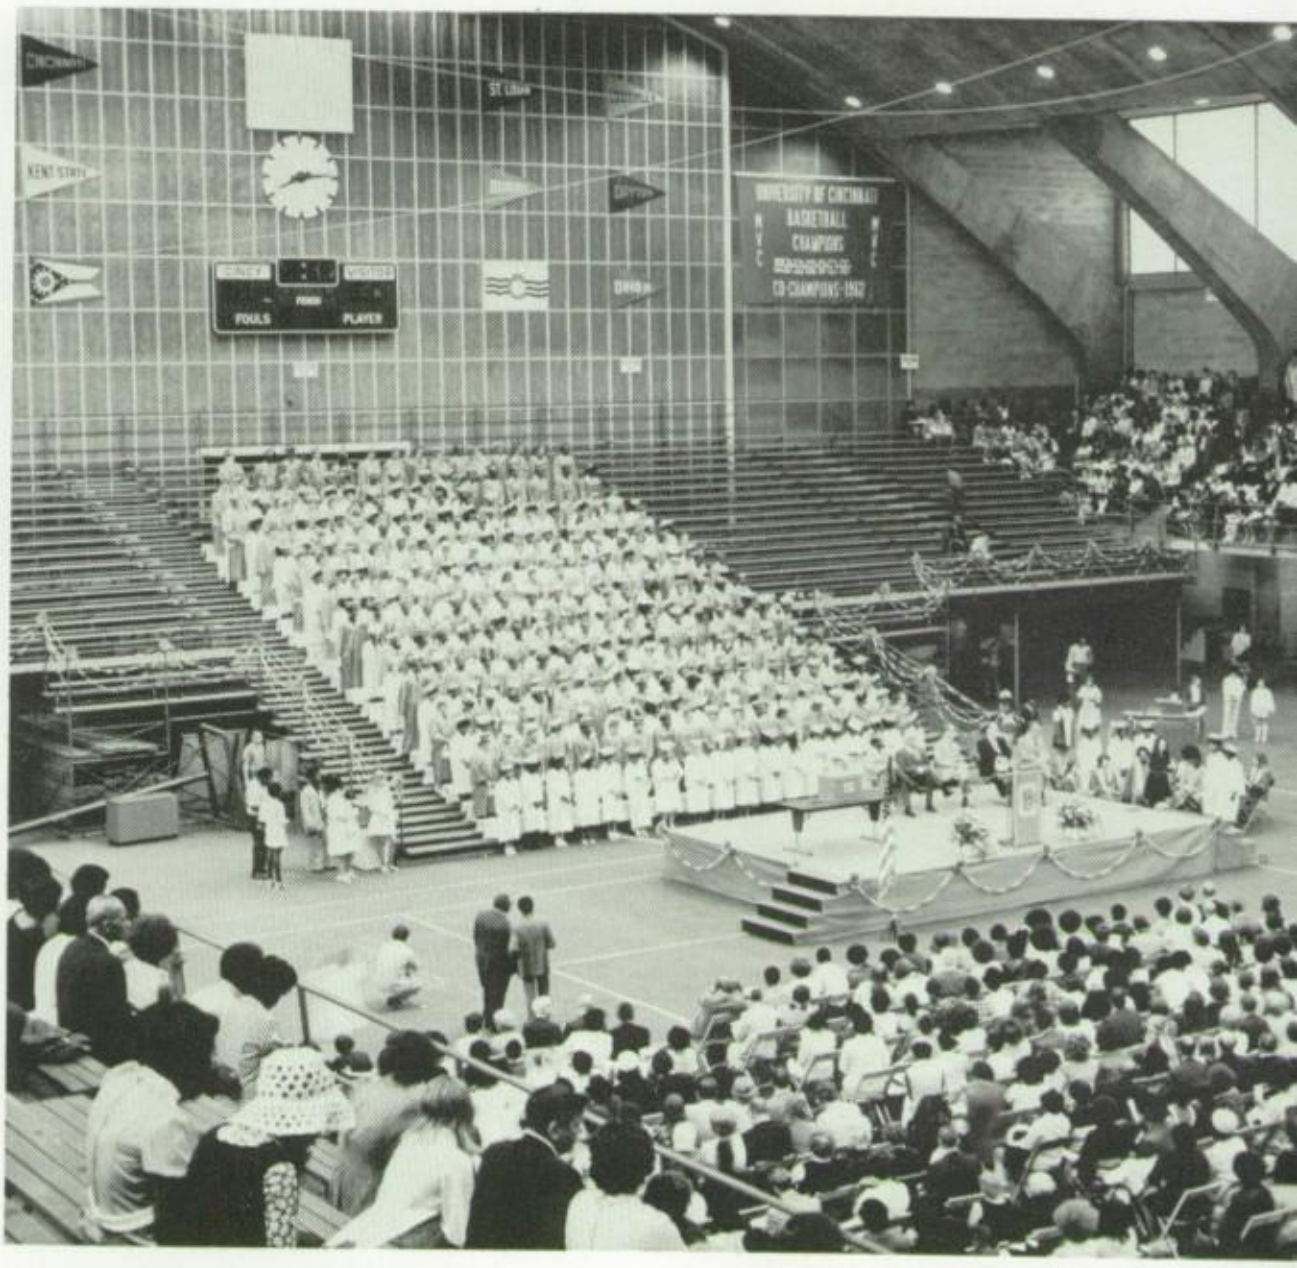
The evening of Saturday, June 10th, the three hundred and seventy seven members of the Class of 1972 bid farewell to their high school days at commencement exercises held this year in the U.C. fieldhouse.

The main address of the evening was given by Mr. C.O. Tower, Assistant Director of Research and Survey with the State Department of Education, and former principal of Central High School, now known as Courter Tech. The topic of his address, to the graduates, their relatives and friends, was vocational education.

Principal Edwin Sutton then presented the graduating class to Mr. John Faust, the Acting Associate Superintendent of Schools. Mr. Faust conferred the diplomas upon this year's Seniors; Greg Frazier, Senior Class President, accepted in their behalf. Mr. Sutton and Mr. Faust then presented the diplomas individually to the members of the class.

As the last graduating senior received his diploma, the graduates burst into a cheer and confetti filled the air above them. Tassels were switched to the right; our Class of '72 was officially declared graduates of Courter Technical High School.

" . . . an end and a beginning."



Reflections of the past, present and future wander through the minds of graduating Seniors as they await their march to "Pomp and Circumstance." Their high school days are over. Days revolving around classes, friends, and activities . . . days of expectation, frustration and endless satisfaction. Today they take with them a diploma earned with the guidance, education and accomplishments of their years at Courter . . . but also the friendships and memories of their alma mater.

Each step of the procession leads to the end that is like all ends, a step toward a new beginning.

Head Coach: Harry Andreadis Asst. Coach: Larry Wettenkamp

"We had a very good, hard working group of young men who dedicated themselves for three very hard months. They just didn't have the size and strength to play our schedule. Not enough of everything."

Coach Wettenkamp

Courter Tech's football team, plagued by a punchless offense and a defense that just couldn't hold in the last quarter, finished a discouraging season in the PHSL cellar with a poor 0-9 mark overall.

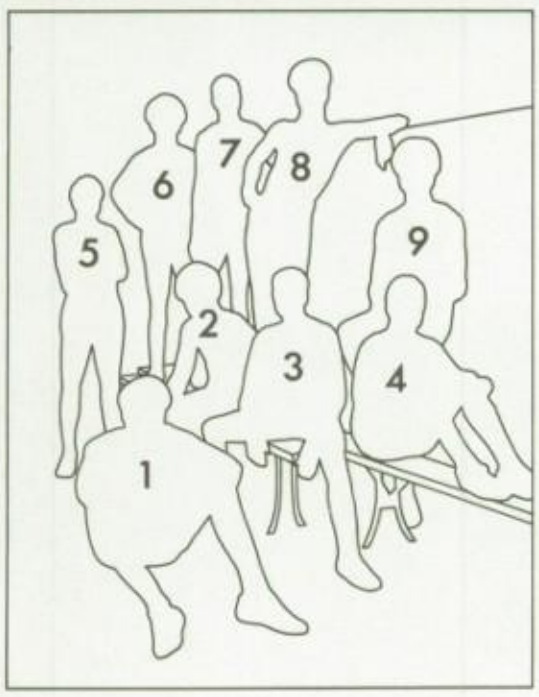
Coach Harry Andreadis' eleven opened the season with a 20-6 defeat at the hands of Purcell. The Knights were then trounced by a physically much larger GCL team, LaSalle, 32-6, and Harrison, 30-0. In the fourth game of the season, arch rival Hughes, taking advantage of the absense of Bill Plummer, Courter's regular quarterback, set us back with a 20-0 score.

Midway in the season, in the game against Taft, Cliff Phillips scored on a fumbled snap from center late in the game to put Courter out front, but the lead quickly changed as Taft regrouped, intercepting two passes to score both their TD's and end it 12-8.

An 18-8 loss to Walnut Hills followed, but discouragement became despair the rainy night of the Western Hills game as the Mustangs defeated Courter 61-0.

Consecutive losses to PHSL Champs Withrow and an always tough Hamilton Taft squad ended a very frustrating season for the Knights.

WHOOSH!



1971-72 VARSITY BASKETBALL TEAM

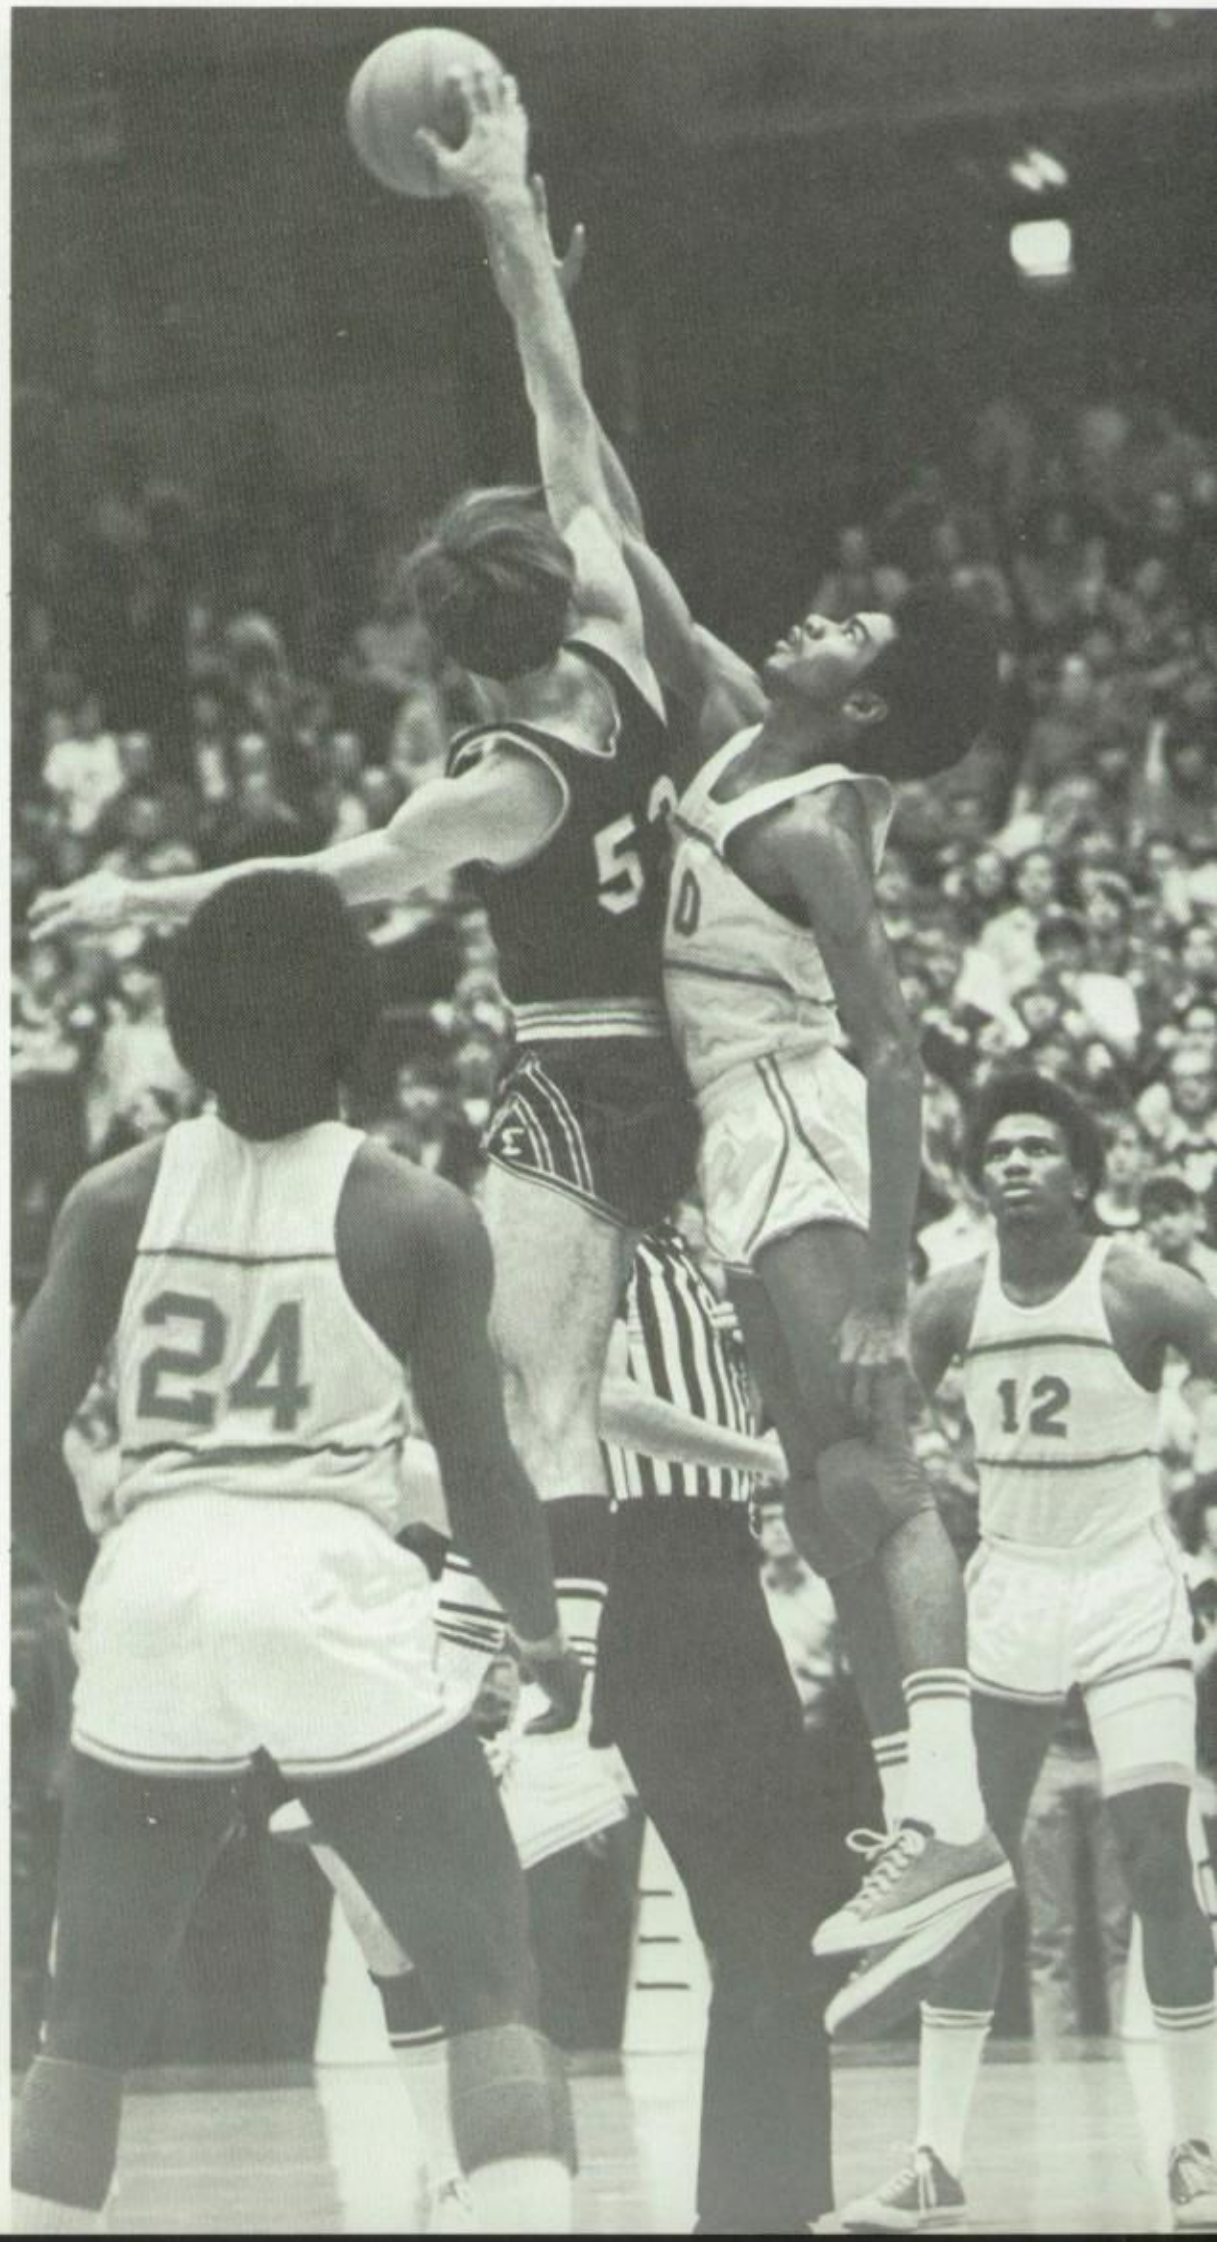
1. Darnell Dawson
2. Tony Hoskins
3. Walter White
4. Myron Monroe
5. Benny Kennedy
6. Dexter Williams
7. Dean Nieporte
8. Greg Simmons
9. Chris Jones

Head Coach: Steve Schweitzer

Asst. Coach: Sam Iona

"Although we had a 5 and 15 record we played many very close games . . . no one thinks Courter is a soft touch anymore."

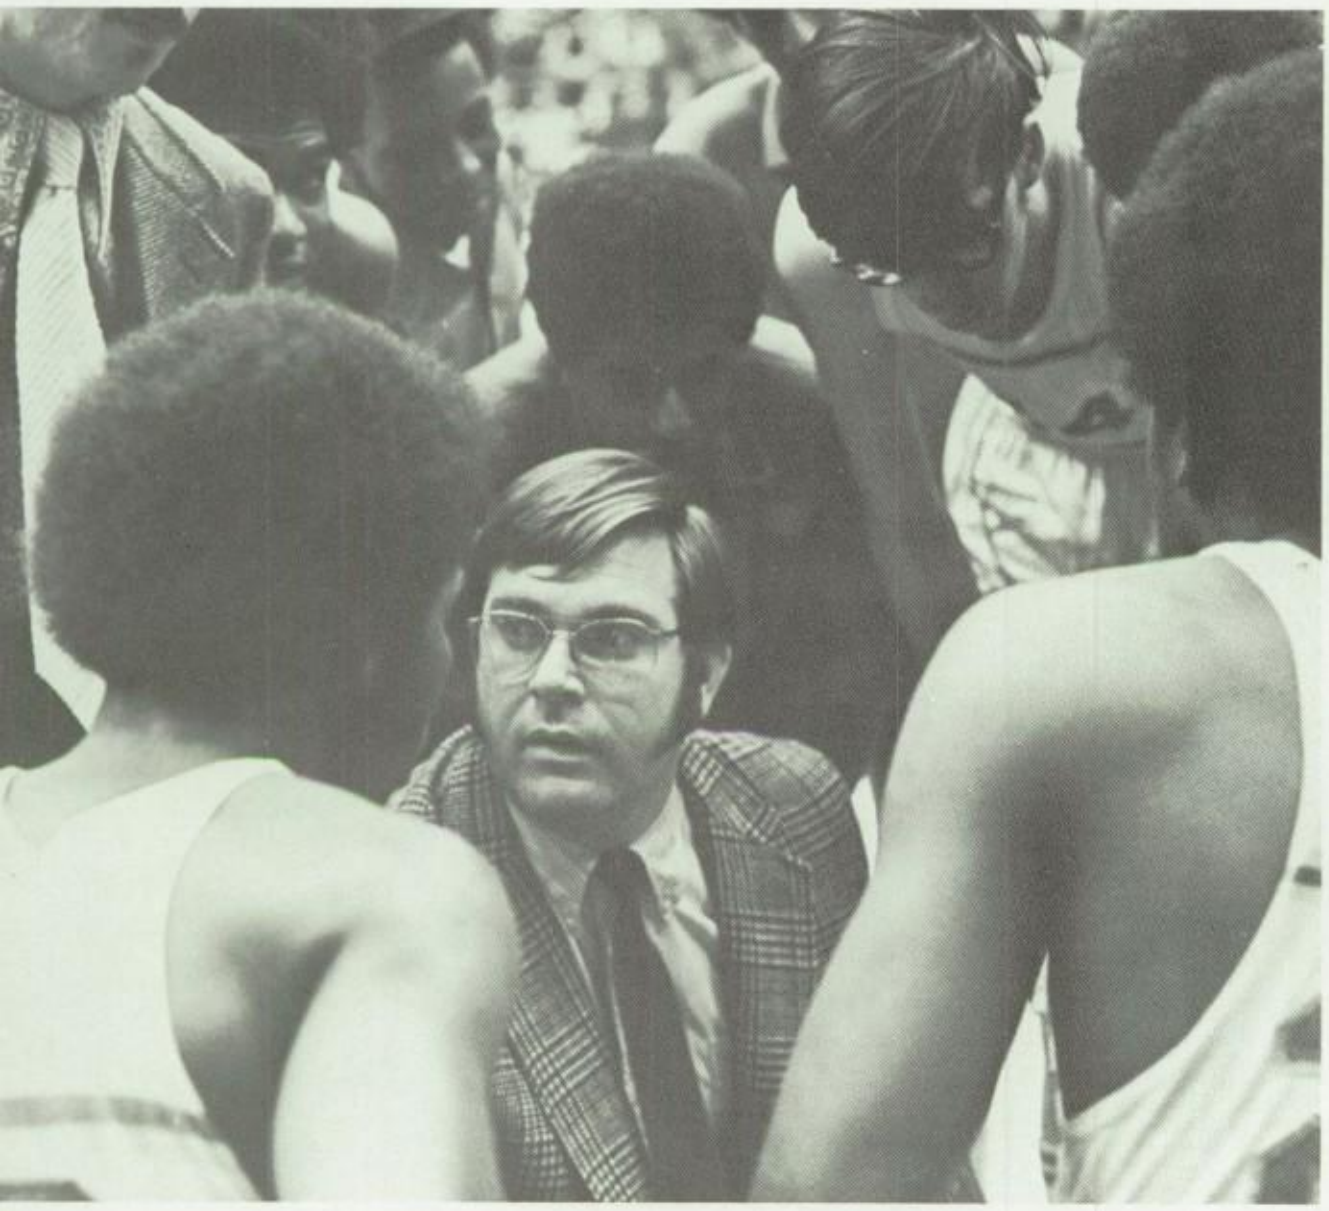
Coach Schweitzer

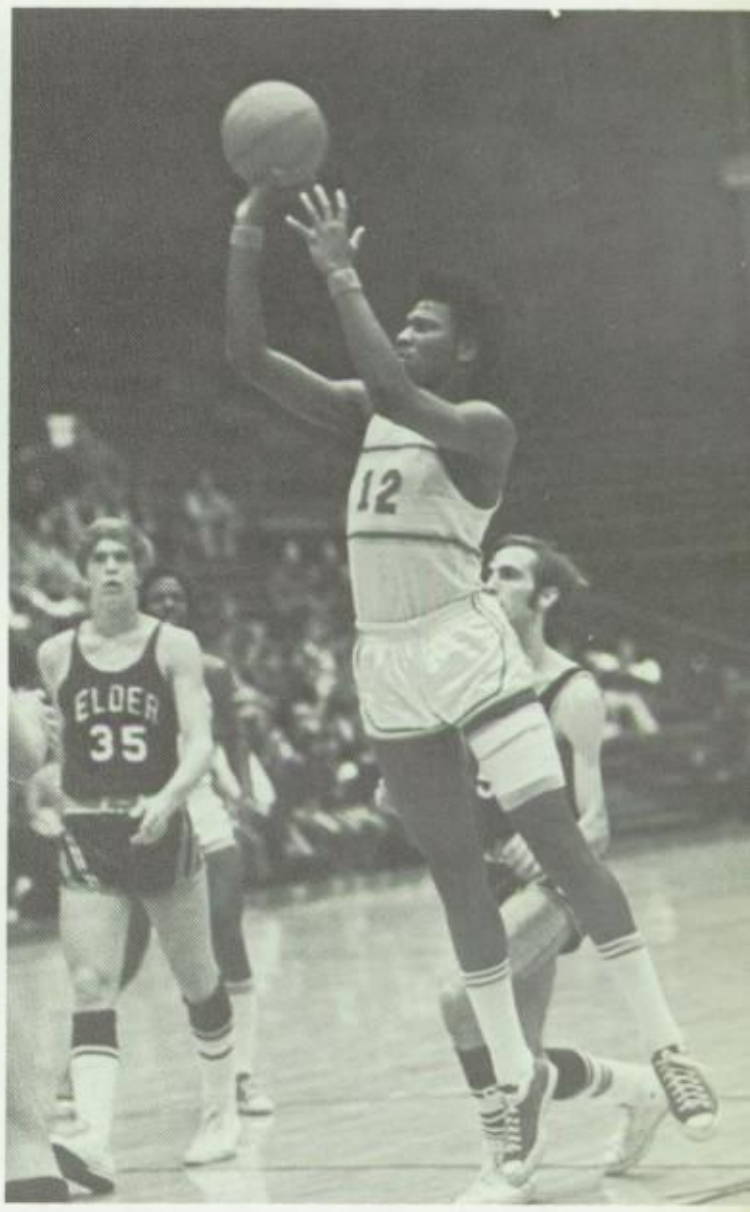


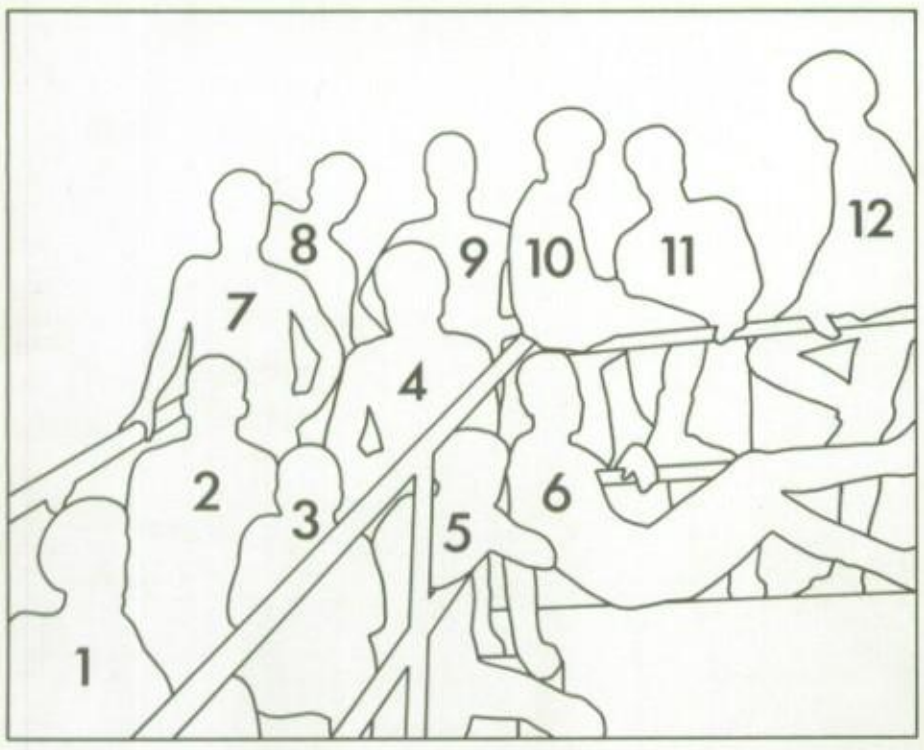
The Courter Tech basketball team under the direction of second year coach Steve Schweitzer, ended the 1971-72 season with an improved 5-15 mark. Though our overall record seems unimpressive, there were several incredibly close games against Taft, Walnut Hills and West High, which if won, would have given us a winning season.

Impressive and consistently good performances by Courter's playmaker and co-captain Benny Kennedy and Junior forward Darnell Dawson, along with other starters, Dexter Williams, Tony Hoskins, and Dean Nieporte, kept the Knights in every game. Walter White, Greg Simmons, Myron Monroe, and Chris Jones provided additional depth for the cagers.

As the regular season came to a close it looked ike Coach Schweitzer's quintet were really getting themselves together and hopes were high as the district tournament began. Courter crushed the Mustangs from Western Hills 75-56 in the first game with Kennedy repeating his season high of 27 points. The following game against number one and eventual district champion Elder, proved to be a different story however, as Courter, though close in the first half, lost 86-51.







1971-72 RESERVE BASKETBALL TEAM

1. Ricky Stallworth
2. Michael McKines
3. Jimmy Parker
4. Robert Moss
5. Ronald Dunigan
6. Donnie Smith
7. Mike Smith
8. Keith Thomas
9. Kelvin Kelley
10. Ollie Turner
11. Glen Ward
12. Eugene Prince

Head Coach: Sam Iona

The 1971-72 Reserve basketball team ended their season with a disappointing 3-15 record overall. First year Coach Sam Iona's cagers, offensively as strong as their opponents, could not match them defensively and were able to top only Springfield South, Aiken, and Country Day on this year's schedule.

Genuine enthusiasm for the game and a dedication to work, however, should provide Coach Schweitzer with excellent material to fill positions vacated by this year's Seniors, on next year's varsity team.

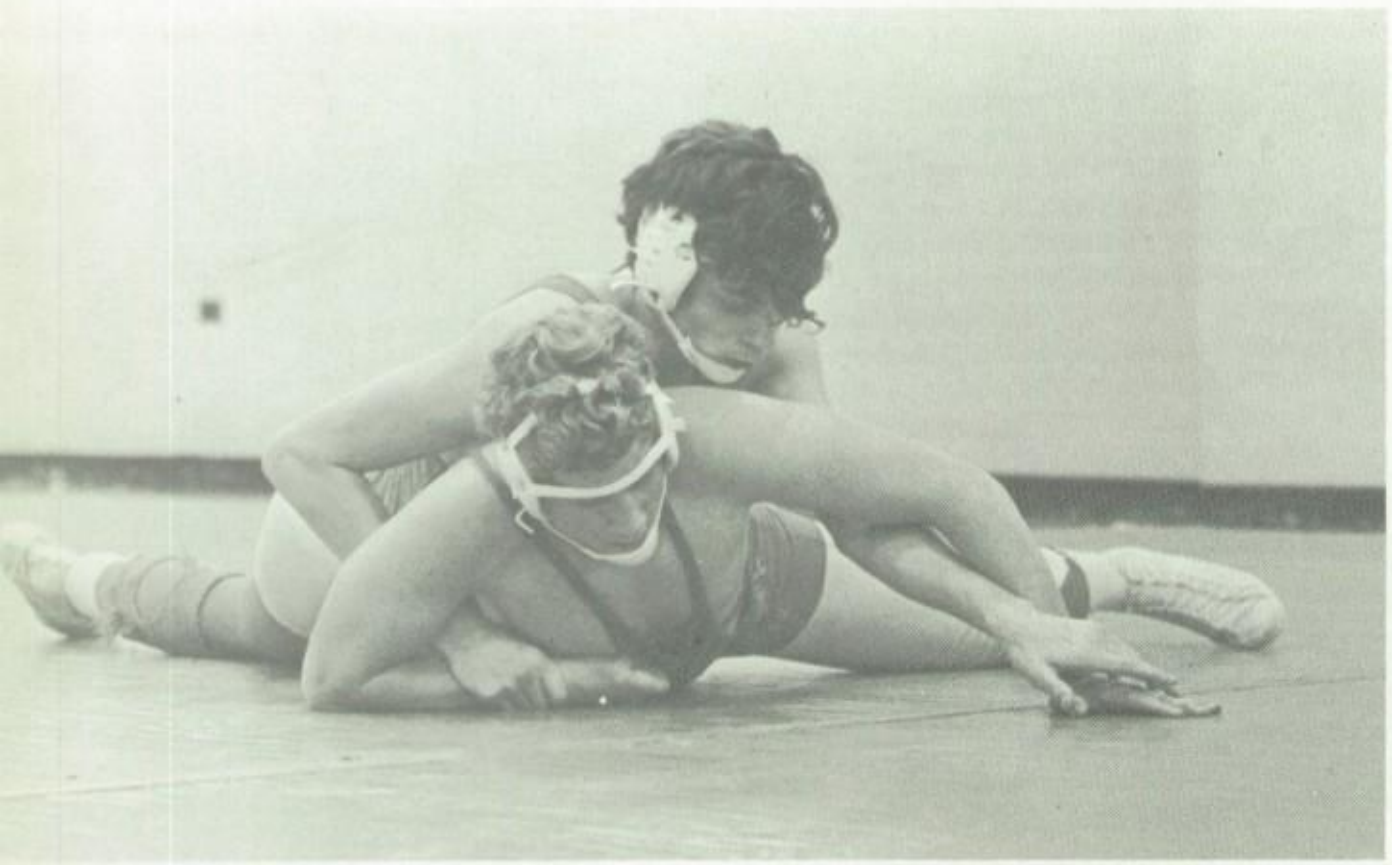
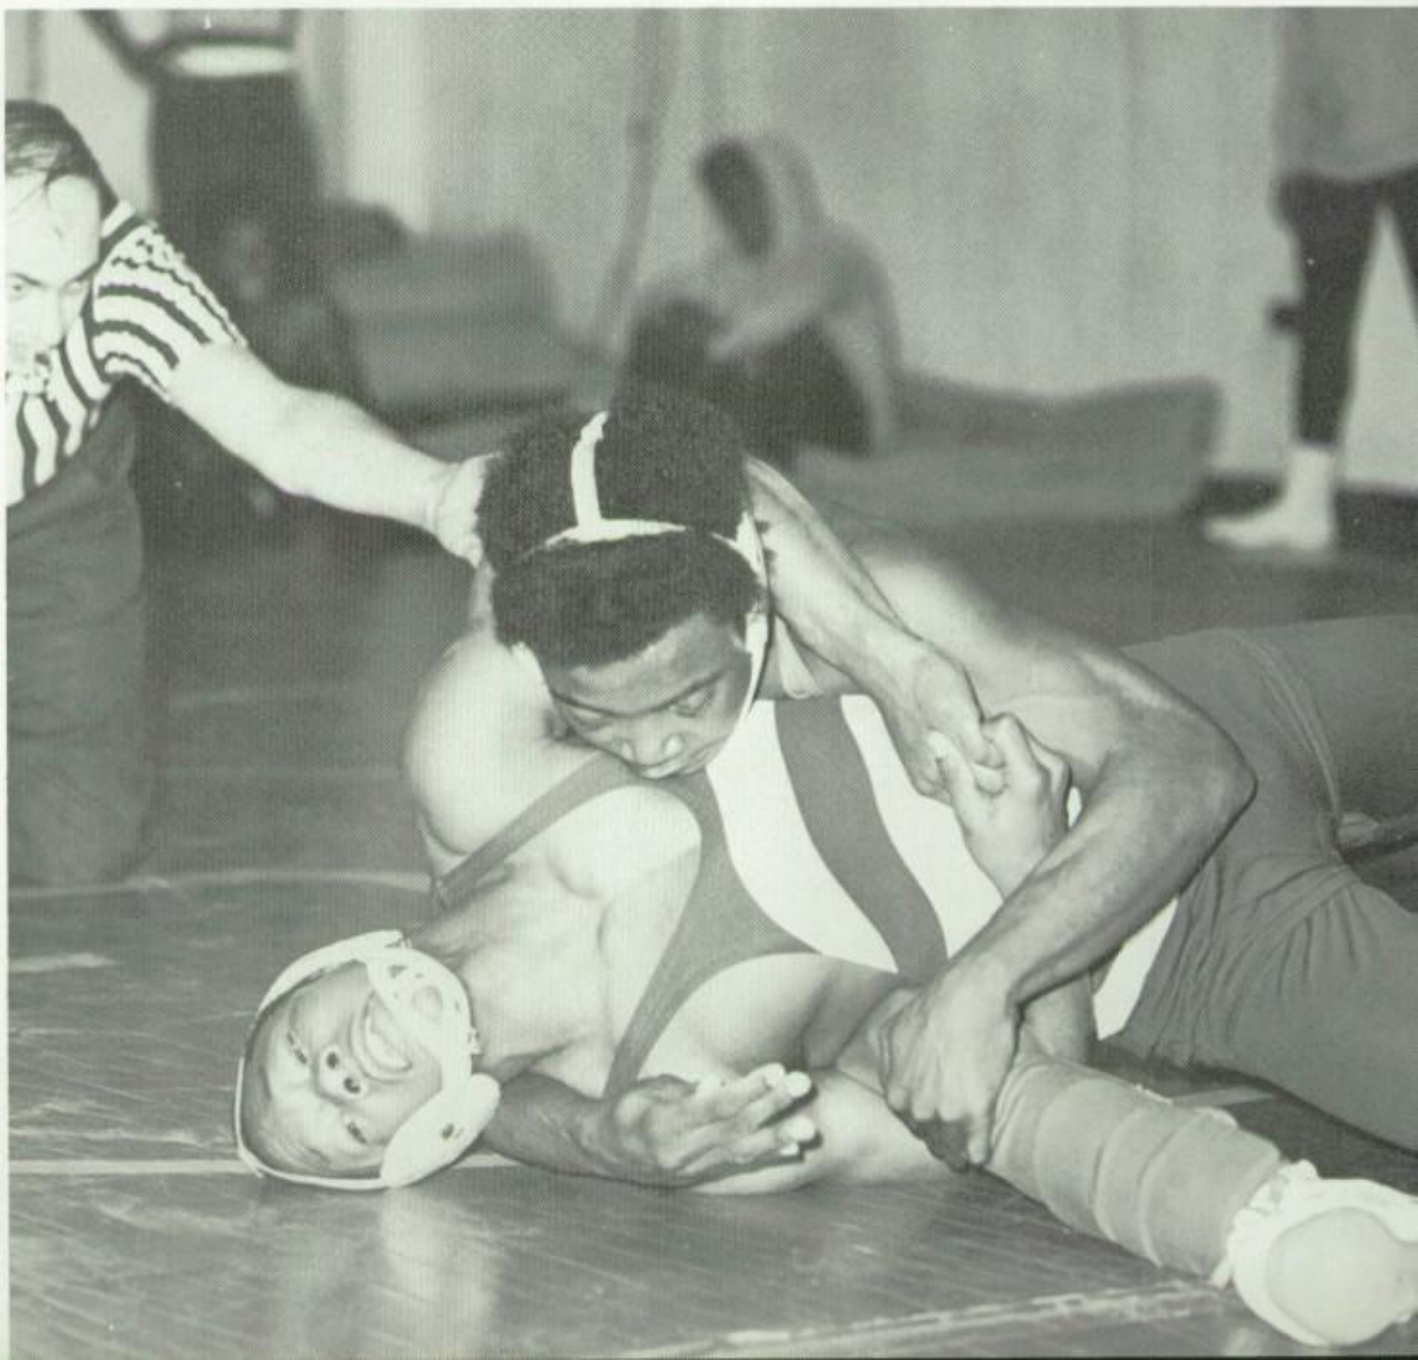
20. Gary Scott
21. Gifford Montgomery
22. Johnny Clark

Head Coach: Virgil Scardina

"Spirit, desire, and hard work make a winner . . .
the Wrestling Team had these and they won."

Coach Scardina



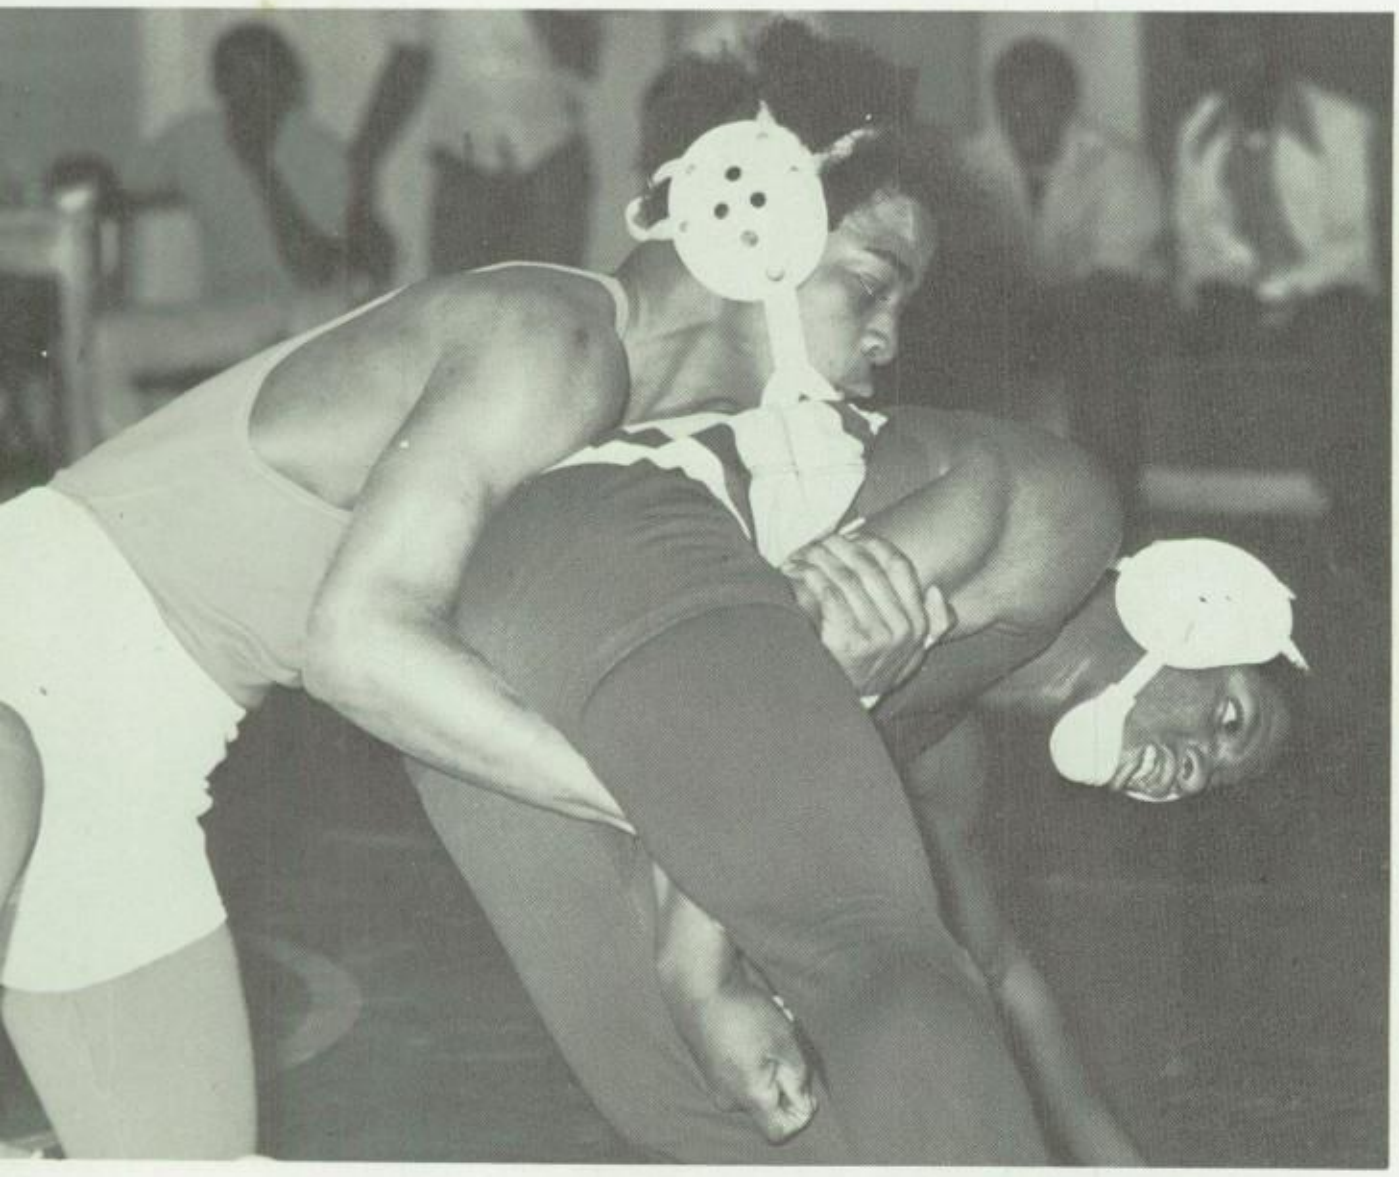


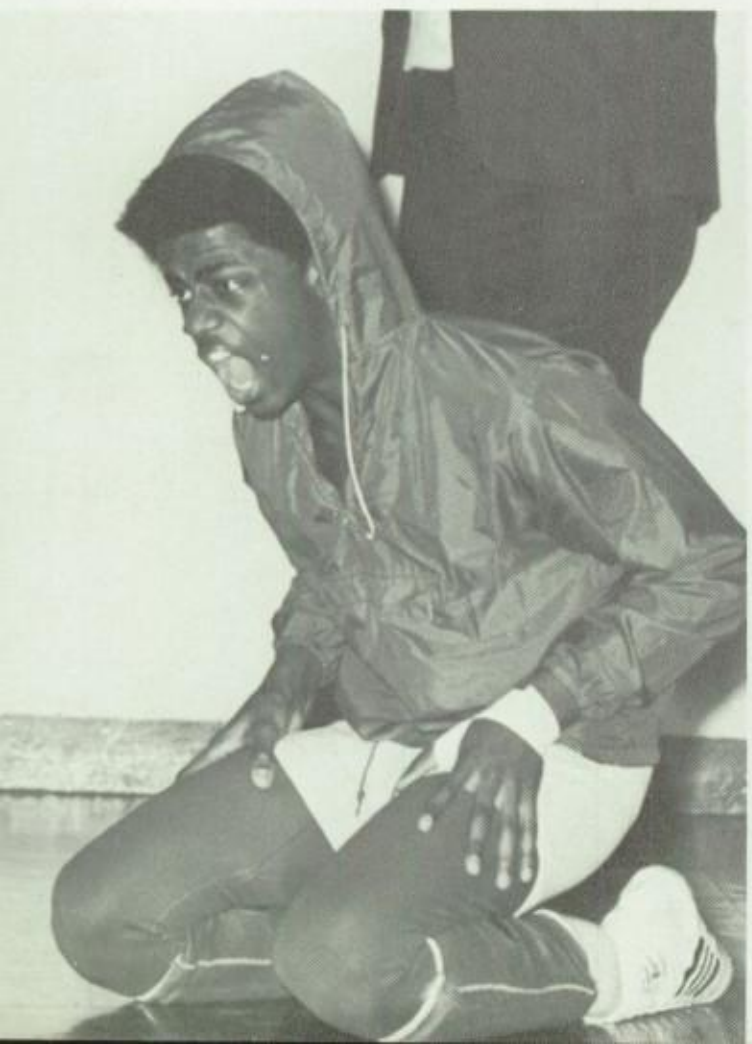
The 1971-72 wrestling team completed one of its most successful seasons in years under new head coach Virgil Scardina and team captain Joe Clark. The wrestlers had a fine 8-3 season mark and finished third in the tough PHSL tournament behind Western Hills and Withrow.

The grapplers opened the season with wins over Purcell, 63-12 and Walnut Hills, 57-15. Aiken handed Courter their first defeat, 39-21 in the next match. Two more victories followed with Courter defeating Woodward, 34-24 and Walnut Hills again, 39-21. After dropping two straight matches to Withrow and West High, the matmen finished the season with four straight victories over Purcell, 53-12, Hughes, a forfeit, Walnut Hills, 48-18 and Taft, 38-33.

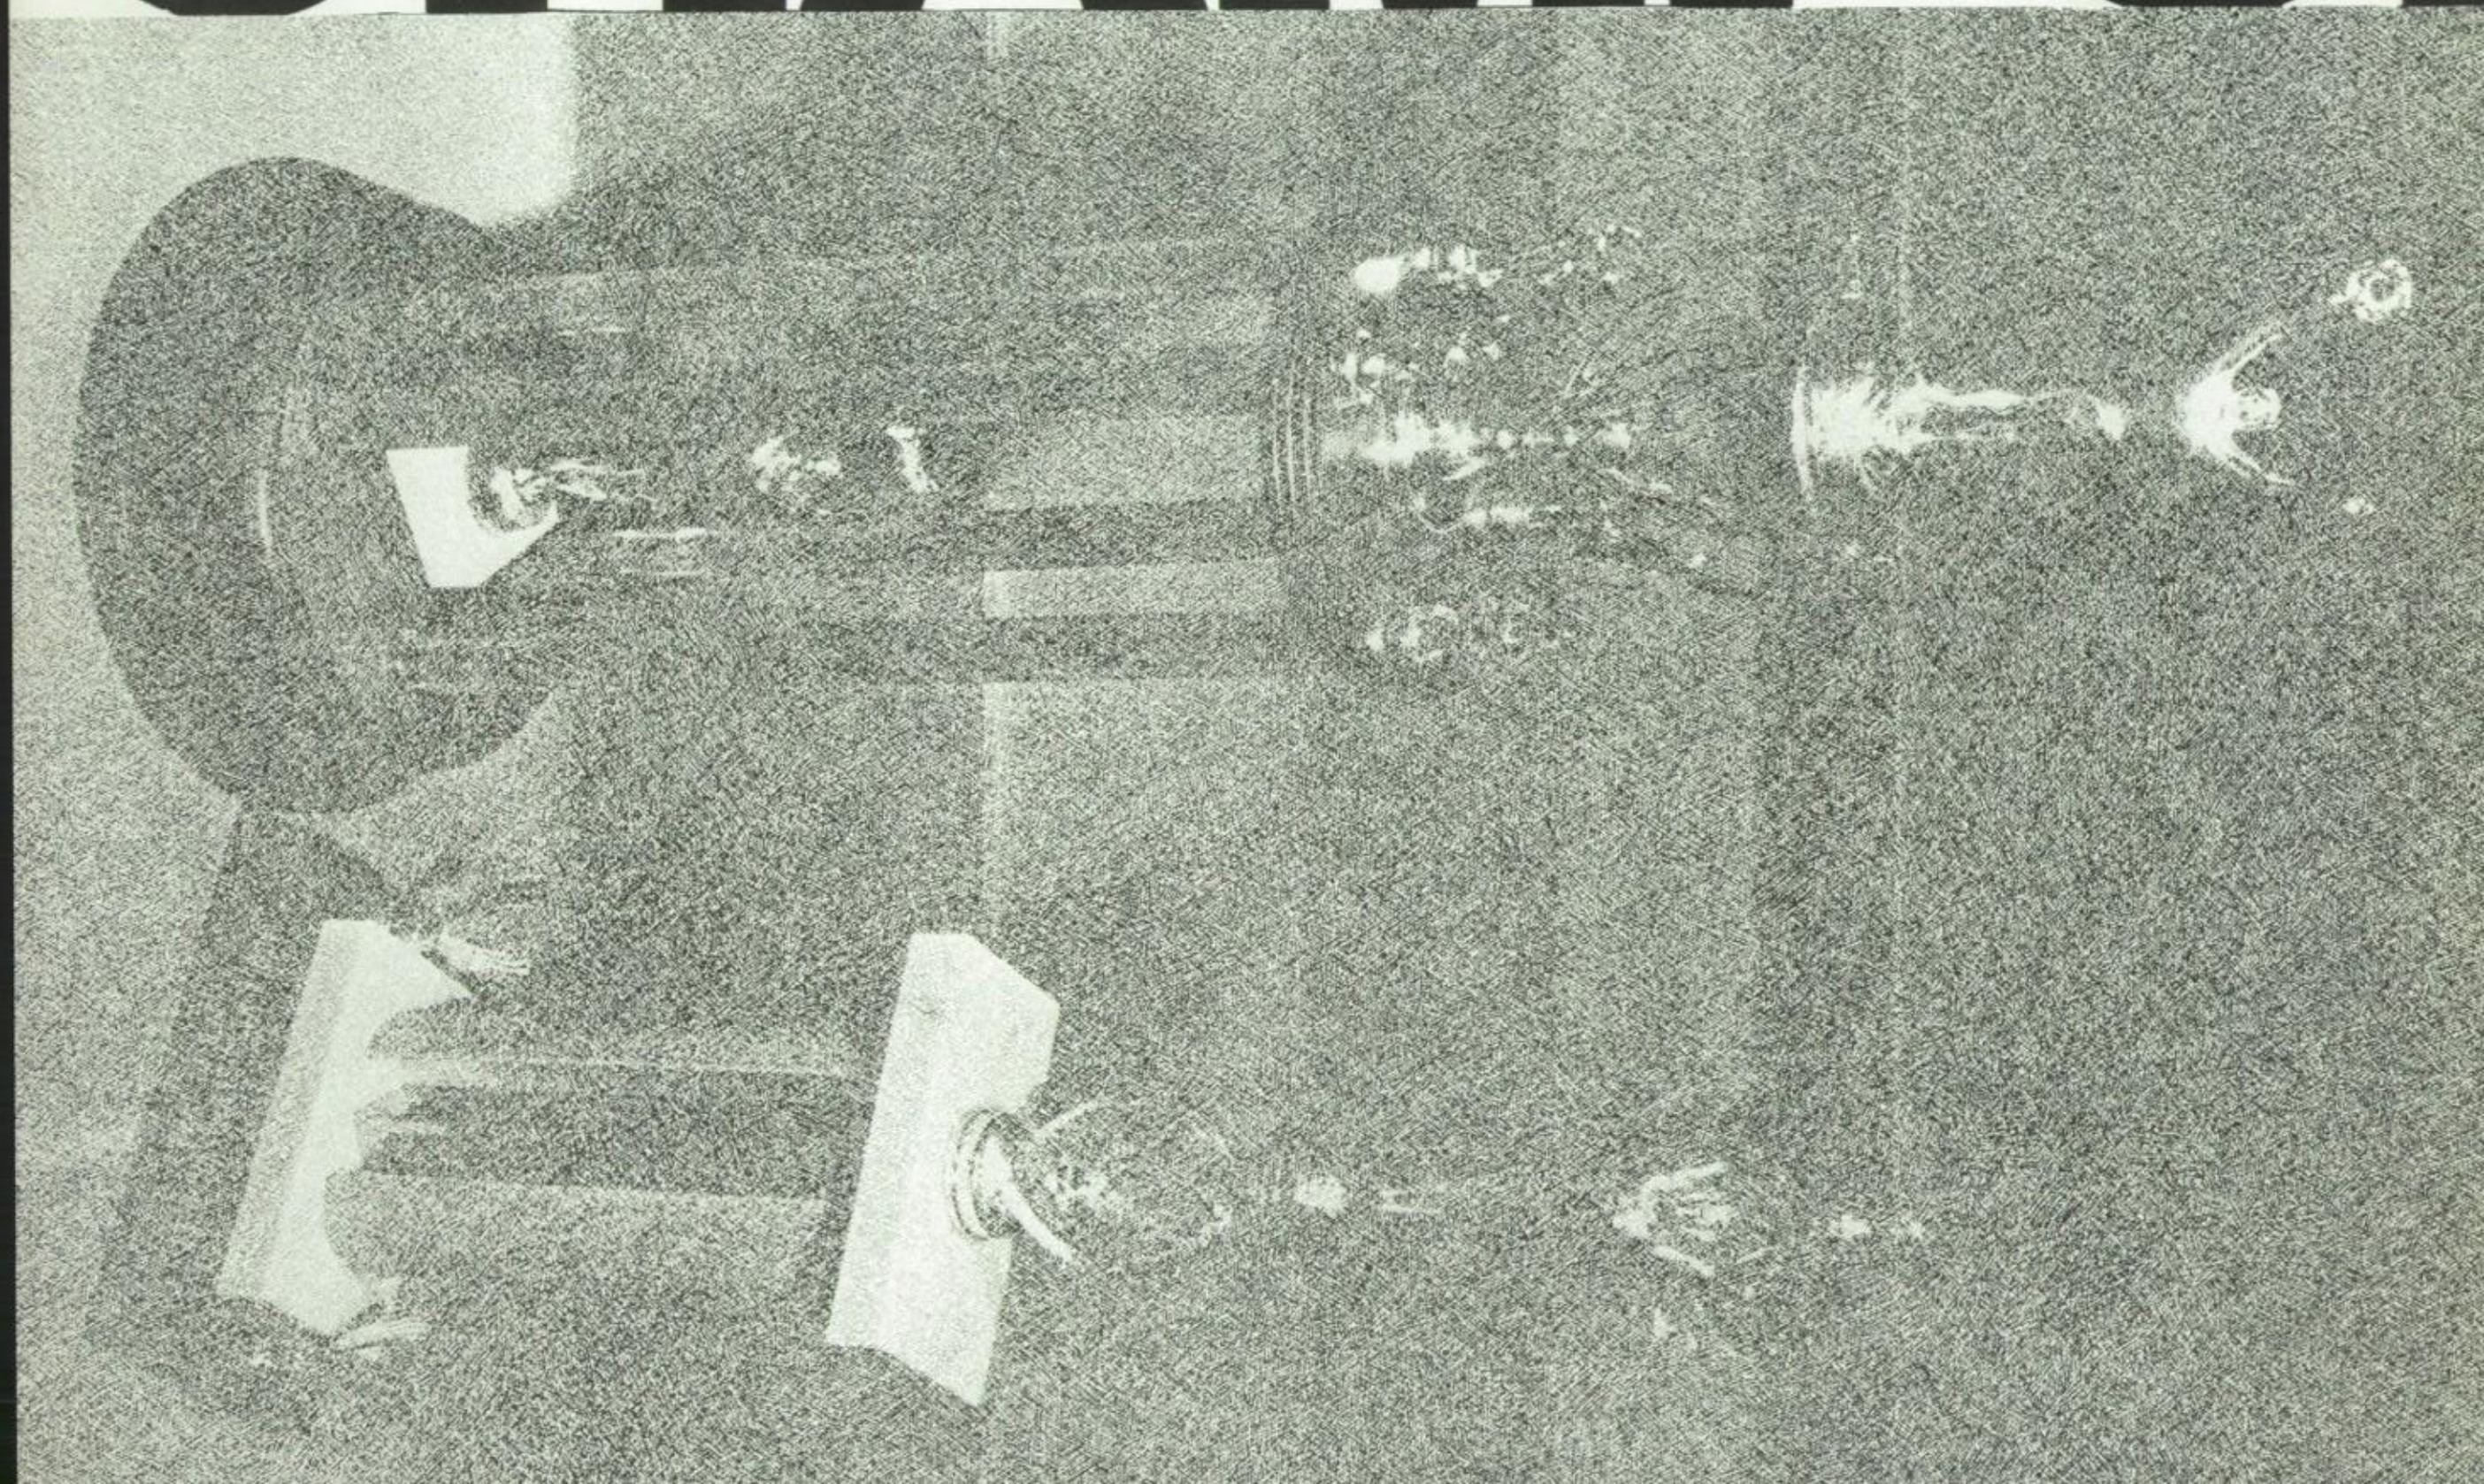
A strong showing in the post season PHSL Tournament saw Joe Clark capture a second place, Glenn Hudson a third, Gifford Montgomery a second, Mike Marshall a second, and James Campbell a fourth, each in their respective weight classes.

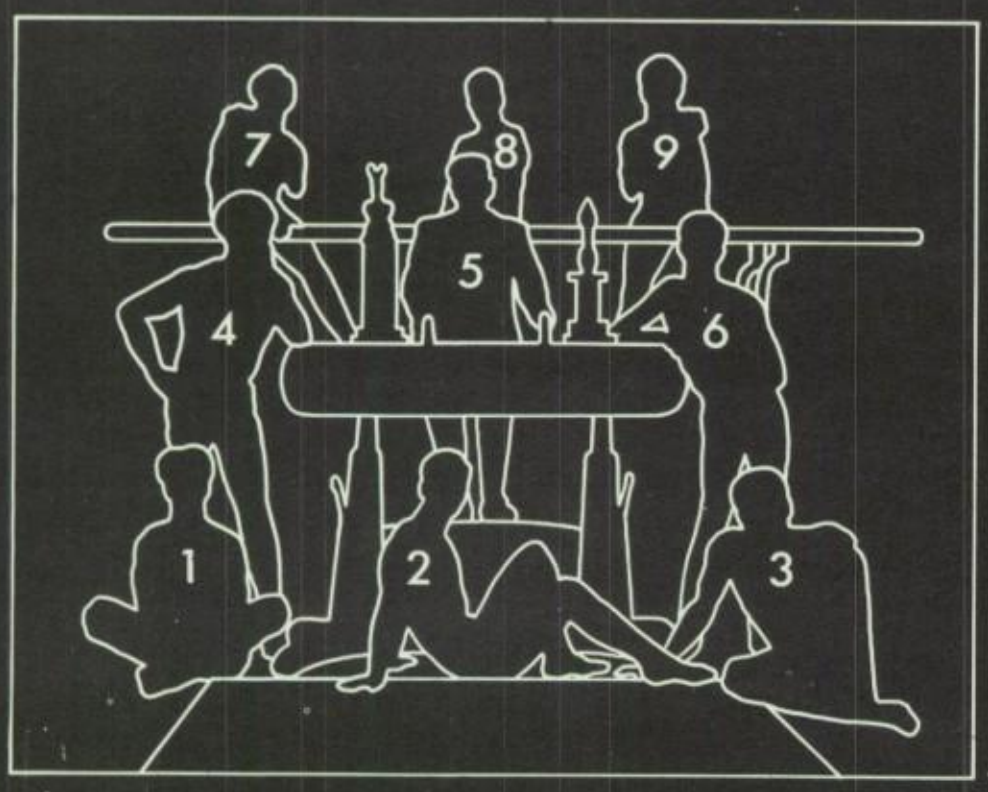
In the Sectional Tournament, Joe Clark repeated with a second place, and James Campbell a fourth, both advancing to the district meet.





CHAMPS!





1971-72 GYMNASTICS TEAM

1. David Foster
2. Rick Baker
3. Jerome Dennis
4. Richard Kahr
5. Coach Sarsfield
6. Paul Dorsey
7. Steve Dorsey
8. Jay Stivers
9. Rick Ross

"We were often up against much larger teams . . . since we had only ten gymnasts in competition, we had to rely on quality instead of quantity."

Coach Sarsfield

Coach Bob Sarsfield's 1971-72 Gymnastics team completed another successful season, winning the PHSL crown for the sixteenth time, and the Robert Marx YMCA Invitational Meet for the second year in a row.

The Knights opened the season with a 117.70-114.35 victory over Hamilton Taft, but were edged by arch rival Princeton 113.5-111.05 in the second meet. Courter topped all competition in the three PHSL meets easily winning over Walnut Hills, Hughes and Western Hills. In the Princeton Invitational, Courter's gymnasts, not up to par for this one, finished fifth in an eight team field, but soon rebounded to capture the prestigeous YMCA crown. In the regional meet at Princeton, against all teams in the Cincinnati region, Courter finished fourth.

Our gymnasts were awarded five out of seven all Cincinnati Public High Titles; David Foster for long horse; Rick Baker, tumbling and floor exercise; Steve Dorsey, horizontal bar; and Jay Stivers, parallel bar and all around. In the state meet, Rick Baker finished fourth in tumbling; Rick Ross eighth in tumbling, and Jay Stivers ninth in all around. Courter's All Around Gymnast Award was shared this year by Rick Baker and Jay Stivers.

GAA MEMBERSHIP - First row, left to right:** Debbie Ruffin, Cathy Hamm. **Second row:** Carol Britton, Ursula McCoy, Kathy Gilliland, Denice Smith, Flo Lowery.

Courter Tech's Girls Athletic Association had another active and successful year. Modern Dance was the first major activity with Courter participating in a dance symposium held at Hughes High School. Courter created three dances, "The Impossible Dream," "Shaft" choreographed by Emma Barnett and Debbie Walker, and a solo interpretation by Lois Thomas.

GAA's volleyball team shut out opponent Hughes in their four game match, and the basketball team edged Hughes again 20-19 in a hotly fought game at Courter. The girls as always participated again this year in the annual school gymnastic show. In spring sports, the GAA track team tied for fourth place in the meet held at Withrow, placing third in the 50 yd. dash, the 440 relay and the 100 yd. dash.

In addition to inter-school athletic competition, the members officiated at Courter swim meets and at elementary track meets, sponsored after school co-ed swim parties, and were cheerleaders at the C-Club vs. Faculty basketball game.

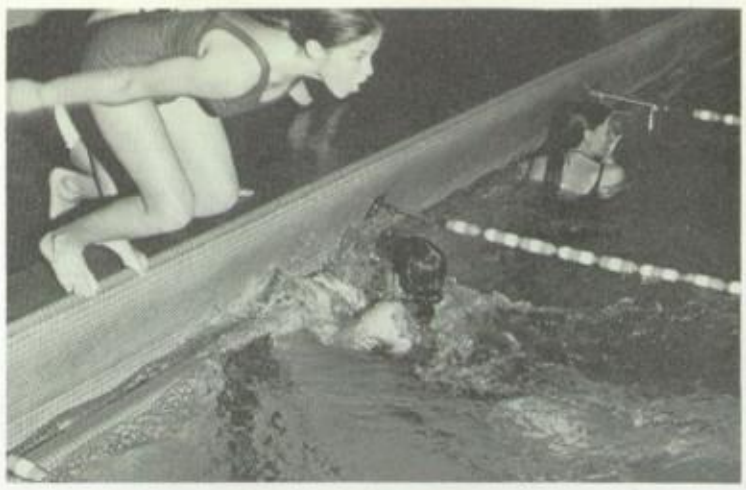
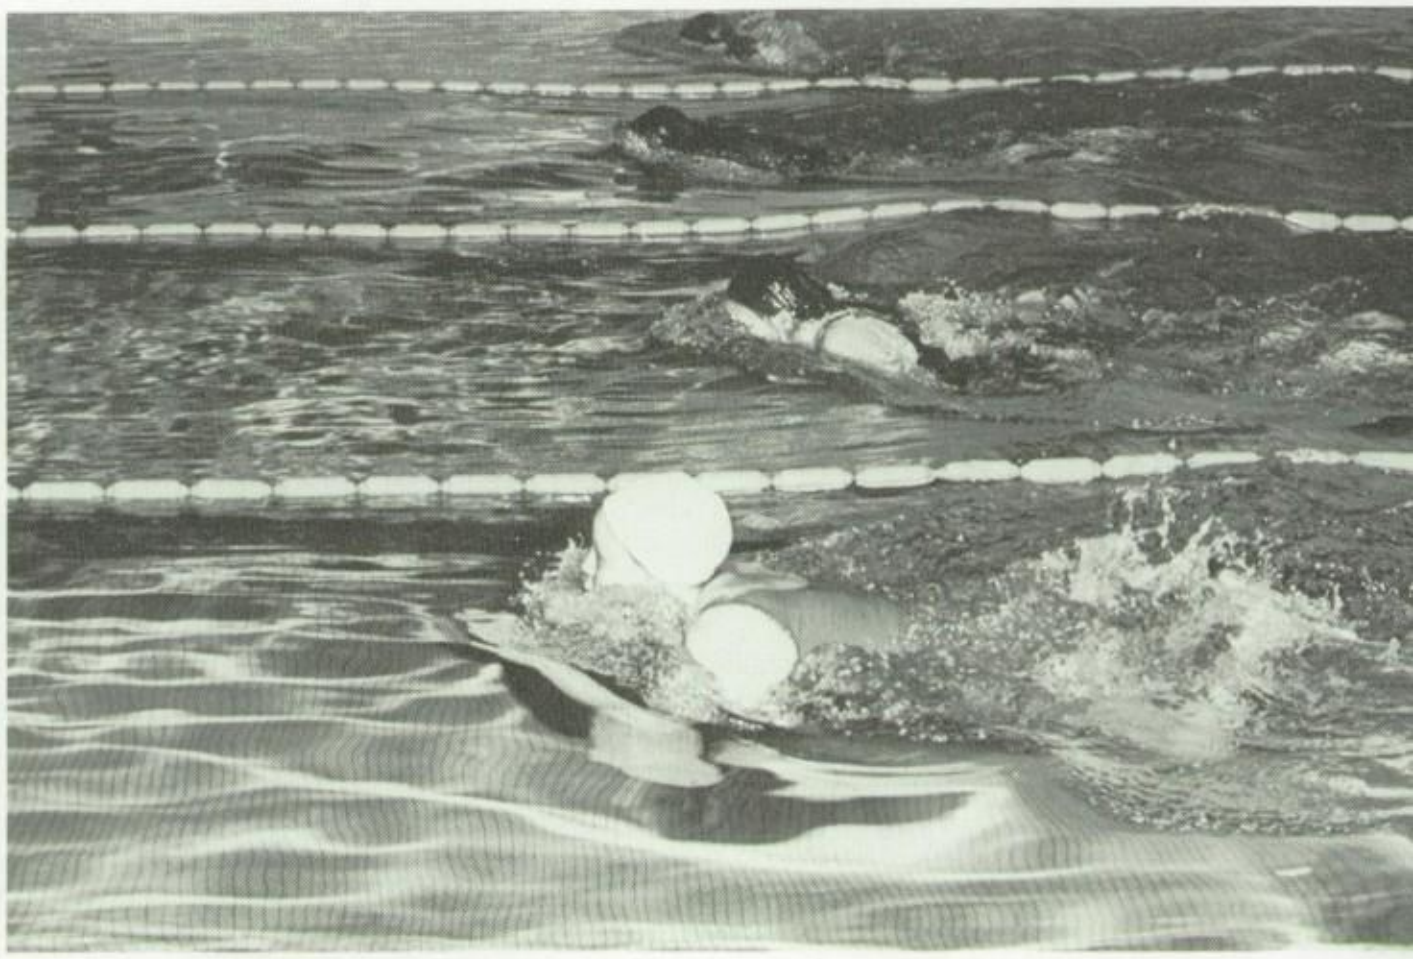
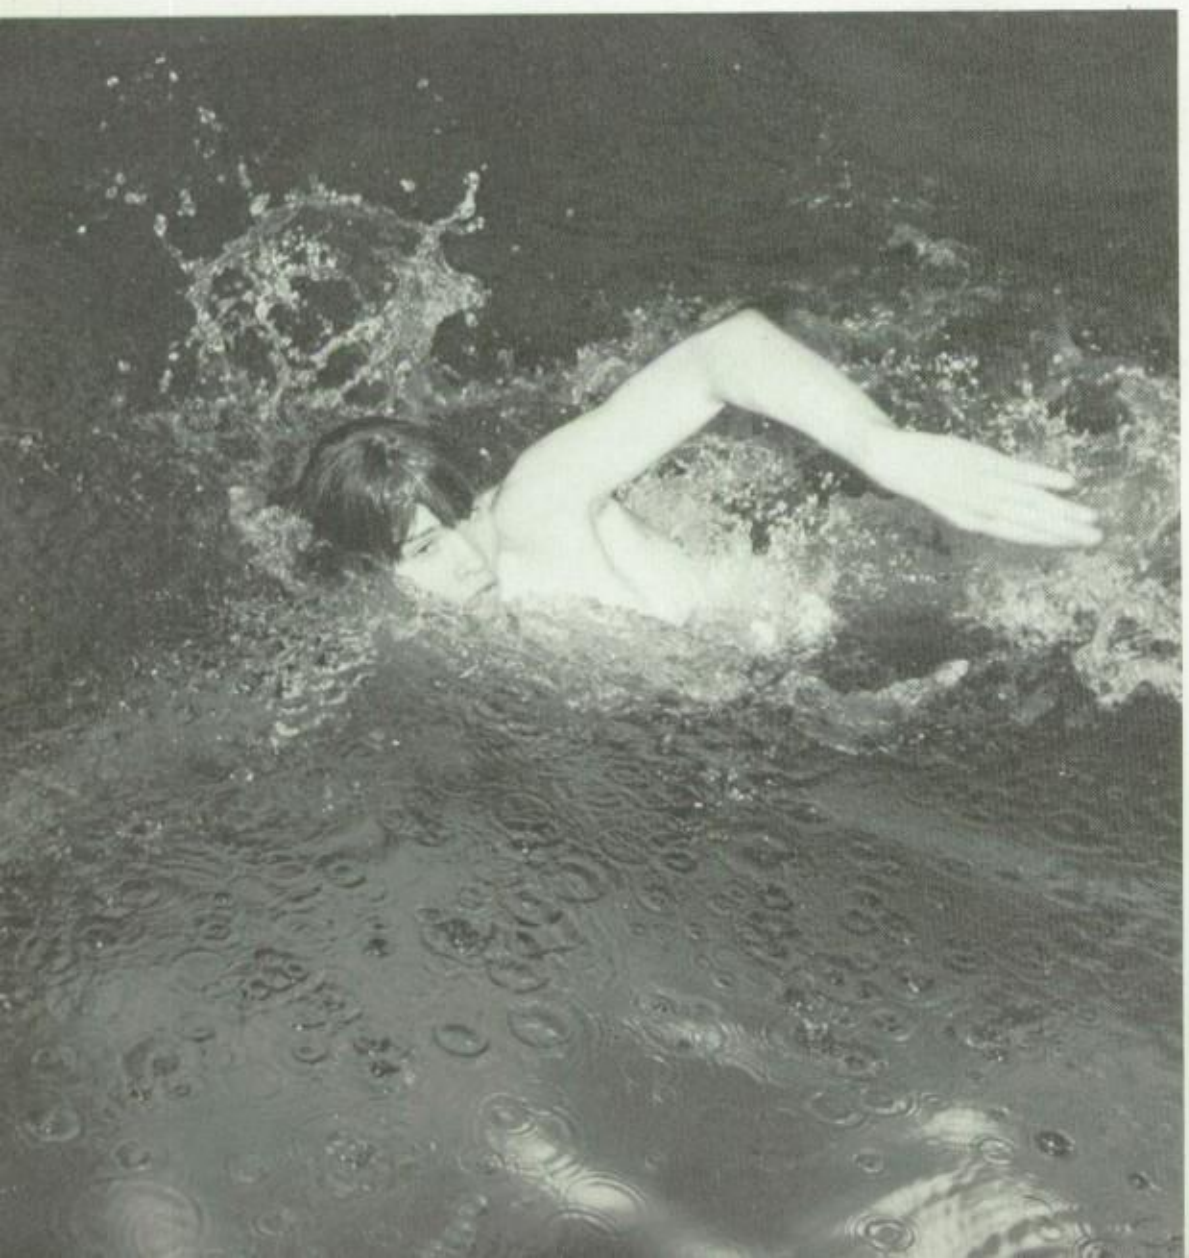
9. Barb Burch

"Everyone did their best and gave one hundred percent in each race . . . I was proud of their effort."

Coach Graham







Coach Carl Graham's 1971-72 swimming team, suffering from declining membership in recent years experienced a winless season. The mermen swam in eight meets, but because of the lack of personnel could not participate in all events and lacked the strength and depth necessary for real competition.

The girl's team was in the same situation in their meets, but had some excellent swimmers who shattered previous school records in seven events. Janice Watson swam the 25 yd. Butterfly in 16.7, the 50 yd. Breast stroke in 43.6, and the 100 yd. Individual Medley in 1:28.1. Barb Burch broke the previous mark in the 25 yd. Breast stroke with a 19.9; Lois Hauck swam the 50 yd. Back-stroke in 43.5, and Anita Carter the 100 yd. Freestyle in 1:17.0. The 100 yd. Medley Relay Team comprised of Lois Hauck, Gail Hauck, Anita Carter and Barb Burch set the new school mark for this event at 1:11.9.

Directly below: COURTER RECORD HOLDERS - First row left to right: Barb Burch, Lois Hauck, Gail Hauck. **Second row:** Janice Watson, Anita Carter.

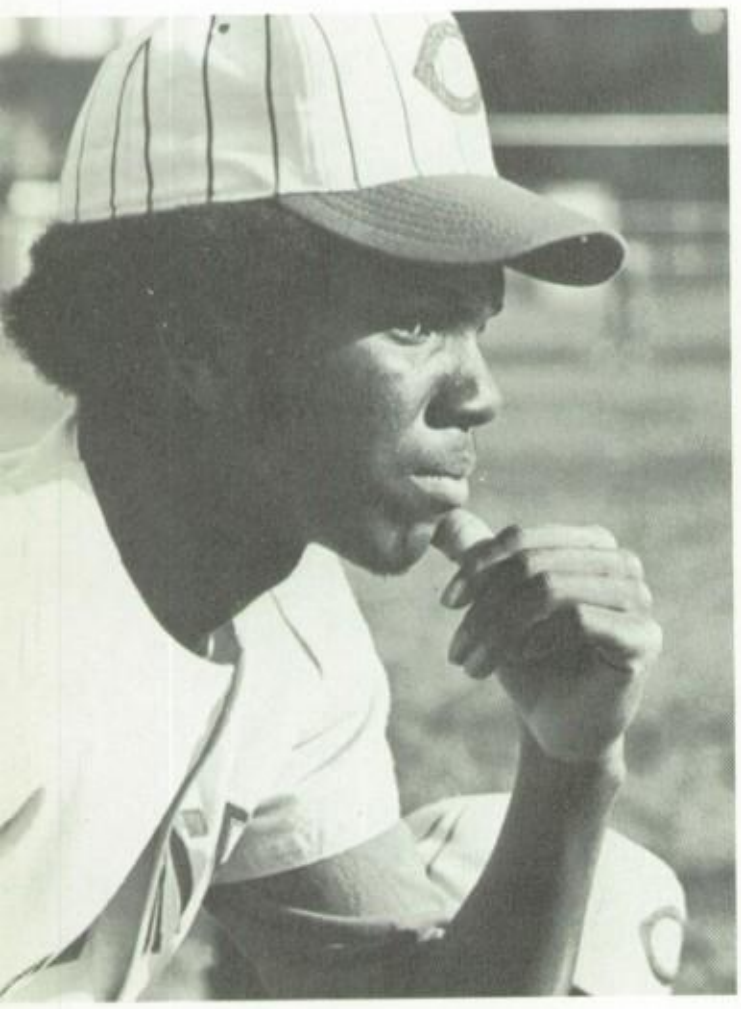
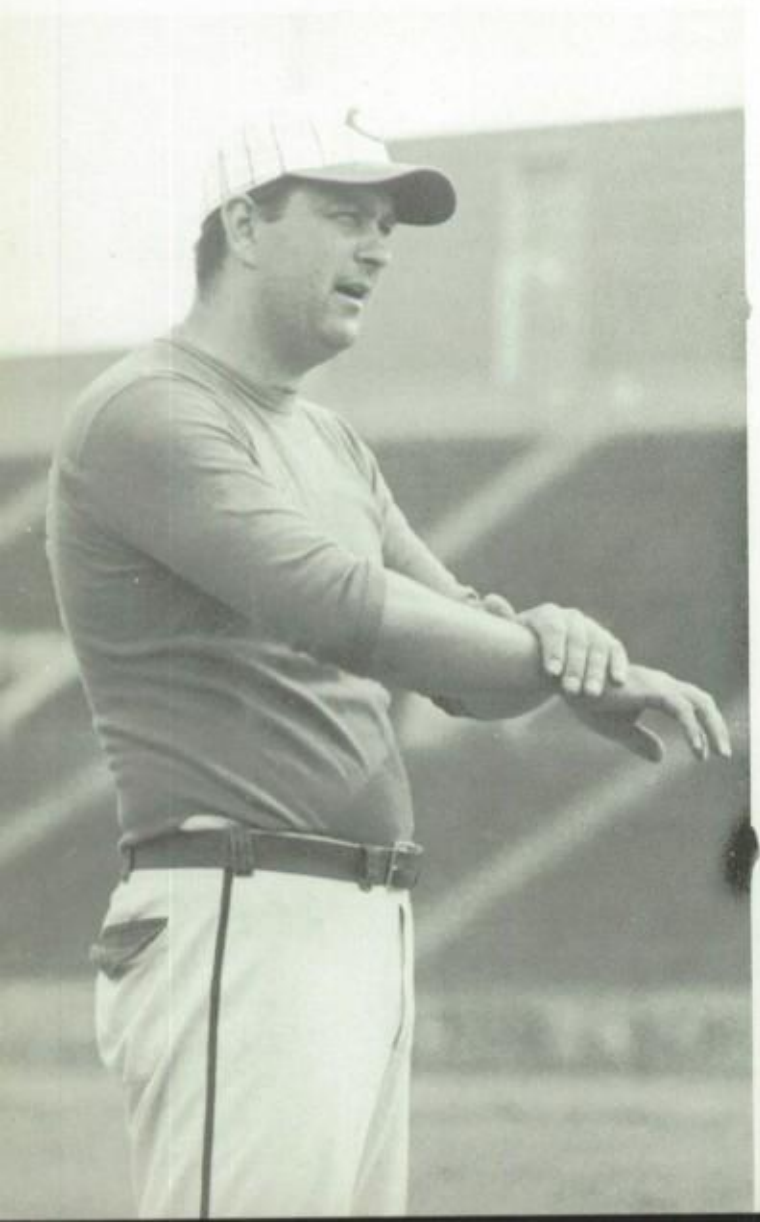
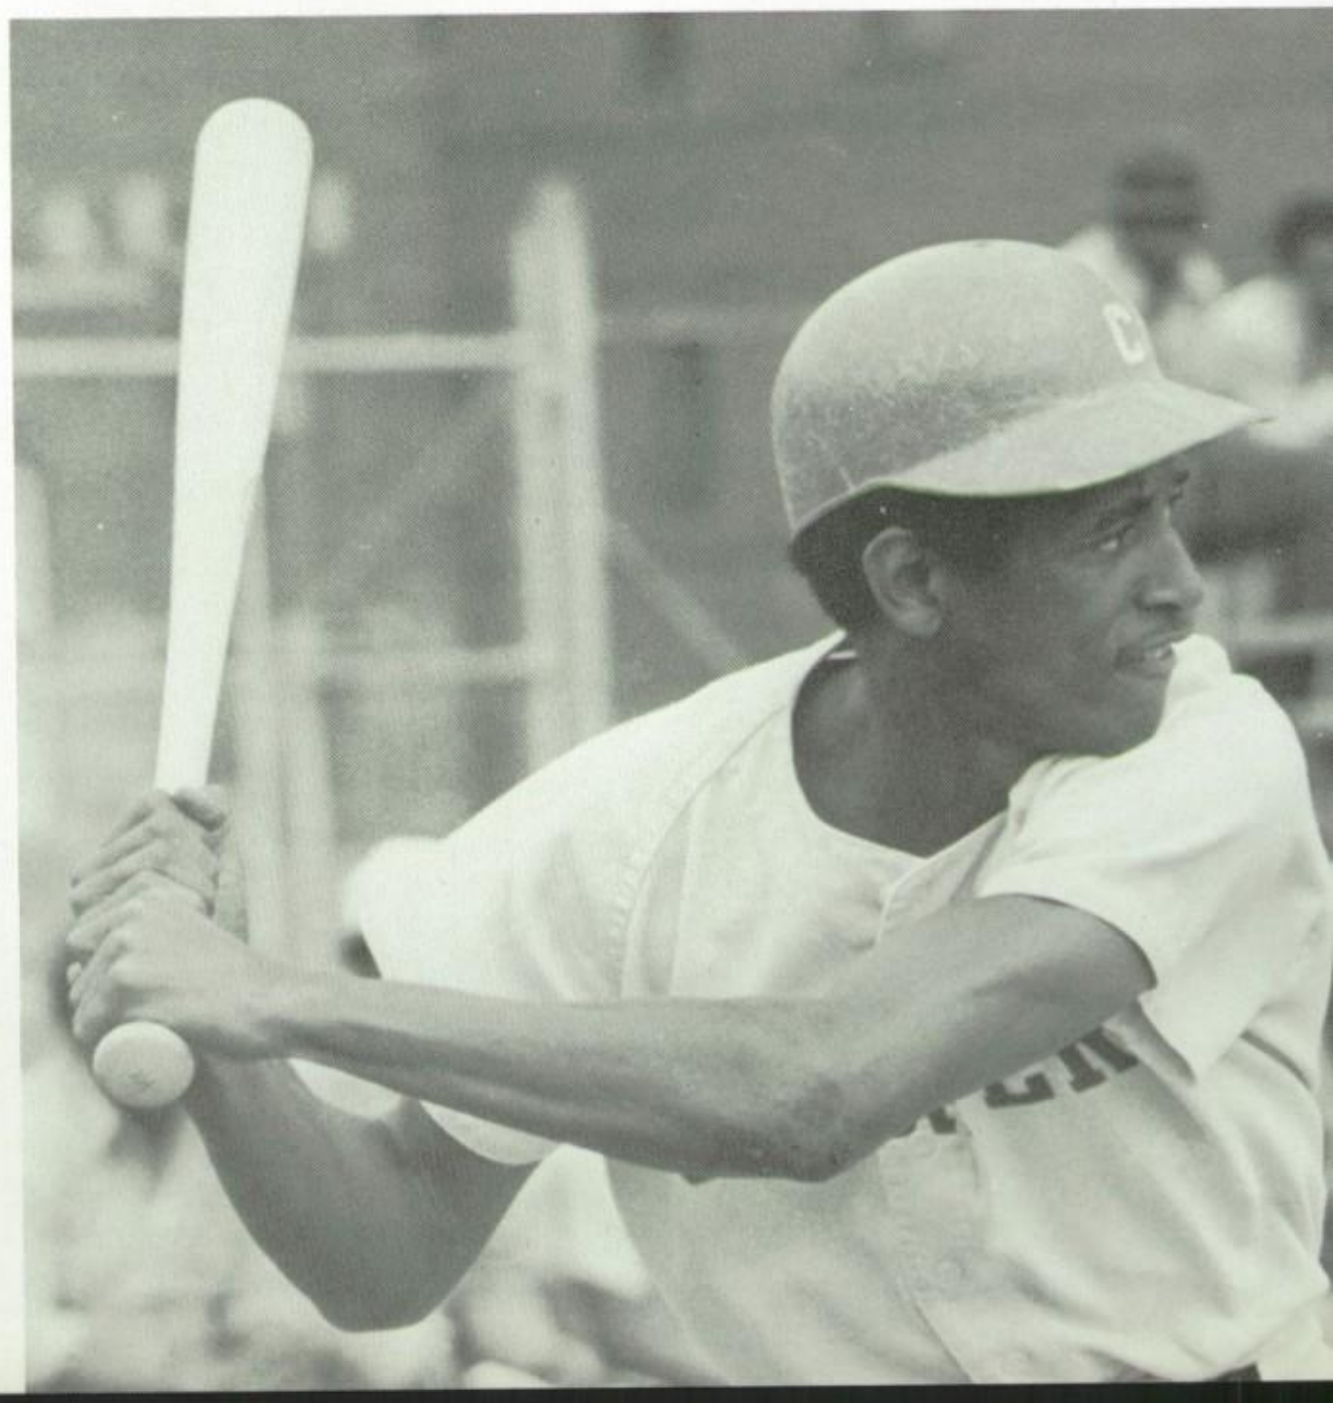
"The brightest spot of our season came in city tournament play with a 6-3 victory over highly favored Taft. It was by far our best game."

Coach Penick







Coach Dave Penick's 1972 Baseball team finished a rain-out hampered season with a 5-13 mark overall.

The Knights opened the season with a 10-2 victory over Woodward. This win however was followed by a seven game losing streak. Another victory over Woodward, a loss to Walnut Hills, and a 6-4 win over Hughes, a team that had trounced us earlier, carried us through mid-season.

After suffering four more set-backs, the team dealt a stunning defeat to Ludlow, 25-0, to top off the regular schedule.

The highlight of the season came in tournament play as Courter set back heavily favored Taft, 6-3, in the first game. Home runs by Benny Kennedy and Doug Morelein, coupled with the excellent pitching of Rick Ross set the pace for the victory. Tournament play ended quickly, however, as Courter dropped the second game to highly touted Roger Bacon.

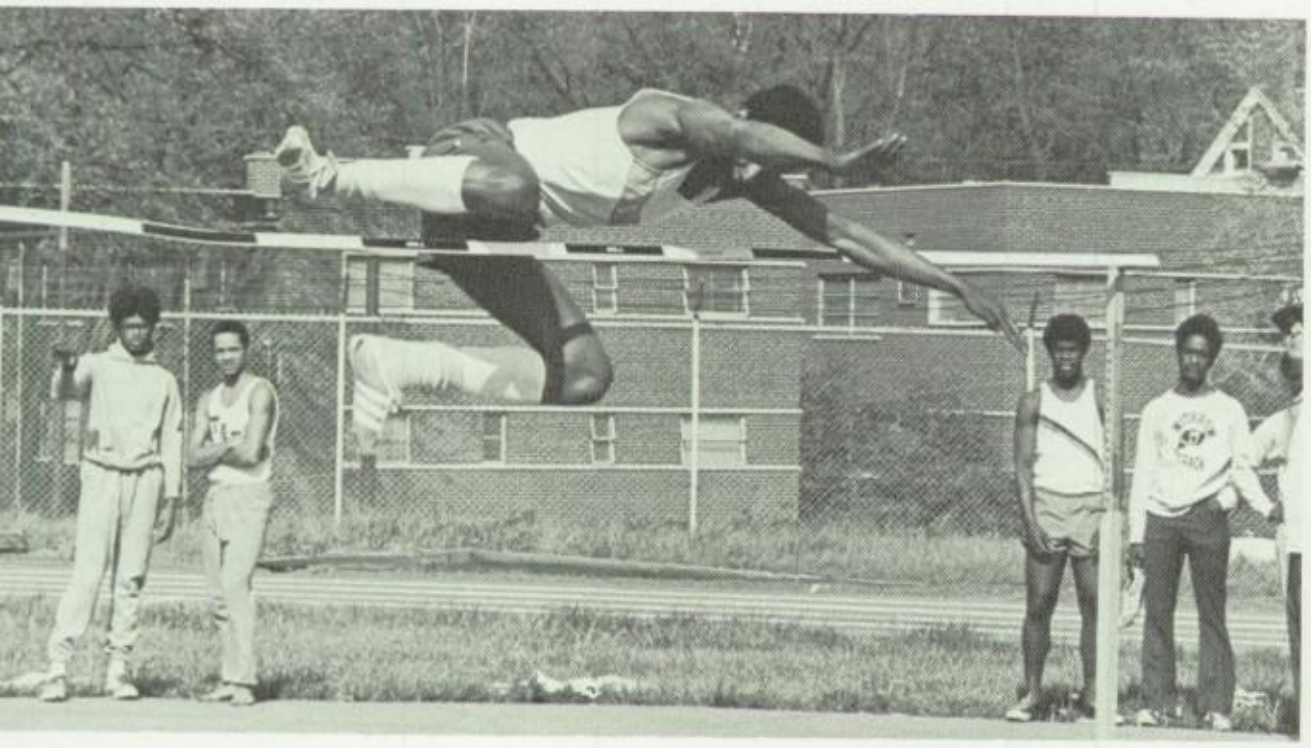
"The future of Courter track looks bright for next season since this year's squad was composed of mostly juniors and sophomores."

Coach Bailey

The 1972 Varsity Track Team under new head Coach Terry Bailey, sprinted their way to a very successful season. Off to a slow start in the beginning with a tenth place finish in the Cavalier Relays, the Knights began moving towards the top, capturing eighth place in the K of C meet and the number five spot in the annual Queen City Classic.

The thinclads then finished third in a quadrangle meet with West Hi, St. Xavier and Withrow. Weaknesses in the pole vault and distance races cost Courter's cindermen the PHSL title as they finished second to Western Hills in the Championship Finals. In the sectional meet the Knights again placed second, this time to a strong Roger Bacon team. Courter's Sprint Team, comprised of Don May, Jerome Dennis, Byron Thompson, and Ron May received All City honors in the District Meet.

Don May, Jerome Dennis, Chuckie Mills and Ron May, Courter's 880 Relay Team, topped off the track season by capturing third place in the State Meet.



"May 31 - "The Sports Banquet"

2.

3.

1.

4.

This year Courter honored its men and women athletes at a sports banquet held the evening of May 31, in the faculty dining room. Varsity letters, pins and certificates were presented the participants by their respective coaches.

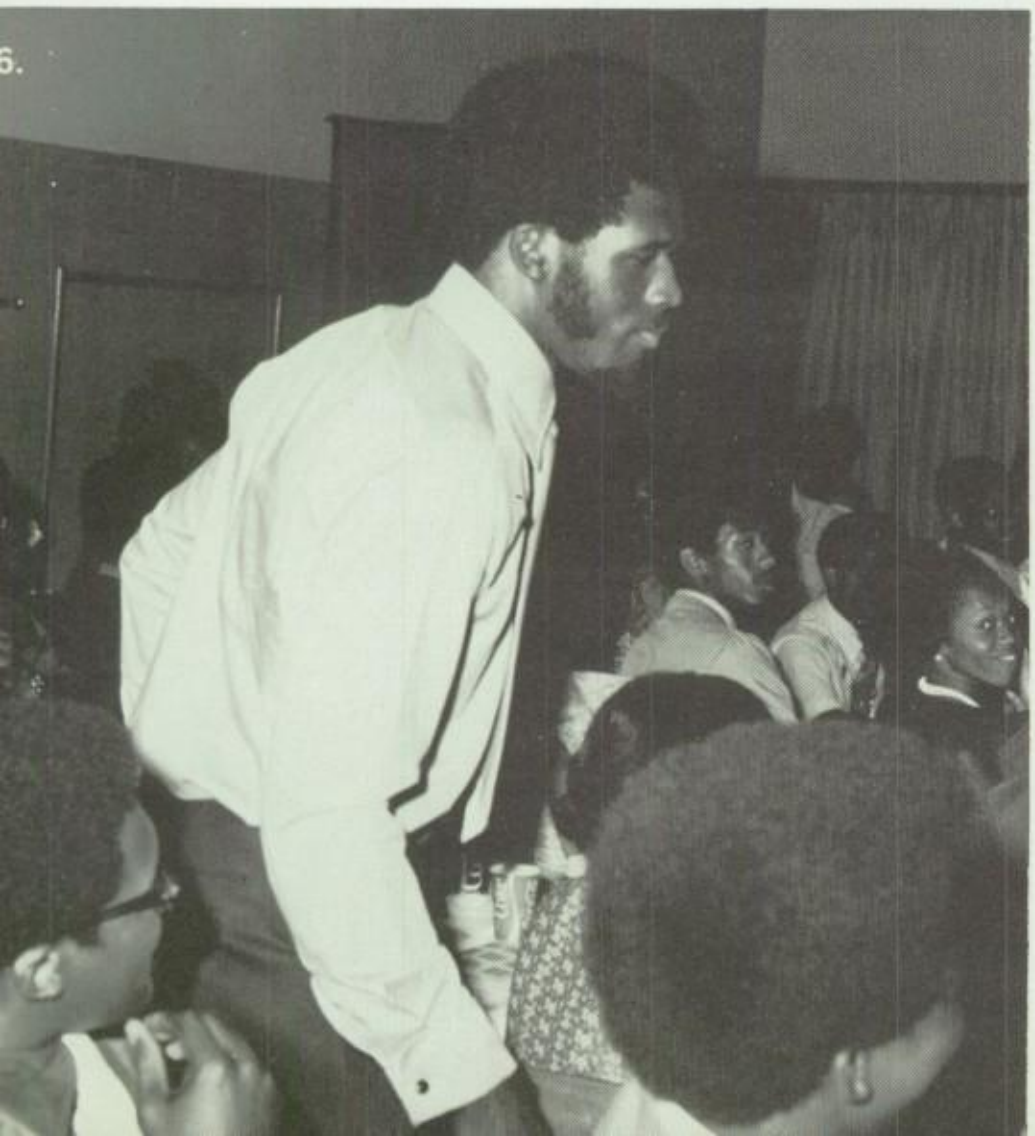
The special awards of the evening included the presentation of the trophies to the Outstanding Senior in each sport, the GAA All Around trophies, special presentations to the Track Relay Team, third in the State, and the Sprint Team, All City Award, and the 1972 Outstanding Senior Male Athlete trophy.

Below and on the following pages are some of the awards presented:

1. **WILLIE WASHINGTON** - Outstanding Senior in Football
2. **KELVIN KELLEY** -Varsity letter in Football
3. **KEITH THOMAS** - Varsity letter in Football
4. **WALTER WHITE, DARNELL DAWSON, CHRIS JONES** - 1972-73 Varsity Basketball Tri-Captains
5. **BENNY KENNEDY** - Outstanding Senior in Basketball
6. **JAMES CAMPBELL** - Outstanding Senior in Wrestling
7. **ANITA CARTER** - Fourth Year Swimming Medalist Trophy
8. **BARB BURCH** - Fourth Year Swim Team Trophy
9. **JEFF JOHNSON** - Outstanding Senior in Swimming

5.

7.



6.

8.

9.

"I'd like to present this trophy to our track coach, Mr. Bailey, on behalf of the team and myself in appreciation for all his help . . . to us, he's number one."

Don May

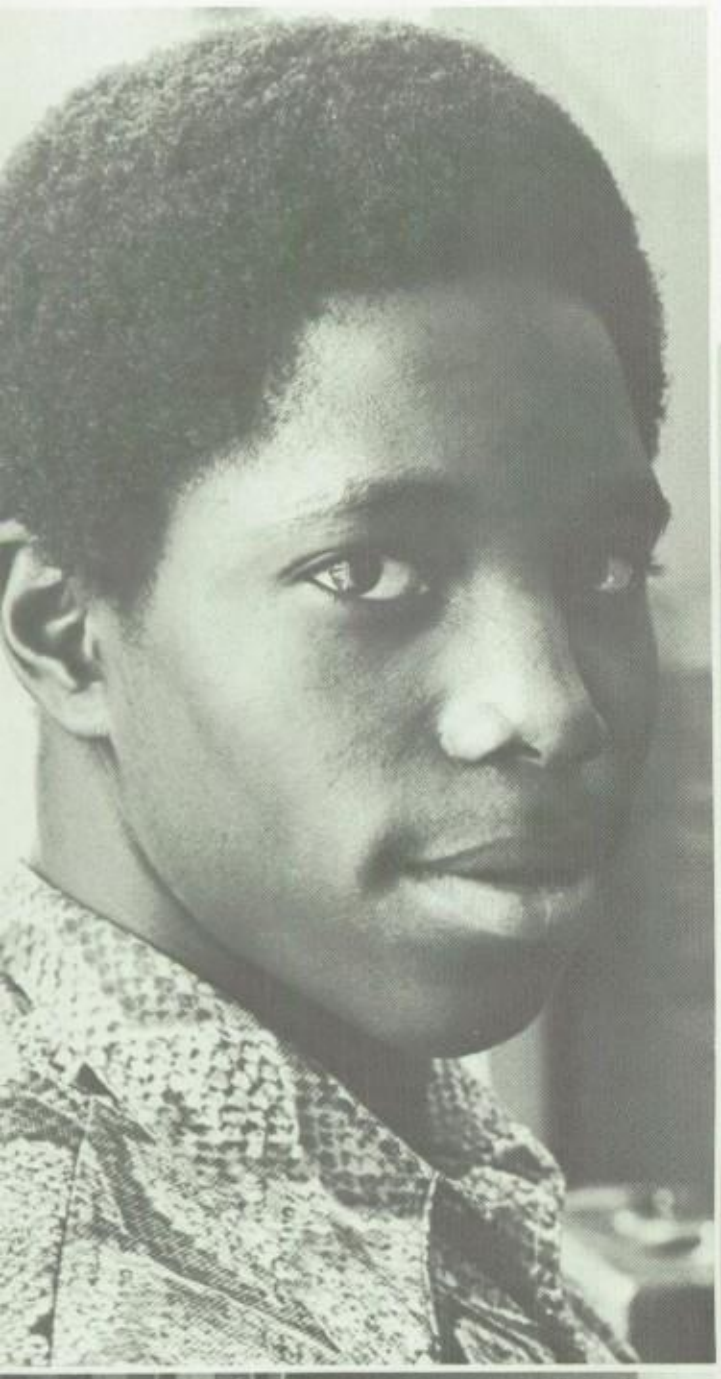
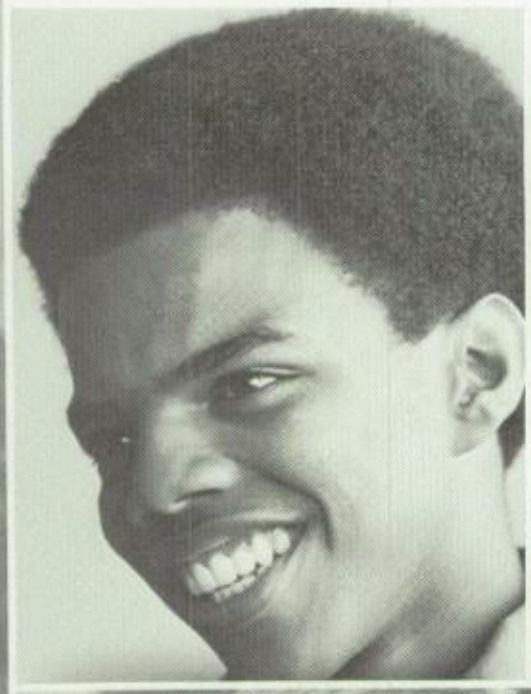
" . . . someone who has
the guts to tell you
when you're wrong."

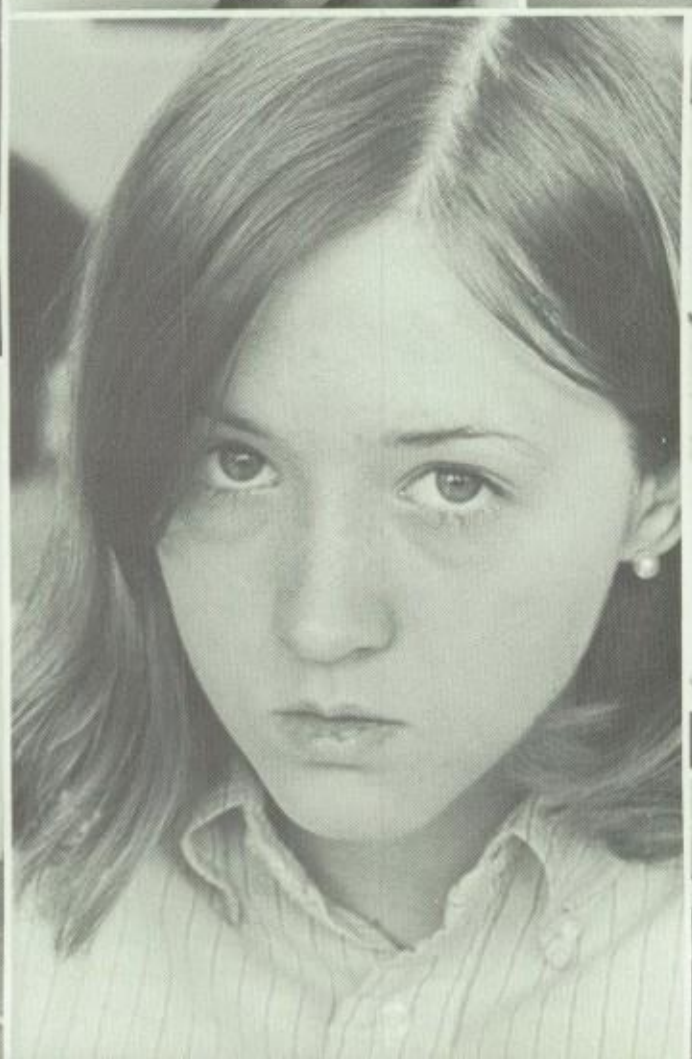
" . . . someone you can confide in."

"They are hard to find and harder to hold."

"We don't always have to agree, that's not
important. What is important
is that we understand each other."







Love is . . .

" . . . understanding, respect, loyalty, willingness to sacrifice for another."

" . . . life itself."

" . . . peace and togetherness."

" . . . sharing with
those you care about,
trying to make
them happy."

" . . . my lady."

" . . . the world united."

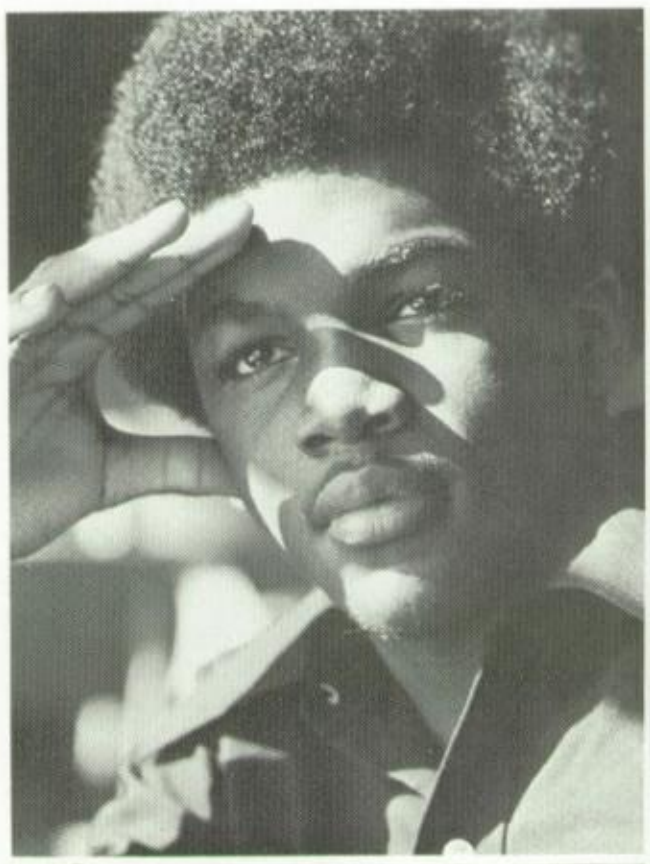
" . . . the emotion is too great
for the word."

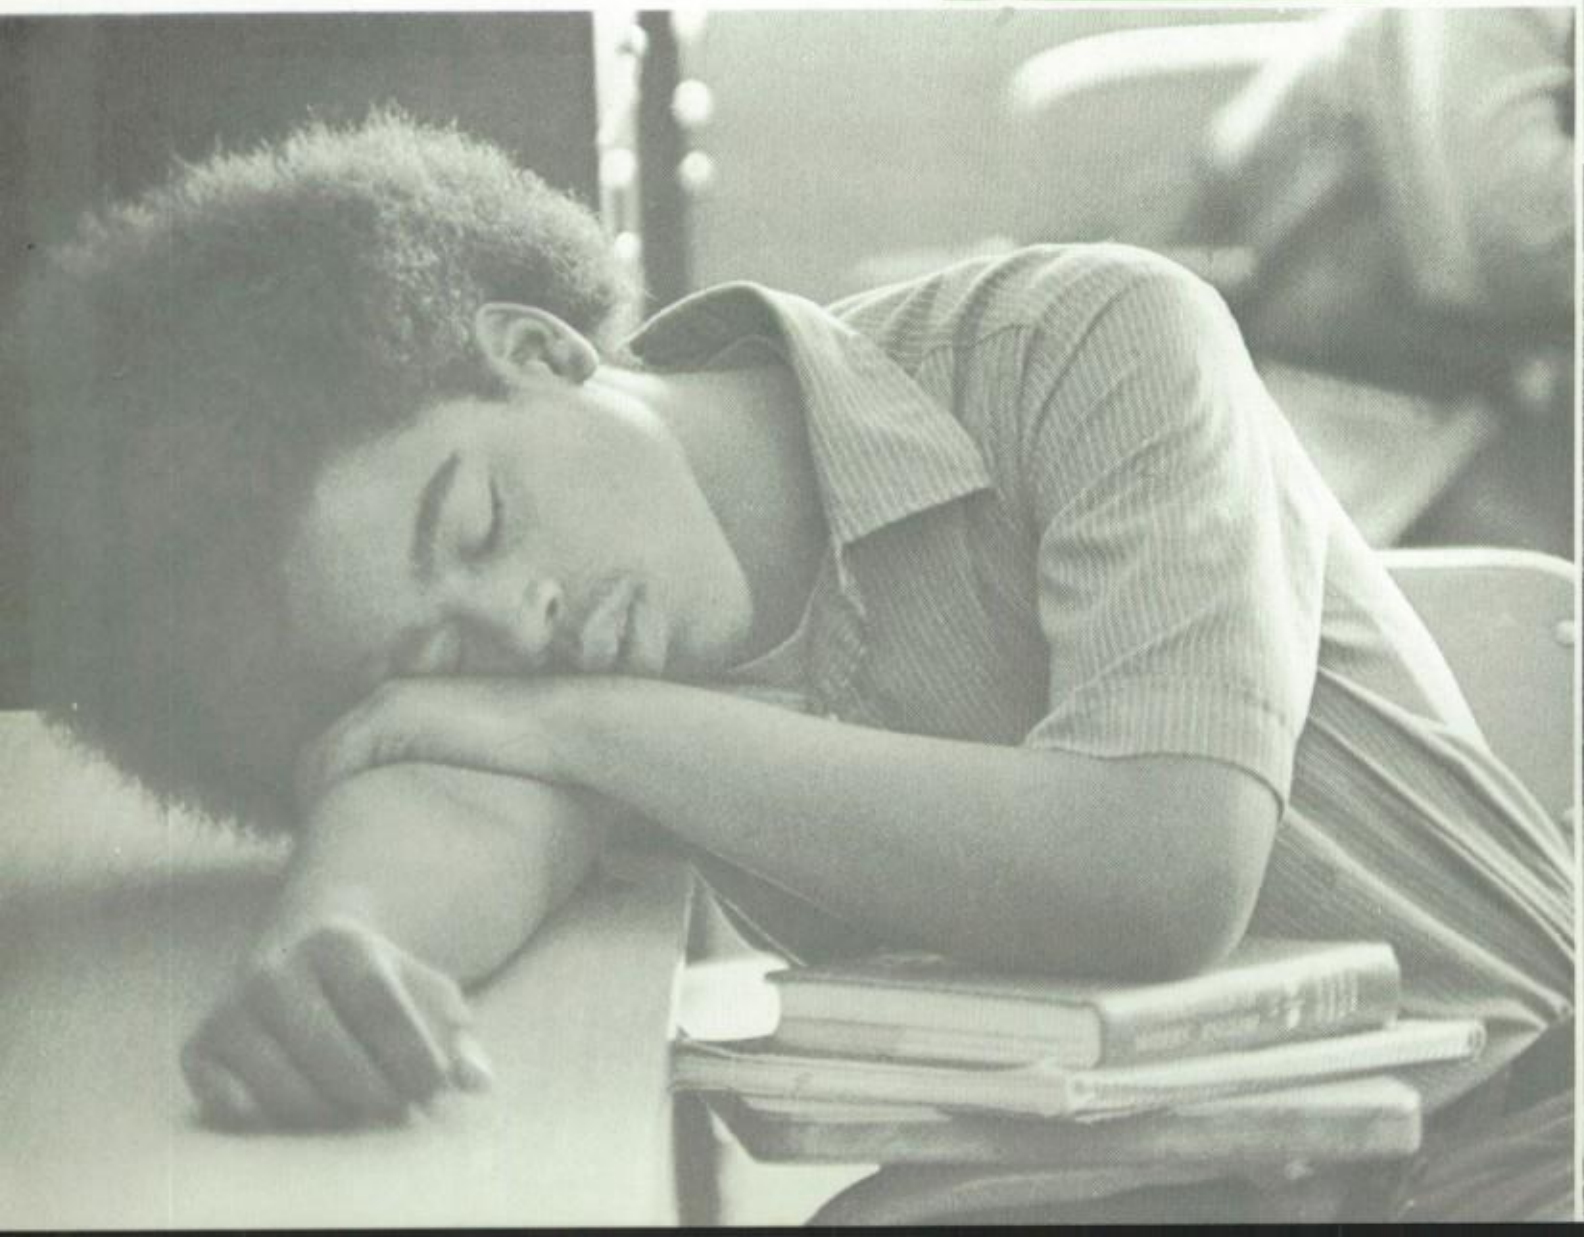
Far away there in the sunshine are my highest aspirations . . .

Happiness to me is . . .

" . . . a feeling inside, love and understanding."

" . . . being with your friends."

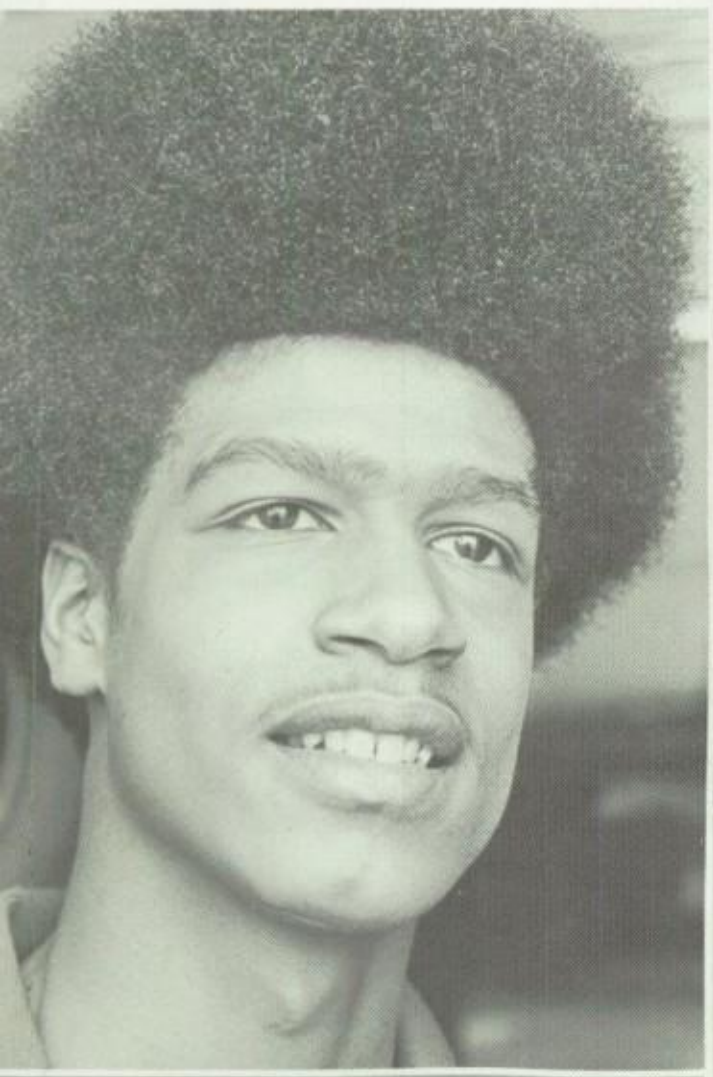


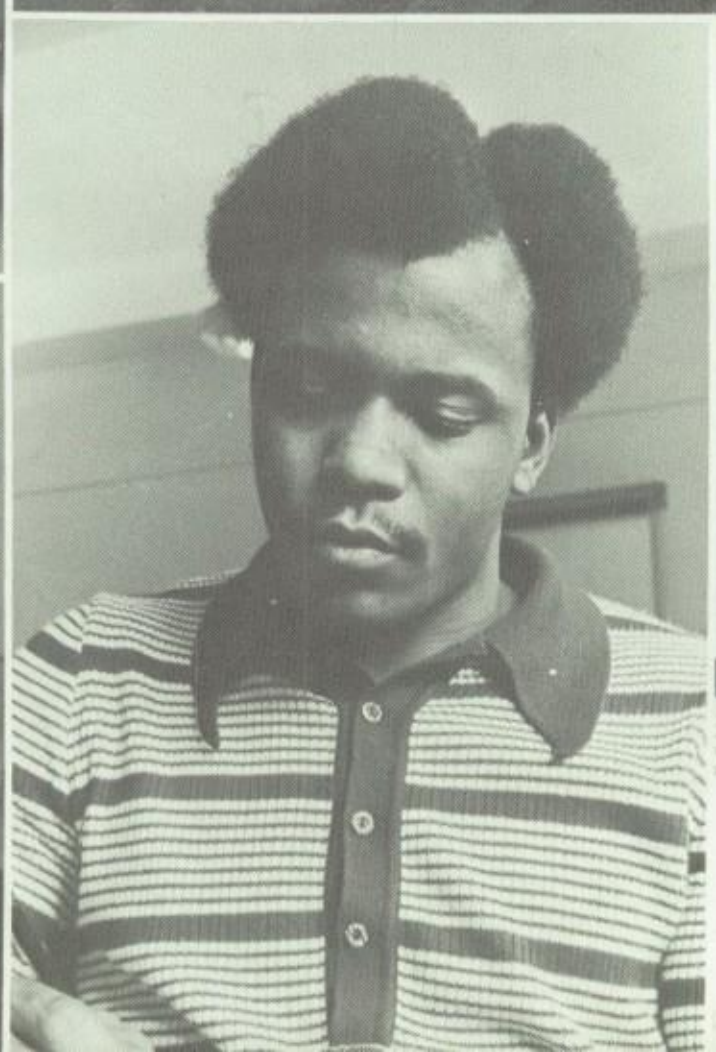


" . . . good times."

" . . . success in
the things
you do."

"Happiness is like a butterfly, when pursued
it's hard to catch, but if you sit down quietly it may
surprise you and alight upon you."



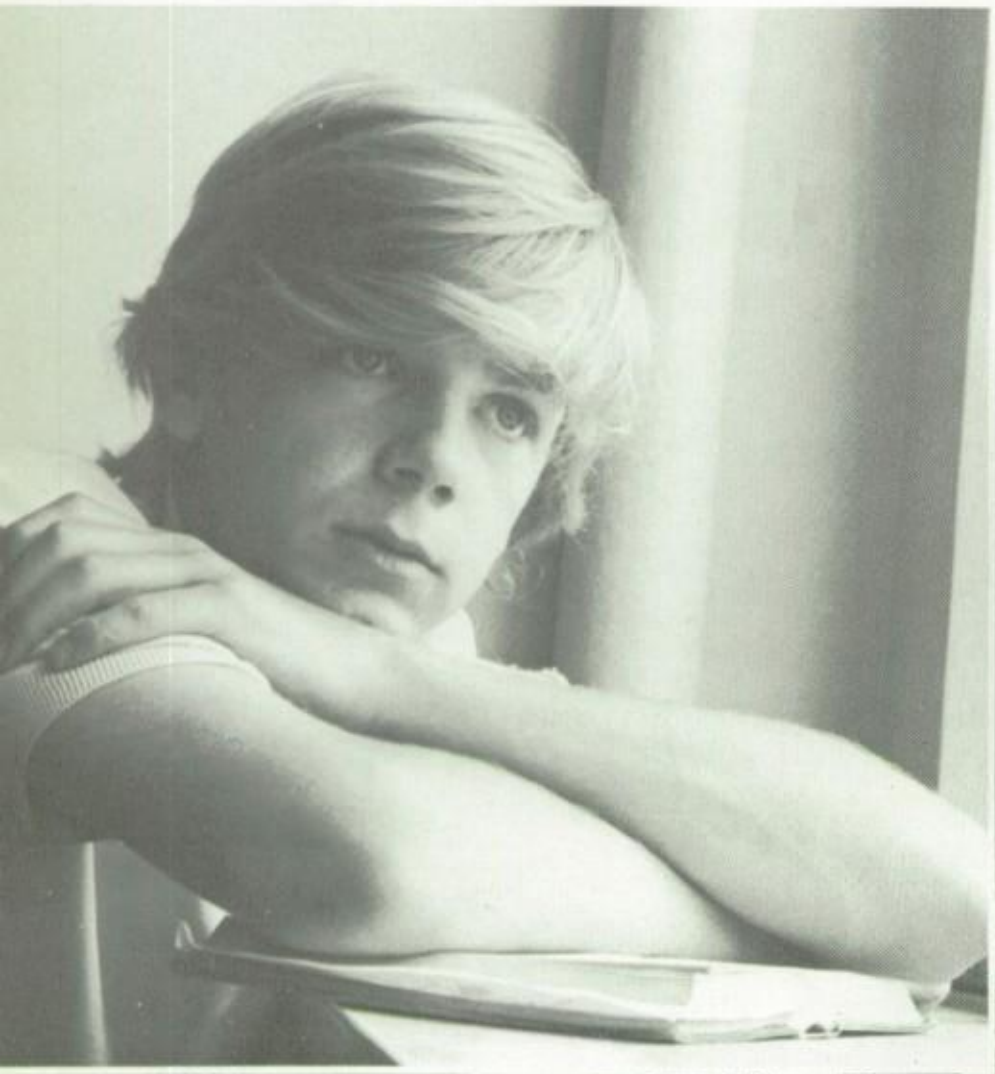


When I'm alone I think about . . .

" . . . the mistakes I've made, what I'm going to do later in life."

" . . . of my future and what kind of world my kids will live in."

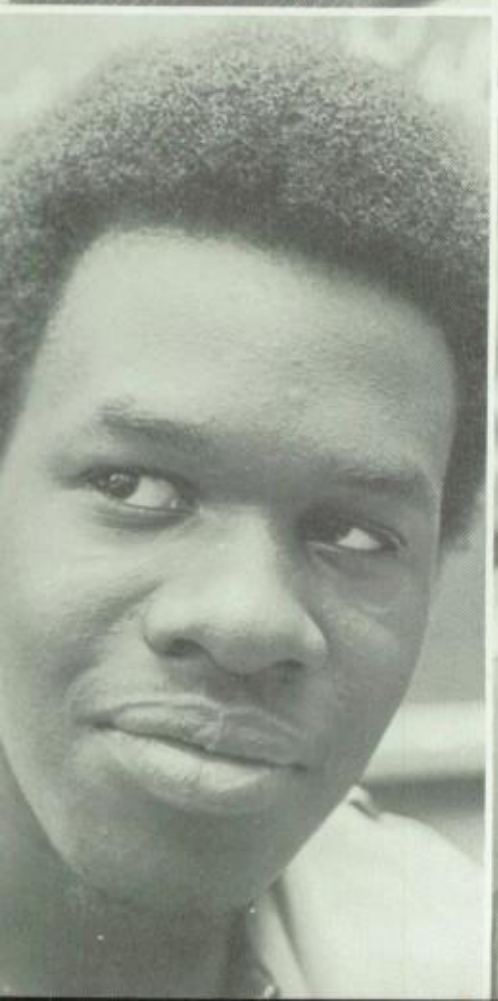
" . . . of the people closest to me, my boyfriend and my family. I sometimes think of this world and my life in general."



" . . . mostly about all the happy and
fun times I've had throughout the years
and some hard times."

" . . . about trying to keep up
with everything I've got to do."

" . . . how to improve my character
and complete my education to reach the
goals I'm determined to reach."



I guess what I hope for out of life is . . .

" . . . to be able to get a good job and live respectably."

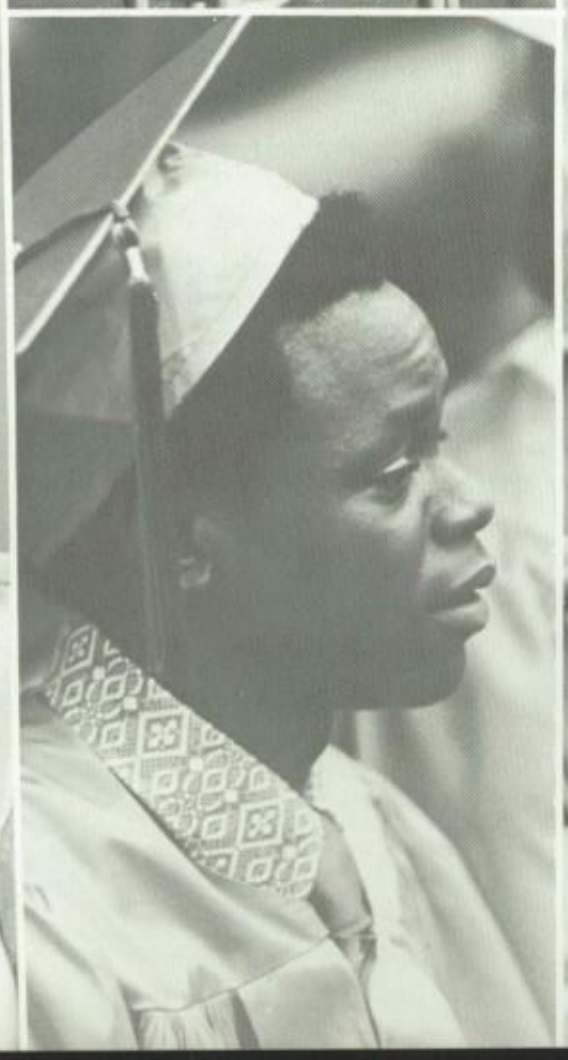
" . . . a family, a nice home in a nice neighborhood."

" . . . to help others."

" . . . to be someone in society."

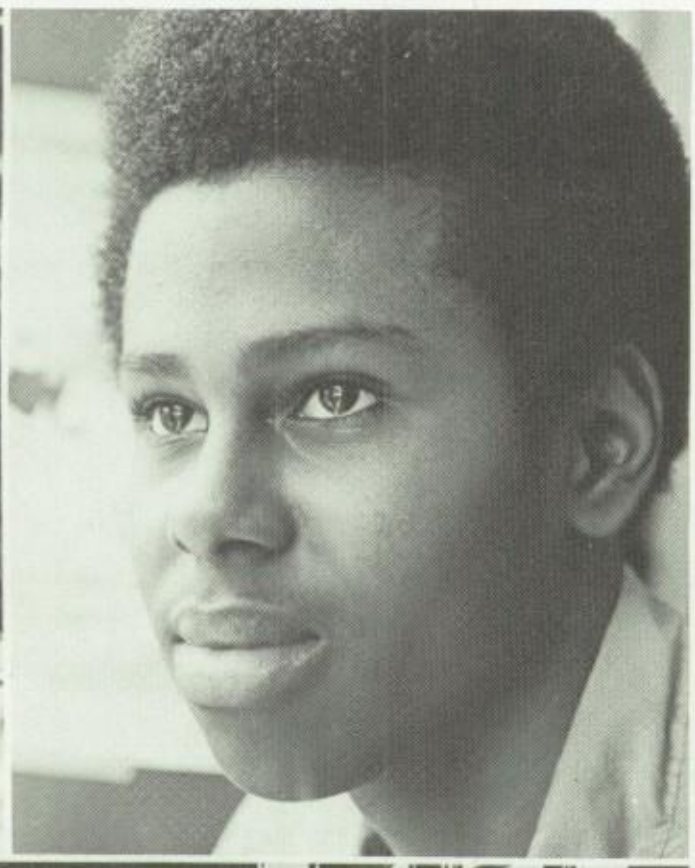
" . . . a rewarding life, memories, experiences, happiness, a complete life."

" . . . to see real peace and brotherhood someday."



Far away there in the sunshine are my highest aspirations. I may not reach them, but I can look up and see their beauty, believe in them, and try to follow where they lead.

Louisa May Alcott



"I am."

Acknowledgements

The 1972 PENDULUM is finally completed. Though it will undoubtedly be late, I hope that in the final analysis it will be judged worth waiting for. It would not have been possible without the help of various individuals. To these people the staff and myself wish to extend our thanks.

Mr. Sutton, Mr. Ward and Mr. Jones for their interest and cooperation with this year's book.

The faculty for letting us interrupt their classes and borrow their students.

The coaches and organization advisors for their assistance with their activities and groups.

The Varsity Basketball Team for having their picture taken more than the Milwaukee Bucks.

Mr. Bob Benedict from Buckeye School Photographers, for our underclassmen pictures.

Mr. Dick Chiara and the American Yearbook Company for their encouragement and patience.

Our advertisers, both student and commercial, for their support.

Mr. Ralph Hennie for all his help and for literally making his classes, my classes, during the year.

Mrs. Helen Kugel for handling the business end of the annual, and Mr. Thomas Grooms for being in charge of sales.

The approximately forty students who expressed themselves so beautifully for the opening and closing section copy of the book.

I personally would like to thank the yearbook staff members and the many students who were not on the staff but lent a helping hand anyway.

And finally special thanks to Pogue's Portrait Studio for our senior pictures, and Mr. John Mullaney and his staff at Osborne Photo Lab for the activity pictures and services given the '72 Pendulum. I'd like to mention in particular Mrs. Betty Megerle who was so cooperative and helpful during the year, and Osborne photographers Bob Buring, Bud Jeffries and Chuck Saalfeld for their many effors and the great pictures which appear in this book.

To the students of Courter Technical High School: this book is dedicated to you. I hope as you look through it in the months and years to come, it will bring a smile of remembrance about Courter, the year, and you.
